Independent Auditors' Report

To the Plan Administrator of
ASI System Integration, Inc. 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ASI System Integration, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure* under the Employee Retirement Income Security Act (ERISA) of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by AXA Equitable Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2019, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2019 is required by the DOL's *Rules and Regulations for Reporting and Disclosure* under the ERISA of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by AXA Equitable Life Insurance Company, the custodian of the Plan. Their report, dated October 15, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2019

The form and content of the information included in the 2019 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA of 1974.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of ASI System Integration, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of ASI System Integration, Inc. (the "Company") who are age 18 or older, beginning on the 1st day of the month following their hire date. Participants are eligible for employer contributions after completing either 250 hours of service in three consecutive months, or after one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Trustees are responsible for oversight of the Plan. The Company's Board of Trustees determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Each year, participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan document, up to the maximum limits of the Internal Revenue Code ("IRC"), $19,000 for 2019. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, no greater than $6,000 for 2019. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Discretionary matching contributions may be made at the option of the Company's Board of Trustees to those participants who have more than 1,000 hours of service in the Plan year and are employed on the last day of the year, or who died during the Plan year or who terminated employment after reaching normal retirement age as defined. In addition, the Company may contribute a discretionary profit-sharing amount at the option of the Board of Trustees of the Company. There were no matching or profit-sharing contributions made by the Company during the year ended December 31, 2019.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution, as well as allocations of the Company's profit-sharing contribution and the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants are 100 percent vested after six years of credited service.

Vesting in the Company's matching contributions plus actual earnings thereon is based on years of continuous service. Vesting of Employer contributions (including years where the Plan is top heavy) occurs as follows:

Years of Service	Vesting%
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon a participant's attainment of age 65, permanent disability or death, the participant's account will automatically become 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2.0%, which ranged from 4.5% to 6.5% at December 31, 2019, which are commensurate with local prevailing rates at inception of the loan as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payments of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeitures

At December 31, 2019 and 2018, there were no forfeited non-vested amounts. These accounts, if any, can be used to reduce future Company contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, Trustee and insurance companies. See Note 4 for a discussion of fair value measurements and See Note 5 for a discussion of contract value measurement for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Excess Participant Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in distributions.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN AS COMPLETE AND ACCURATE

	2019	2018
Investments		
Investments at fair value	$ 4,416,287	$ 3,475,073
Investments at contract value	483,321	600,913
Net appreciation in fair value of investments	906,756	

Notes receivable from participants of $106,413 and $99,154 in 2019 and 2018, respectively, and interest income on notes receivable from participants of $4,836 in 2019 have also been certified by the custodian.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820 are described as follows:

> Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
>
> Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
>
> Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market Funds

Money market funds are valued at a Net Asset Value ("NAV") per share of $1.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,843,078	$ -	$ -	$ 1,843,078
Money market funds	223,437	-	-	223,437
Pooled separate accounts using NAV as a practical expedient				2,349,772
Total Investments at Fair Value	$ 2,066,515	$ -	$ -	$ 4,416,287

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,292,514	$ -	$ -	$ 1,292,514
Money market funds	214,668	-	-	214,668
Pooled separate accounts using NAV as a practical expedient				1,967,891
Total Investments at Fair Value	$ 1,507,182	$ -	$ -	$ 3,475,073

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of levels 1, 2 or 3.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Fair Value of Investments in Entities that Use NAV

The NAV of pooled separate accounts are not publicly quoted. ASC 820 allows NAV per share to serve as a practical expedient to estimate the fair value of pooled separate accounts if certain requirements are met. The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	As of December 31, 2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 2,349,772	None	Daily	N/A

	As of December 31, 2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 1,967,891	None	Daily	N/A

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract was $483,321 and $600,913 as of December 31, 2019 and 2018, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than one percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 6 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by the custodian, AXA Equitable Life Insurance Company, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

