Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ferrara Candy Company 401(k) Plan which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Great-West Trust Company, LLC and Great-West Life & Annuity Company, the custodian's of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian's hold the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian's as of December 31, 2019 and for the year then ended that the information provided to the plan administrator by the custodian's is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and delinquent participant contributions, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2018 Financial Statements

The financial statements of Ferrara Candy Company 401(k) Plan as of December 31, 2018 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditor not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodians. Their report dated October 22, 2019, indicated that *(a)* because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements *(b)* the form and content of the information included in the financial statements other than that derived from the information certified by the custodians, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Ferrara Candy Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all eligible employees of Ferrara Candy Company, Inc., Ferrara Confections, LLC and Ferrara Snacks, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 30, 2018, the Company, along with the Ferrero Group ("Ferrero"), a related party, completed the acquisition of Nestlé USA's confectionary business in which Ferrara purchased Nestlé USA's non-chocolate confectionary brand portfolio and Ferrero purchased Nestlé USA's chocolate confectionary brand portfolio. As a part of this acquisition, certain former Nestle USA employees transferred into the Plan and became eligible to participate in the Plan following the Company's asset acquisition of certain Nestle plants and the transfer of its employees. These employees transferred in as new hires but preserved their original date of hire for vesting purposes and were given the option to rollover existing qualified plan account balances they held in Nestle plans.

On July 28, 2019, the Company, along with Ferrero, completed the acquisition of Kellogg's cookies, fruit snacks, pie crusts and ice cream cones businesses in which Ferrara purchased the fruit snacks portfolio and Ferrero purchased the cookies, pie crusts and ice cream cones portfolio. This resulted in approximately 663 legacy Kellogg Co. employees being transferred into the Plan who became eligible following the Company's asset acquisition of Kellogg Co. plants and the transfer of its employees. These employees transferred in as new hires and were given the option to rollover any existing balances they held in other plans. Rollovers from other plans are 100% vested when brought into the Plan. A majority of the 2019 rollover contributions recorded in the statement of changes in net assets available for benefits are related to former Kellogg employees. Loans for the former Kellogg employees were transferred to the Plan and are reflected as transfer into the Plan on the statement of changes in net assets available for benefits.

On September 23, 2019, the parent company of the Company acquired the Kelsen biscuit business from Campbell Soup Company. This resulted in approximately 10 legacy Campbell employees being transferred into the Plan who became eligible following the Plan sponsor's asset acquisition of Campbell plants and the transfer of its employees. These employees transferred in as new hires and were given the option to rollover any existing balances they held in other plans.

CONTRIBUTIONS

Participants may elect to contribute pre-tax earnings and/or Roth contributions up to current Internal Revenue Service ("IRS") regulations. Effective April 1, 2018, former Nestlé Employees and New Legacy Nestlé Confectionary Employees shall not be permitted to make Roth deferrals under the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All employees, except those who are members of a collective bargaining agreement and non-resident aliens, are eligible to enter the Plan after completing 30 days of service with the Company. Effective July 28, 2019 former Nestle employees, former Kellogg employees, and former Ferrero employees who shall be eligible for the Plan as soon as administratively feasible upon their employment commencement date. Eligible employees can enter the Plan immediately following the date the eligibility requirements are met. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan has auto-enrollment at an initial rate of 3%, with automatic deferral percentage increase up to 6% of compensation. Participants have 90 days to withdraw from the first auto deferral.

NOTE A - DESCRIPTION OF PLAN (Continued)

CONTRIBUTIONS (Continued)

The Plan was amended effective December 1, 2018 to revise the definition of eligible compensation, and to provide for a Company discretionary and non-elective contribution to former Nestle employees and new legacy Nestle Confectionary employees. The Plan was also amended effective July 28, 2019 to provide for a Company discretionary and non-elective contribution to former Kellogg employees and new legacy Kellogg employees. These discretionary, non-elective contributions are referred to as “employer special contributions”.

The Company makes a safe harbor employer matching contribution equal to 100% of a participant’s elective deferral not exceeding 1% of the participant’s compensation, plus 50% of each participant's elective deferrals in excess of 1% but not in excess of 6% of the participant's compensation. Additional amounts may be contributed at the option of the Company’s board of directors.

