Note 1. Description of the Plan

The following description of The Centers for Families and Children Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of The Centers for Families and Children (The Centers), El Barrio, Inc., and Circle Health Services, as defined by the Plan.

To be eligible to make employee contributions to the Plan, employees must meet the definition of a covered employee, as defined in the Plan agreement. To be eligible to participate in employer contributions, the participant must be twenty-one years of age or older and have at least one year of service. In addition, for purposes of employer contributions, eligible employees may join the Plan on semi-annual entry dates of January 1 and July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: The Centers automatically withholds 2% from a covered employee's compensation and contributes this amount to the Plan as employee contributions, unless the employee elects otherwise. Participants may designate all or a portion of contributions as Roth 401(k) contributions. Contributions may not exceed the annual maximum permitted under the applicable section of the Internal Revenue Code. Participants who attain age 50 before the end of the Plan year are eligible to contribute additional catch-up contributions. In addition, participants may contribute amounts representing eligible rollover distributions from other qualified plans.

For those eligible employees, the employer contribution is integrated with the published U.S. Social Security Wage Base. For bargaining unit employees, The Centers may make discretionary contributions not to exceed 5.0% of eligible base compensation plus an additional 4.3% of eligible compensation that exceeds a portion of the Social Security Wage Base. For non-bargaining unit employees, The Centers will, at its discretion, make a Safe Harbor non-elective contribution of 3% plus an additional non-elective contribution of 2% of eligible base compensation. At The Centers' discretion, an additional non-elective contribution of 2% of eligible compensation that exceeds a portion of the Social Security wage base can also be made.

All contributions are remitted to the trust after each pay period. Contributions are invested by the Plan's trustee and custodian, as directed by the employees, in one or more of the participant-directed funds. Participating employees may elect to change investment direction at any time. Earnings, interest and dividends received from investments in each fund are invested in the fund in similar assets.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the employer contributions and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of the Plan (Continued)

Vesting: Participants are immediately vested in their employee contributions.

A bargaining unit participant's vested interest in the employer's contributions, along with any earnings on those contributions, shall be determined in accordance with the following schedule:

<u>Years of vesting service:</u>	<u>Vested Interest</u>
Less than 1	0%
1 but less than 2	33-1/3%
2 but less than 3	66-2/3%
3 or more	100%

A non-bargaining unit participant's vested interest in the safe harbor contributions is always 100%. For all other employer contributions, a non-bargaining unit participant's vested interest is 0% prior to completion of 3 years of vesting service. Upon completion of 3 years of vesting service, the vested interest is 100%.

Payment of benefits: On termination of services due to death, disability, or retirement, a participant will receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum amount.

Administrative expenses: Administrative fees related to the Plan are paid by The Centers or the Plan at the option of The Centers.

Forfeitures: At December 31, 2019 and 2018, unallocated forfeitures from nonvested and partially vested participants totaled \$73,027 and \$18,657, respectively. Forfeiture dollars, as of the last day of the Plan year in which the forfeiture occurs, shall be applied first against Plan expenses and then against the Employer contribution obligations. During the year ended December 31, 2019, \$30,000 of forfeitures were used. The Centers intends to use the balance of unallocated forfeitures at December 31, 2019 to reduce Plan expenses in 2020.

Plan termination: While The Centers has not expressed any intentions to discontinue the Plan, it can do so subject to the provisions of ERISA. In the event of termination of the Plan, the amounts allocated to the individual participant accounts would become 100% vested and paid to the participants.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans may not be made from the portion of the participant's account attributable to employer contributions. The loans are secured by the balance in the participant's account and bear interest at varying rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan uses the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition: Purchases and sales of securities are recorded on a settlement date basis. Interest and dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits to participants are recorded when paid.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Note 3. Information Certified and Provided by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee and custodian that information provided to the Plan Administrator by the trustee and custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

	2019	2018
Registered investment companies	\$ 12,325,805	\$ 10,774,323
Guaranteed investment contract	\$ 1,951,380	\$ 2,638,702

The trustee and custodian also certified to the completeness and accuracy of the following for the year ended December 31, 2019:

Net appreciation in fair value of investments	\$ 1,504,773
Interest and dividends	\$ 1,037,936

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**The Centers for Families and Children
Defined Contribution Retirement Plan**

**Notes to Financial Statements
(Modified Cash Basis)**

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,325,805	\$ -	\$ -	\$ 12,325,805

	2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,774,323	\$ -	\$ -	\$ 10,774,323

Note 5. Investment with Insurance Company

The Plan has a benefit-responsive traditional investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**The Centers for Families and Children
Defined Contribution Retirement Plan**

**Notes to Financial Statements
(Modified Cash Basis)**

Note 5. Investment with Insurance Company (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate of 0%, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

There are no events which limit the ability of the Plan to transact at contract value with the issuer. Either party to the contract may terminate the agreement prior to the scheduled maturity date with at least 60 days advance written notice to the other party.

Note 6. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor, by a letter dated February 22, 2011, that the Plan is qualified and the trust established under the Plan is tax-exempt under Section 401(a) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan and trust are operating in a manner that does not jeopardize this tax status.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies and a guaranteed investment contract managed by affiliates of Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services provided by the trustee and the investment advisor amounted to \$52,428 and \$30,000, respectively, for the year ended December 31, 2019.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Approximately 14% and 20% of the Plan's investments are held in a guaranteed investment contract with Great-West Life & Annuity Insurance Company at December 31, 2019 and 2018, respectively. As such, this is considered to be a concentration of credit risk.

Note 9. Subsequent Event

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. This has caused significant volatility within the Plan's investment portfolio. The extent to which the coronavirus impacts the performance of the Plan's investment portfolio will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and actions taken to contain the coronavirus or its impact, among others.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans, including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over age 70 ½ can be omitted for 2020.

No other subsequent events were identified through October 13, 2020, the date these financial statements were available to be issued.