NOTE 8 – TAX STATUS

On March 31, 2014, the IRS stated that the prototype (volume submitter) adopted by the Plan, as then designed, qualifies under Internal Revenue Code ("IRC") Section 401 (a). The Plan has not received a determination letter specified to the Plan itself; however, the Plan administrators (and the Plan's tax counsel) believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 to Form 5500:

Net assets available for benefits per the financial	$ 4,910,323
Add: Excess contributions due to participants	95,698
Net Assets Available for Benefits Per Form 5500	$ 5,006,021

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2019 to Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 809,007
Add: Refund of excess participant contributions, current year	95,698
Less: Refund of excess participant contributions, prior	73,824
Net Income Per Form 5500	$ 830,881

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINIUED)

The following is a reconciliation of the benefits paid to participants per the financial statements for the year ended December 31, 2019 to Form 5500:

Total benefits paid to participants per the financial	$ 582,815
Less: Excess contributions due to participants, current	95,698
Less: Corrective distributions	36,288
Add: Excess contributions due to participants, prior year	73,824
Total Benefits Paid to Participants Per Form 5500	$ 524,653

The variances between amounts reported in the accompanying financial statements and Form 5500 are due to the Form 5500 being prepared on a cash basis, while the accompanying financial statements have been prepared on the accrual basis of accounting, except for benefits, which are recorded when paid.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The full impact of COVID-19 continues to evolve as of the date of this report. The pandemic has adversely affected economic activity and greatly contributed to significant deterioration and instability in the financial markets. As a result, the Plan's investment portfolio has experienced significant fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized, if any, in a subsequent period is not determinable at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was passed by Congress. The CARES Act contains several provisions that temporarily impact retirement savings plans. These provisions include waiver of required minimum distributions for 2020, a new hardship withdrawal option related to the COVID-19 pandemic, certain increased loan limits and suspension of certain loan repayments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Plan sponsor has adopted the relief provisions included in the CARES Act.

To Whom It May Concern:

This representation letter is provided in connection with your audit of the financial statements and supplemental schedules of ASI System Integration Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by AXA Equitable the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule as a whole. We understand that the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by AXA Equitable, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of October 14, 2020, the following representations made to you during your audit.

Financial Statements

1) We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated December 19, 2019, including our responsibility for the preparation and fair presentation of the financial statements and note disclosures.

2) The financial statements referred to above are fairly presented in conformity with U.S. GAAP, the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and the supplemental schedules referred to above are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

3) We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

4) We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.

5) Significant assumptions we used in making accounting estimates, including those measured at fair value, are reasonable.

6) Related-party relationships and transactions and relationships and transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, have been appropriately accounted for and disclosed in accordance with U.S. GAAP and ERISA Section 3(14) and regulations thereunder.

7) All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.

   In March 2020, the World Health Organization declared the outbreak of COVID-19 a global pandemic. The full impact of COVID-19 continues to evolve as of the date of this report. The pandemic has adversely affected economic activity and greatly contributed to significant deterioration and instability in the financial markets. As a result, the Plan's investment portfolio has experienced significant fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized, if any, in a subsequent period is not determinable at this time.

   On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was passed by Congress. The CARES Act contains several provisions that temporarily impact retirement savings plans. These provisions include waiver of required minimum distributions for 2020, a new hardship withdrawal option related to the COVID-19 pandemic, certain increased loan limits and suspension of certain loan repayments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. The Plan Sponsor has adopted the relief provisions included in the CARES Act.

8) The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements as a whole.

9) We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with U.S. GAAP, and we have not consulted a lawyer concerning litigation, claims, or assessments.

10) Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, events reportable to the PBGC, or events that may jeopardize the tax status) that legal counsel have advised us that must be disclosed have been properly disclosed.

11) Significant estimates and material concentrations have been properly disclosed in accordance with U.S. GAAP.

12) Financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.

13) Guarantees, whether written or oral, under which the Plan is contingently liable, have been properly recorded or disclosed in accordance with U.S. GAAP.
