SELMAN CHEVROLET'S 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Note 1 - Description of the Plan

The following description of the Selman Chevrolet's 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution plan with a 401(k)-arrangement covering substantially all employees of Selman Chevrolet Company (the Company or the employer) who have completed a minimum of six months of service and attained the age of 18 years. Participants may elect to contribute from 1% to 10% of their eligible compensation for the year. Highly compensated participants may elect to contribute from 1% to 6% of their eligible compensation for the year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Eligible participants may enter the Plan on the first day of each calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Participants Accounts - Each participant's account is credited with the participant's salary deferral contributions, an allocation of the Company's discretionary matching contributions and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

C. Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer discretionary matching contributions is based on years of continuous service. Participants vest in these accounts at a rate of 20% per year of service and are fully vested after five years of service.

D. Participant Loans - As of March 1, 1999, the initiation of new participant loans is no longer permitted.

E. Payment of Benefits - Upon termination of service, a participant can receive benefits equal to the value of his or her vested account balance through a single lump-sum payment, periodic installments or rollover into another qualified plan.

F. Forfeited Accounts – Forfeitures of terminated participants' non-vested accounts arising from Company contributions and related Plan earnings will be utilized first to reduce employer contributions, second to pay Plan expenses and third as distributions to participants. Forfeitures available to reduce future employer contributions at December 31, 2019 totaled $4.

G. Participant Investment options – Upon enrollment in the Plan, participants must direct their salary deferral contributions and their allocated share of employer contributions into various investment options as made available and determined by the Plan Administrator. The investment options are more fully described in the Plan's literature.

Note 2 - Summary of Significant Accounting Policies

A. Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Note 2 - Summary of Significant Accounting Policies (continued)

B. Estimates - The preparation of the Plan financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting periods. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in mutual funds are valued daily based on the respective fund's net asset value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Payment of Benefits - Benefits are recorded when paid.

E. Subsequent Events – The Plan has evaluated subsequent events through October 12, 2020 the date the financial statements were available to be issued.

Note 3 – Funding Policy

Participants may contribute from 1% to 10% of their eligible compensation for the year. Highly compensated participants can contribute 1% to 6% of their eligible compensation. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Generally, any participant who contributes to the Plan, other than a rollover, is eligible for the discretionary matching contribution. Each year the Company may contribute to the Plan a matching amount, if any, which the Company's Board of Directors determines at its discretion. The contribution can be in an amount up to 20% of each participant's first 4% of compensation contributed as an elective deferral for the Plan year. Effective February 1, 2009 the Company suspended the matching contribution accordingly there were no employer matching contributions for the year ended December 31, 2019.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. As of February 1, 2009, the Company discontinued its matching contributions.

Note 5 – Information Certified by Bank of America N.A.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the following information certified by Bank of America N.A. (Bank of America), trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the components and fair value of the participant-directed investments in this Plan that was certified by Bank of America as complete and accurate.

	2019	2018
Fair value as determined by quoted market prices:		
Mutual Funds	$ 9,001,376	$ 7,457,836
Cash (noninterest-bearing)	25	-
Total	9,001,401	7,457,836

Bank of America also certified the completeness and accuracy of $1,354,003 of net appreciation in fair value of investments, $6,849 of interest and $370,189 of dividends related to the aforementioned investments for the year ended December 31, 2019.

Note 6 - Tax Status

The Company has adopted a non-standardized form of a prototype plan sponsored by Merrill Lynch Pierce Fenner & Smith, Inc. The prototype plan has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The Company has not adopted any provisions outside the scope of the prototype plan and the Company believes that the Plan and the Trust established under the Plan are designed and are currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the Unites States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value investments.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 9 – Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

December 31, 2019

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 9,001,376	$ -	$ -	$ 9,001,376
Investments at fair value	$ 9,001,376	$ -	$ -	$ 9,001,376

December 31, 2018

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 7,457,836	$ -	$ -	$ 7,457,836
Total assets at fair value	$ 7,457,836	$ -	$ -	$ 7,457,836

Note 10 – Related Party and Party-in-Interest Transactions

Certain Plan investments are mutual funds managed by affiliates of Bank of America N.A. Bank of America N.A. is the trustee and record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid services fees to Bank of America N.A. amounting to $4,460 during 2019.

Note 11 Subsequent Event

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of the Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
