Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Saint-Gobain Corporation 401(k) Plan for Salaried Employees (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Fidelity Management Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2019 and 2018 that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Saint-Gobain Corporation 401(k) Plan for Salaried Employees
Notes to Financial Statements
December 31, 2019 and 2018

1. Description of Plan

The description of the Saint-Gobain Corporation 401(k) Plan for Salaried Employees (the "Plan") in the Notes to the Financial Statements provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Saint-Gobain Corporation ("SGC"), an indirect wholly-owned subsidiary of Compagnie de Saint-Gobain ("CSG") of Paris, France. All eligible salaried employees of SGC and its subsidiaries and certain affiliates of CSG in the United States (the "Company") are covered by the Plan, as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan and the Saint-Gobain Corporation 401(k) Plan for Hourly Employees participate in the Saint-Gobain Corporation Defined Contribution Plan Master Trust (the "Master Trust"). The Trustee is Fidelity Management Trust Company (the "Trustee").

Eligibility

Employees are eligible to join the Plan immediately upon employment with the Company. After six months of service, employees are automatically enrolled in the Plan.

Contributions

Each year, participants may contribute up to 50 percent of eligible compensation, on a pretax or after-tax, or Roth 401(k) basis, as defined in the Plan. The Plan also permits catch-up contributions on a pre-tax or Roth 401(k) basis. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company match differs by participating companies and/or divisions within companies and is defined in the Plan document. Rollover contributions represent assets transferred in from new participants upon employment with the Company.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the available investment options.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, losses or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that is available in the participant's vested account.

Notes to Financial Statements
December 31, 2019 and 2018

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and related earnings. Participants are vested in Company contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
At least 1 year, but less than 2 years	20%
At least 2 years, but less than 3 years	40%
At least 3 years, but less than 4 years	60%
At least 4 years, but less than 5 years	80%
5 or more years	100%

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, is forfeited. Forfeitures are utilized to reduce future Company contributions and future Company payments of Plan administrative expenses.

The balance of the forfeiture account for the Plan was \$639,287 and \$206,640 at December 31, 2019 and 2018, respectively. There were no forfeitures used to reduce Company payments of Plan administrative expenses in 2019 and 2018. The amount of forfeitures used to reduce Company contributions was \$1,802,040 and \$611,539 in 2019 and 2018, respectively.

Payment of Benefits

Retired or terminated participants may elect to receive a lump-sum amount immediately equal to the vested value of their accounts, lump-sum payments at any future date, or specified monthly, quarterly, or annual payments. Terminated employees may maintain an account in the Plan as permitted by the Plan document.

Active employees may withdraw all or part of their after-tax accounts, rollover accounts and Company match if 100% vested, excluding contributions allocated within the preceding 24 months in accordance with the Plan document and Internal Revenue Service guidelines. Withdrawals of before-tax accounts requested due to financial hardship of an employee are granted in accordance with the Plan document and Internal Revenue Service guidelines following a review of the appropriate documentation by the Company. All withdrawals are subject to certain restrictions in accordance with the Plan document.

Participant Notes Receivable

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 for a general purpose and housing. General purpose notes receivable must be repaid within five years and housing notes receivable within 15 years. The maximum amount that can be borrowed is the lesser of (a) 50 percent of the account balance, or (b) \$50,000 reduced by any current notes receivable balance or excess of the highest outstanding notes receivable balance in the last 12 months over the current notes receivable balance.

Saint-Gobain Corporation 401(k) Plan for Salaried Employees
Notes to Financial Statements
December 31, 2019 and 2018

1. Description of Plan (continued)

Participant notes receivable are secured by the remainder of the vested account balance in the participants' accounts and generally bear interest at 1 percent over the prime rate. The interest rate is fixed for the life of the notes receivable.