The Company made a discretionary employer special contribution to all eligible Kellogg, Kelsen and Nestle employees who were employed the last day of the year. The employer special contribution was based on a percentage of the employees 2019 annualized eligible compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s discretionary non-elective contributions and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is what can be provided from the participant’s vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. The vesting schedule for Company contributions beginning on January 1, 2015 was changed to 100% vesting after completing two years of service for the employer safe harbor matching contributions.

Vesting of non-elective contributions varies depending on the group of employees and their affiliated former employer prior to joining the Company as an employee. Vesting ranges from vesting after five years of service to being immediately 100% vested as defined in the Plan document.

Effective December 1, 2018, the Plan was amended for the discretionary and non-elective contributions given to former Nestle employees and new legacy Nestle Confectionary employees. These contributions become 100% vested after three years of service with the Company or an affiliated company. Therefore, these participants are vested at 0% until they complete 3 years of service at which point, they are 100% vested in the discretionary and non-elective contributions made for 2018 Plan year.

Effective July 28, 2019, the Plan was amended for the discretionary and non-elective contributions given to former Kellogg employees and new legacy Kellogg employees. These contributions become 100% vested after three years of service with the Company or an affiliated company. Therefore, these participants are vested at 0% until they complete 3 years of service at which point, they are 100% vested in the discretionary and non-elective contributions made for 2018 Plan year.

NOTE A - DESCRIPTION OF PLAN (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their account a minimum loan of $1,000 and up to a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. The participants may have one loan outstanding at any time.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant or his beneficiary may elect to receive a single lump-sum payment equal to the value of the participant's vested interest. For termination of services for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum payment.

FORFEITED ACCOUNTS

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $98,870 and $3,917, respectively. Forfeitures may be used to reduce future employer contributions or pay plan expenses. In 2019, $33,250 of forfeitures from forfeited non-vested accounts were used to reduce employer contributions and/or plan expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded.

PAYMENT OF BENEFITS

Benefit obligations are recorded when paid.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2020, the date which the financial statements were available to be issued. See Note J for information regarding the significant event that occurred subsequent to year end.

In addition, future contributions relating to legacy Nestle chocolate confectionary employees are scheduled to be transferred over to the Ferrero Group and related subsidiaries beginning on January 1, 2020 and will no longer be eligible for the Plan. Employees were also given the option to rollover existing qualified plan account balances they held in Ferrara plans.

NOTE C - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and all assets will be liquidated and paid to participants.

NOTE D - TAX STATUS

The IRS has determined and informed the Company by letter dated March 31, 2014. That the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and there, believe that the Plan is qualified, and the related trust in tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal or Illinois taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC and Great-West Life & Annuity Company (the custodians of the Plan).

NOTE F - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE F - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Registered investment companies: Valued at the net asset value (NAV) of shares, which are based on quoted market prices, held by the Plan as of the end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 120,357,538	$ -	$ -	$ 120,357,538
Investments at fair value				$ 120,357,538

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 58,031,032	$ -	$ -	$ 58,031,032
Investments at fair value				$ 58,031,032

NOTE G – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with Great-West Life & Annuity Company. Great-West Life & Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay principal and a specified interest rate that is guaranteed to the Plan. As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the investment custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates were 1.20% and 1.15% for 2019 and 2018, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE G – INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Trust Company, LLC and Great-West Life & Annuity Company, the custodians for the Plan and therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

NOTE J – SIGNIFICANT EVENT

Subsequent to year-end, an outbreak of a novel strain of coronavirus (COVID-19) has had a significant impact on the world economy. The impact to the Plan of the COVID -19 pandemic during 2020 has resulted in significant reductions in values to many investments of the Plan. It has also significantly decreased interest rates. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

The CARES Act is an approximately $2 trillion emergency economic stimulus package in response to the coronavirus outbreak, which among other things contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. In April 2020, the plan authorized changing distribution and loan administrative provisions as allowed by the CARES Act. The plan is currently evaluating the impact of the CARES Act on its plan provisions, operations and cash flows.
