Note 1. Plan Description

The following description of the Cozzini Bros., Inc. Employees' Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing and savings plan organized in accordance with Section 401(k) of the Internal Revenue Code (IRC). It was established for the benefit of the employees of Cozzini Bros., Inc. (the Company), except those employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustees are responsible for oversight of the Plan.

Capital Bank and Trust Company was the former trustee of the Plan, for the period January 1, 2019 to June 26, 2019, and as of December 31, 2018. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, is the current trustee of the Plan, from June 27, 2019 to December 31, 2019 and as of December 31, 2019. The net assets held in the Plan as of December 31, 2018 transferred to the current trustee on June 27, 2019.

Eligibility: Employees are eligible to begin making salary deferral contributions and are eligible for Company matching contributions on the first day of each month of the Plan year after completing sixty days of service.

Employees are eligible for Company discretionary profit sharing contributions after completing sixty days of service. In addition, they must complete 1,000 hours of service during the plan year and be employed on the last day of the plan year in order to share the allocation of the profit sharing contributions. Participants who terminate employment due to death, disability or reaching normal retirement do not have to satisfy the eligibility requirements in order to share the allocation of the profit sharing contributions.

Contributions: Each participant may elect to make contributions to the Plan through payroll deductions, up to the maximum amount allowed by the IRC, limited to $19,000 in 2019. Participants age 50 and over may make catch-up contributions up to an additional $6,000. Participants may also contribute amounts representing distribution from another qualified plan (rollovers).

Company matching contributions are discretionary. Such amounts are credited among the accounts of participants who had made employee deferral contributions during the year. For the year ended December 31, 2019, the Company matching contribution for all participants was equal to 15% of participants' contributions up to a maximum of $300 per participant. The Company's matching contributions during 2019 were $29,503.

Profit sharing contributions to the Plan are made at the discretion of the Company's Board of Directors for the benefit of all employees. As of the year ended December 31, 2019, the Company did not make a profit sharing contribution.

Participant accounts: A separate account is maintained for each participant. Each participant's account balance is credited with the participant's contributions, Company matching contributions, and receives an allocation of the Company's profit sharing contributions, if any, plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: The Plan provides that participants may elect to invest their account balances in a variety of investment choices. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in the portion of their account attributable to their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of service. A participant becomes vested in Company contributions and related earnings on a graded vesting schedule of 20% per year of service with 0% vested balance for service of less than 2 years. A participant is fully vested in the Company's contributions after six years of credited service, as defined. Participants become fully vested in their accounts in the event of death, disability, or retirement at designated ages for normal retirement.

Forfeitures: Forfeiture of nonvested Company matching and profit sharing contribution accounts are deemed to occur in the year the participant receives a distribution of the vested portion of their account balance, in the year of termination of service if the participant has no vested service, or after five years if the terminated participant was partially vested but did not receive a distribution.

At December 31, 2019 and 2018, forfeited nonvested accounts amounted to $8,747 and $7,918, respectively. These amounts are used to reduce the Plan's administrative expenses or to reduce Company contributions. During 2019, $705.22 in forfeitures were used to reduce the Plan's administrative expenses or to reduce Company contributions.

Notes receivable from participants: The Plan may make loans to participants at prevailing market interest rates and in accordance with plan provisions. The minimum amount of a loan is $1,000 up to a maximum equal to the lesser of (1) $50,000, reduced by the participant's highest outstanding loan balance in the preceding twelve months, or (2) one-half of the participant's vested account balance. Loan terms are available up to five years, or longer if used to purchase a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a fixed rate, not to exceed 2% over the prime rate at the time of loan origination. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits: On termination of service, a participant may elect to receive the vested portion of his or her account either in a full or partial lump-sum amount or in equal installments over a period not exceeding the life expectancy of the participant or the life expectancy of the participant and his or her designated beneficiary. If the account balance exceeds $1,000, a terminated participant may elect to postpone the distribution of the account balance to a later date subject to limitations by law related to the attainment of age 70½. The Plan provides for in-service withdrawals of a portion of a participant's account in the event of hardship, as defined in the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 3 for discussion of fair value measurements.

Note 2. Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for direct investments in fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to plan administration are charged directly to participant accounts and are included in administrative expenses.

