INVENTRUST PROPERTIES CORP. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the InvenTrust Properties Corp. (Company) Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company, except union employees, employees of a controlled group, temporary or seasonal employees and independent contractors, who are age 18 or older. Employees are eligible for enrollment on their date of hire. Employees failing to complete a deferral election form will be automatically enrolled in the Plan upon reaching eligibility, starting with an automatic deferral of 4% of eligible compensation as a contribution. In subsequent years, these participants have their contributions automatically increased by 1% of eligible compensation annually (up to a total of 10%). Participants can opt out or change contribution amounts at any time. To participate in the employer matching portion and employer non-elective portion of the Plan an employee must meet the same eligibility requirements as for employee deferral contributions. The Plan was created March 28, 2015, when the Company was formed from a spin-off of Inland American Real Estate Trust, Inc. (Inland). Inland employees who became employees of the Company had their investment balances transferred from the Inland retirement plan into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors oversees governance of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is administered by TransAmerica Retirement solutions, LLC (TransAmerica).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan agreement. Participants may elect to make pre-tax or Roth deferral contributions. As the two options have no differences once contributed to the Plan, they will be herein referred to as a single type of contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches 100% of an employee's annual deferral contributions, up to a maximum of \$6,000. The Company made matching contributions of \$455,648 to the Plan during the year ended December 31, 2019. Additional discretionary non-elective contributions may be contributed at the option of the Company's Board of Directors and are allocated based on the participants' compensation relative to total compensation of those eligible for a contribution allocation. During the year ended December 31, 2019, the Company made no discretionary non-elective contributions to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INVENTRUST PROPERTIES CORP. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant vests at 25% per year of service and is 100% vested after four years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime rate, as defined. Principal and interest is paid ratably through payroll deductions. A participant may only have one loan outstanding at any given time. Loans must be repaid within five years unless the loan is for the purchase of a principle residence, in which the loan must be repaid within fifteen years. Participants on authorized leave for military service can extend their loan terms longer than five years.

Payment of Benefits

On termination of service, death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, installment payments or partial payments. Account balances of \$5,000 or less will be automatically distributed. Involuntary cash outs for account balances of terminated vested participants of \$1,000 or less and rollover distributions of account balances of \$1,000-\$5,000 will be subject to the automatic rollover requirements and will be rolled to a qualified IRA. Participants experiencing financial hardship may withdraw a portion of their vested account balance as defined in the Plan. Participants may also request in-service distributions at the age of 59½ and minimum distributions are required at the age of 70½.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$100,852 and \$179,735, respectively. These accounts may be used to reduce future employer contributions or to pay Plan expenses. In 2019, \$44,231 from the forfeiture account was used to reduce employer contributions, \$8,237 was used to pay Plan expenses, and \$70,497 was returned to accounts of former employees terminated as a result of a partial plan termination (see Note 10).

Unallocated Accounts

At December 31, 2019 and 2018, unallocated accounts totaled \$13,238 and \$12,438, respectively. These amounts are the result of conversions of the participants' share of plan expenses taken from the participants' accounts, excess employer match contributions from compliance testing or other match calculation corrections and money deposited into the Plan by the Company to pay Plan expenses. For the year ended December 31, 2019, \$42,541 was used out of the unallocated accounts to pay Plan expenses.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 4 for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Deemed distributions resulting from delinquent participant loans totaled \$3,699 for the year ended December 31, 2019.

Payment of Benefits

Benefits are recorded when paid.

INVENTRUST PROPERTIES CORP. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Going Concern Evaluation

In accordance with accounting principles generally accepted in the United States of America, management performed an evaluation to determine if adverse conditions or events, considered in the aggregate, raise substantial doubt about the Plan's ability to continue as a going concern for the one-year period from the date the financial statements are available to be issued. Management's assessment did not identify any conditions or events raising substantial doubt about the Plan's ability to continue as a going concern for the period from October 9, 2020 to October 9, 2021.

Subsequent Events

Subsequent events have been evaluated through October 9, 2020, the date that the financial statements were available for issue.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. The extent of the impact of COVID-19 on the Company and the Plan's investment performance will depend on certain developments, including the duration and spread of the outbreak. At this time, the extent to which COVID-19 may impact the Plan's results of operations is uncertain.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act contains several provisions that temporarily impact 401(k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a pause option for loan payments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Company has adopted provisions of the CARES Act, but has not formally amended the Plan document.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street Bank and Trust Company(State Street), the custodian of the Plan.

INVENTRUST PROPERTIES CORP. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. |
| Level 2 | <p>Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds and cash reserve account: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INVENTRUST PROPERTIES CORP. SAVINGS PLAN

**NOTES TO FINANCIAL STATEMENTS
(CONTINUED)**

NOTE 4 - FAIR VALUE MEASUREMENTS, CONTINUED

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Cash reserve account	\$ 115,093	-	-	115,093
Mutual funds	<u>14,477,221</u>	<u>-</u>	<u>-</u>	<u>14,477,221</u>
Total assets				
in the fair value hierarchy	<u>\$ 14,592,314</u>	<u>-</u>	<u>-</u>	<u>14,592,314</u>

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Cash reserve account	\$ 192,173	-	-	192,173
Mutual funds	<u>11,282,936</u>	<u>-</u>	<u>-</u>	<u>11,282,936</u>
Total assets				
in the fair value hierarchy	<u>\$ 11,475,109</u>	<u>-</u>	<u>-</u>	<u>11,475,109</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event of change in circumstances that caused the transfer. For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with New York Life Insurance Company (NYL) totaling \$1,365,943 for 2019 and \$1,491,364 for 2018. NYL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

INVENTRUST PROPERTIES CORP. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS, CONTINUED

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by NYL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by State Street. State Street is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. TransAmerica provides third party administrator and recordkeeping services. Morgan Stanley Global Financial Solutions (Morgan Stanley) provides investment advisory and management services. TransAmerica and Morgan Stanley are considered to be parties-in-interest. Fees paid by the Plan for the custodial, administrative, recordkeeping, investment advisory and management services, amounted to \$62,256 for the year ended December 31, 2019.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

INVENTRUST PROPERTIES CORP. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contributions allocated to their account.

NOTE 8 - TAX STATUS OF PLAN

The Plan adopted a Non-Standardized form of a Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement (CODA), sponsored by TransAmerica Retirement Solutions. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator has no reason to believe Form 5500 is subject to examination for years prior to 2016.

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - IRS AUDIT

During 2018, the IRS audited the 2016 plan year. As a result of the audit, the Company had to return forfeitures to those terminated prior to a partial plan termination because the IRS ruled they should have been 100% vested as a result of the partial plan termination. In addition, the Company had to pay the former participants lost earnings. Forfeitures and lost earnings in the amount of \$70,497 were restored into participant accounts in May 2019 from the forfeiture account. The accounts are available for distribution upon the participant's request.