Plan Expenses

Plan administrative expenses are principally for loan-related and recordkeeping fees. The Company pays audit fees and certain other administrative fees on behalf of the Plan.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Master Trust

The Plan's investment in the Master Trust is presented at fair value and contract value in the Statement of Net Assets Available for Benefits. For purposes of determining the fair value of the underlying assets of the Master Trust, money market funds, mutual funds and self-directed brokerage accounts are valued at fair value based on quoted market prices. Self-directed brokerage accounts are disclosed within mutual funds in Note 5. The Plan has one synthetic investment contract issued by Fidelity Management Trust Company that is valued at contract value, which represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes gains and losses on investments purchased and sold as well as held during the year.

Investment Contract with Insurance Companies Held in the Trust

In the Master Trust, the Interest Income Fund (the "Fund") invests in a fully benefit-responsive synthetic investment contract which is presented at contract value. (See Note 5). A synthetic investment contract is a wrap contract purchased from an insurance company and paired with an underlying investment or investments, usually a portfolio, of high-quality, short-term to intermediate-term fixed income securities. Investment gains and losses are amortized over the expected duration through the calculation of the interest rate applicable to the Master Trust on a prospective basis. Wrap contracts accrue interest using a formula called the "crediting rate." Wrap contracts use the crediting rate formula to convert market value changes in the covered assets into income distributions in order to minimize the difference between the market and contract value of the covered assets over time. Using the crediting rate formula, an estimated future market value is calculated by compounding the Fund's current market value at the Fund's current yield to maturity for a period equal to the Fund's duration. The crediting rate is the discount rate that equates the estimated future market value with the Fund's current contract value. Crediting rates are reset quarterly. The wrap contracts provide a guarantee that the crediting rate will not fall below 0 percent.

Notes to Financial Statements
December 31, 2019 and 2018

2. Summary of Significant Accounting Policies (continued)

Certain events limit the ability of the Master Trust to transact at contract value with the contract issuer. Such events include the following: (i) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code; (ii) the establishment of a defined contribution plan that competes with the Plan for employee contributions; (iii) any substantive modification of the Plan or the administration of the Plan that is not consented to by the wrap issuer; (iv) complete or partial termination of the Plan; (v) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the Fund's cash flow; (vi) merger or consolidation of the Plan with another plan, the transfer of Plan assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the Plan sponsor; (vii) any communication given to participants by the Plan sponsor or any other Plan fiduciary that is designed to induce or influence participants not to invest in the Fund or to transfer assets out of the Fund; (viii) exclusion of a group of previously eligible employees from eligibility in the Plan; (ix) any early retirement program, group termination, group layoff, facility closing, or similar program; and (x) any transfer of assets from the Fund directly to a competing option. The Plan administrator does not believe that the occurrence of any such event, which would limit the Master Trust's ability to transact at contract value with participants, is probable.

A contract issuer may terminate a wrap contract at any time. In the event that the market value of the Fund's covered assets is below their contract value at the time of such termination, the Master Trust may elect to keep the wrap contract in place until such time as the market value of the Fund's covered assets is equal to their contract value. The synthetic investment contracts generally impose conditions on both the Master Trust and the issuer. If an event of default occurs and is not cured, the non-defaulting party may terminate the contract. The following events may cause the Master Trust to be in default: a breach of material obligation under the contract; a material misrepresentation; or a material amendment to the Plan agreement. The issuer may be in default if it breaches a material obligation under the investment contract; makes a material misrepresentation; has a decline in its long-term credit rating below a threshold set forth in the contract; or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers.

In the event of default of an issuer, if the Master Trust were unable to obtain a replacement investment contract, withdrawing plans may experience losses. The Master Trust may seek to add additional issuers over time to diversify the exposure to such risk, but there is no assurance that the Master Trust may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Master Trust unable to achieve its objective of maintaining a stable contract value.