Recent accounting pronouncements: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Company is currently evaluating the impact of this new standard on its financial statements.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 3. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in 2019 and 2018:

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 4,673,203	$ -	$ -	$ 4,673,203
Investment measured at net asset value [(a)]				-
Investments at fair value				$ 4,673,203

	2018			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 3,294,738	$ -	$ -	$ 3,294,738
Investment measured at net asset value [(a)]				156,236
Investments at fair value				$ 3,450,974

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 3. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on the NAV per share, which is used as a practical expedient to determine fair value, as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan:

	Fair Value		Unfunded	Redemption	Redemption
	2019	2018	Commitment	Frequency	Notice Period
Units of common/collective trust:	$ -	$ 156,236	None	Daily	12 months

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Note 4. Investment Contract with Great-West Life & Annuity Insurance Company

The Plan holds an investment in Key Guaranteed Portfolio Fund, a fully benefit-responsive guaranteed income fund contract with Great-West Life & Annuity Insurance Company (Great-West). The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent.

As the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West represents contributions made under the contract plus the average and actual interest income of 1.20% for the period from January 1, 2019 through December 31, 2019, as determined by Great-West, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Changes in future interest crediting rates will not affect the amount reported on the statements of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to a contract value as fair value is considered book value less early withdrawal charge.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Note 4. Investment Contract with Great-West Life & Annuity Insurance Company (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date unless agreed upon by both parties.

Note 5. Information Certified and Provided by Capital Bank and Trust Company, the former Plan Trustee, and Great-West Trust Company, the current Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the current trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate as of December 31, 2019, and for the period from June 27, 2019 through December 31, 2019. The Plan Administrator has also obtained certifications from the former trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate as of December 31, 2018 and for the period from January 1, 2019 through June 26, 2019. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets and income:

	2019	
The following was certified by current trustee:		
Shares of registered investment companies, at fair value	$ 4,673,203	*
Guaranteed income fund, at contract value	$ 138,361	**

Net appreciation in fair value of investments	$ 179,059	*
Dividends	$ 149,649	*
Interest income on notes receivable from participants	$ 4,138	*

* The above information has been certified by Great-West Trust Company, LLC as complete and accurate
** The above information has been certified by Great-West Life & Annuity Insurance Company as complete and accurate

Note 5. Information Certified and Provided by Capital Bank and Trust Company, the former Plan Trustee, and Great-West Trust Company, the current Trustee (Continued)

	2019	2018
The following was certified by the former plan trustee:		
Shares of registered investment companies, at fair value	$ -	$ 3,294,738
Units of common/collective trust, at fair value	$ -	$ 156,236
Notes receivable from participants	$ -	$ 112,691
Net appreciation in fair value of investments	$ 441,734	
Dividends	$ 30,271	
Interest income on notes receivable from participants	$ 2,829	

Note 6. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7. Income Tax Status

Effective January 1, 2015, the Plan adopted a volume submitter plan document sponsored by HPL&S Inc. The volume submitter plan has obtained a favorable opinion letter in which the Internal Revenue Service stated that the volume submitter plan is in compliance with the applicable section of the IRC. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan was most recently amended December 7, 2016. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party Transactions

The Plan has certain investments managed by Great-West, the trustee or affiliate thereof; therefore, these transactions qualify as party-in-interest transactions. Great-West also performs administrative and recordkeeping services for the Plan. The administrative and recordkeeping expenses paid by the Plan to Great-West were $5,346 for 2019. Administrative and recordkeeping expenses paid by the Plan to Capital Bank and Trust, the former custodian of the plan, were $819 for 2019.

Certain employees of the Company provided administrative services to the Plan. These employees are not compensated for such services.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 4,968,198	$ 3,549,288
Shares of registered investment companies	138,361	(7,919)
Guaranteed income fund	(138,361)	-
Units of common/collective trust	-	7,919

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2019:

Decrease in net assets available for benefits per the financial statements	$ 1,418,910
Employee contributions	6,009
Participant contributions	(1,274)
Interest - participant loans	(784)
Benefits paid to participants	(4,296)
Interest on guaranteed investment contract	(834)
Dividends	990
Investment gains	(11)
Other income	16
Fees	130
Corrective distributions	(14,377)
Decrease in net assets available for benefits per Form 5500	$ 1,404,479

Note 11. Prohibited Transactions

During 2019, the Company inadvertently failed to deposit $40,442 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. The Plan sponsor deposited lost earnings in the amount of approximately $86 to correct this failure. The plan sponsor will file Form 5330 and pay the applicable excise tax in 2020. The excise tax payments will be made from the Plan sponsor's assets and not from the assets of the Plan.

Note 12. Subsequent Events

The Plan sponsor has evaluated subsequent events through October 13, 2020, the date which the financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan sponsor operates.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. The Plan's investments have experienced significant changes in fair values because of volatility in the market in 2020 due to the uncertainty caused by the pandemic.

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including those related to investment valuations.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic.
