The assets of the plan covering the previous IDN, Inc. employees were transferred to the plan covering the previous employees of IDN—H. Hoffman, Inc. and IDN Hardware Sales, Inc. on December 17, 2018. At that time, the plan was renamed the IDN Global, Inc. 401k) Plan, and amended and restated. Terms of the amended and restated plan are similar to the prior two plans which were in place. Any differences in existing terms of transactions with participants which were in place at the time of the amended and restated plan in comparison with the prior plans were grandfathered in.

CONTRIBUTIONS

Each year, participants may contribute a percentage of their pretax and/or Roth annual compensation, as defined in the Plan, up to the maximum allowable under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common trust fund as investment options for participants. The Company has the option of making matching and profit sharing contributions on behalf of participants. The Company matched 50 percent and 40 percent of a participant's contribution, limited to the first five percent of base compensation that a participant contributes to the Plan for 2019 and 2018, respectively. During the years ended December 31, 2019 and 2018, matching contributions totaled $315,124 and $129,606, respectively. The Company elected not to make a profit sharing contribution for 2019 and 2018. Contributions are subject to certain statutory limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, and an allocation of the Company's discretionary profit-sharing contribution, if applicable, and Plan earnings. Allocations are based on participant contributions, plan compensation, or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1—PLAN DESCRIPTION (Continued)

VESTING

Participants are 100% vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

PAYMENT OF BENEFITS

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

FORFEITURES

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $11,367 and $3,623, respectively. Forfeitures are used to reduce future employer contributions and pay plan expenses. Forfeitures utilized to pay plan expenses were $-0- and $2,489 for 2019 and 2018, respectively.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared using the accrual basis of accounting.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments held by a defined contribution plan are required to be reported at fair value, except for those investments with contract values, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Investments other than the T. Rowe Price Stable Value Common Trust Fund are stated at fair value as of December 31, 2019 and 2018.

The T. Rowe Price Stable Value Common Trust Fund ("Fund") is invested primarily in guaranteed investment contracts ("GIC's"). GIC's are fully benefit-responsive investment contracts. The Fund is stated at contract value (principal balances of the contracts, plus accrued interest at the stated rate, less payments received and contract changes by the insurance company), which is the approximate fair value, as determined by T. Rowe Price. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The actual weighted average interest crediting rate of the Fund was 2.51% and 2.55% for the years ended December 31, 2019 and 2018, respectively.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Prior to the Plan's assets being transferred to T. Rowe Price during December of 2018, the Plan was invested in a traditional fully benefit-responsive guaranteed investment contract with American United Life Insurance Company (AUL). The crediting interest rate was based on a formula agreed upon with the issuer. This interest rate was determined at the beginning of each quarter. The average yield earned and credited to the Plan participants was 3.00% for the year ended December 31, 2018.

Net appreciation (depreciation) on investments held represents the change in market value of the investments from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation of fair value of investments. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE 3—FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below.

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Level 1 Fair Value Measurements—The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 and Level 3 Fair Value Measurements—Level 2 and Level 3 Fair Value Measurements are not applicable to the Plan for 2019 and 2018.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019.

Assets at Fair Value as of December 31, 2019

	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	$ 23,449,041	$ 23,449,041	$ —	$ —

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018.

Assets at Fair Value as of December 31, 2018

	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	$ 19,903,023	$ 19,903,023	$ —	$ —

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2019 and 2018, there were no transfers between Levels 1 and 2.

NOTE 4—INFORMATION CERTIFIED BY TRUSTEE AND CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price and AUL, the current and former trustees of the Plan have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Investments, as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

b. Investment income, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

c. The schedule of assets (held at end of year) as of December 31, 2019, as shown on Schedule H – Line 4(i).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5—NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rates are set at rates that are commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

NOTE 6—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. In addition, the majority of the expenses of the Plan are paid by the Company.

Certain Plan investments are shares of mutual funds and a common trust fund managed by T. Rowe Price. T. Rowe Price is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Fees incurred by the Plan for 2018 also include amounts paid for services by AUL, the prior custodian of the Plan's assets.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. If the Company should decide to terminate the Plan, participants would become 100% vested in the Company contribution portion of their accounts.

NOTE 8—TAX STATUS

The Plan is based on the T. Rowe Price Retirement Plan Services, Inc. Document Agility, Inc. Volume Submitter 401(k) Savings/PS Plan which received an advisory letter from the IRS dated August 2, 2017, stating that the volume submitter plan is designed in accordance with the provisions of the IRS. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with, the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10—SUBSEQUENT EVENTS

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Management has evaluated subsequent events through October 13, 2020, the date which the financial statements were available for issue. There were no subsequent events which require disclosure.