The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating), the issuer will generally be required to pay the Master Trust the excess, if any, of contract value over market value on the date of termination. If a synthetic investment contract terminates due to a decline in the rating of the issuer, the issuer may be required to pay the Master Trust the cost of acquiring a replacement contract (i.e., replacement cost) within the meaning of the contract. If the contract terminates when the market value equals zero, the issuer will pay the excess of contract value over market value to the Master Trust to the extent necessary for the Master Trust to satisfy outstanding contract value withdrawal requests. Contract termination also may occur by either party upon election and notice.

Saint-Gobain Corporation 401(k) Plan for Salaried Employees
Notes to Financial Statements
December 31, 2019 and 2018

2. Summary of Significant Accounting Policies (continued)

Since the synthetic investment contract purchased by the Master Trust is fully benefit-responsive, contract value is the relevant measurement attribute for such contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value of the synthetic investment contract was \$229,629,645 and \$244,931,918 as of December 31, 2019 and 2018, respectively.

Payment of Benefits

Benefits are recorded when paid.

Plan Participation in the Master Trust

Contributions to the Master Trust and benefits paid are accounted for specifically by the participating plans. Each plan's relative interest in the Master Trust is determined based on its proportionate share of assets contributed to the Master Trust on February 1, 1992, as adjusted for contributions and benefit payments subsequent to February 1, 1992. The relative interest for plans not made part of the Master Trust on February 1, 1992 is determined based on assets subsequently transferred to the Master Trust, if any, and contributions and benefit payments subsequent to transfer date or date of creation of the individual plans. Investment income is allocated monthly to the participating plans based on their relative interest in the Master Trust (See Note 5).

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balance plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Change in Accounting Principle

During 2019, the Plan adopted Accounting Standards Update ("ASU") No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965); Employee Benefit Master Trust Reporting*. As a result of the adoption of ASU No. 2017-06, additional disclosures related to the Plan's interest in the Master Trust have been made. This standard was adopted retrospectively and had no impact on the Plan's net assets or changes in net assets (See Note 5).

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 8, 2020, which is the date the financial statements were available to be issued.

3. Transfers (To) From Other Plans

From time to time, participants in the Plan change roles and responsibilities within the Company and become eligible for other Company-sponsored plans. As such, transfers to and from the Plan generally relate to participant account balances being transferred between the Plan and the Saint-Gobain Corporation 401(k) Plan for Hourly Employees.

Saint-Gobain Corporation 401(k) Plan for Salaried Employees
Notes to Financial Statements
December 31, 2019 and 2018

4. Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risk. Due to the level of the risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

5. Fair Value Measurement and Interest in Master Trust

Fair Value Measurement

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the observable and unobservable inputs and valuation techniques used to measure fair value.

The fair value hierarchy used to measure fair value into three broad levels is as follows:

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

December 31, 2019 and 2018

7. Tax Status

The Internal Revenue Service determined and informed the Company by letter dated March 13, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Related Party Transactions

Certain Master Trust investments are shares of money market funds, mutual funds, and interest income funds managed by Fidelity Investments. Fidelity Investments is an affiliate of the Trustee; therefore, transactions in these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

9. Unaudited Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and participant notes receivable reflected in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2019 and 2018, the related income and losses reflected in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2019 and 2018, and the Schedule of Assets Held at End of Year as of December 31, 2019.

10. Reconciliation to Form 5500

The Net Assets Available for Benefits presented in the financial statements differs from the net assets reported in Form 5500 due to the synthetic investment contracts held in the Master Trust presented at contract value in the financial statements and at fair value in Form 5500. The Net Assets Available for Benefits were lower than on Form 5500 at December 31, 2019 and 2018 by \$2,718,422 and \$1,137,006, respectively. Additionally, the investment income from the synthetic investment contract on Form 5500 for the year ended December 31, 2019 is higher than the financial statements by \$1,581,416. The investment income from the synthetic investment contract on Form 5500 for the year ended December 31, 2018 is higher than the financial statements by \$605,975.
