ESTRELLA HOME HEALTH 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Estrella Home Health 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2019 as a defined contribution plan available to eligible employees of Estrella Home Health, Inc. (the Company, Employer or Plan Sponsor). Eligible employees may enter the Plan monthly after completing sixty (60) days of service with no age requirement. The service requirement does not apply to employees who were employed on the day the Plan was established. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute up to 100% of their annual pre-tax and after-tax compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified plans (rollover). For the year ended December 31, 2019, individual participants' elective deferrals were limited to $19,000. Participants who are age 50 and older may also contribute an additional $6,000 for the year ended December 31, 2019. Roth deferrals are allowed under the Plan.

The Plan Sponsor may make discretionary matching, profit sharing and qualified non-elective contributions to the Plan. Participants must be employed at the end of the Plan year in order to be eligible for discretionary matching contributions. No matching contributions were made for the year ended December 31, 2019. Employer contributions are invested in funds in accordance with the participant's discretion and the Plan's provisions. Contributions are subject to certain limitations.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of (a) the Employer's matching contributions (if any), and (b) Plan earnings or losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in any Employer's contributions (if any), plus any earnings or losses thereon, is based on years of continuous service. Participants who become eligible and are enrolled in the Plan will receive vesting credit for years of service based only on the elapsed time method, as defined. A participant is fully vested after five years of credited service.

Participant accounts become fully vested upon reaching normal retirement age (65), death, disability, or upon termination of the Plan.

Forfeitures

Forfeitures may be used to offset Plan administrative expenses or reduce Employer contributions. There were no forfeitures utilized or available for use as of and for the year ended December 31, 2019.

Note 1 – Description of Plan, Continued

Participant notes receivable

Plan participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear interest at prime rate plus 1%, determined as of the date of the loan request, 7.25% at December 31, 2019. Principal and interest is paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time.

Payment of benefits

Upon retirement from service due to death, disability, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. Distributions before normal retirement age may only be in the form of a single lump-sum payment or a rollover into another qualified plan. Distributions after normal retirement age may be in the form of a single lump-sum payment, installments with respect to lifetime minimum required distributions, or a rollover into another qualified plan. Additionally, participants reaching the age of 59½ years of age may receive in-service distributions from the Plan.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Certain administrative expenses are paid directly by the Plan Sponsor.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2019. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reduced and a benefit payment recorded.

Note 2 – Summary of Significant Accounting Policies, Continued

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Payment of benefits

The Plan records benefits when paid.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, Plan management has determined it does not have any positions at December 31, 2019 that it would be unable to substantiate.

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement (ASU 2018-13).* The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning on or after December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update.

Note 3 – Information Prepared and Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable shown on the statement of net assets available for benefits as of December 31, 2019;

Note 3 – Information Prepared and Certified by the Custodian

- Net investment income and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019; and

- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2019. During the year ended December 31, 2019, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at quoted market prices in an active market and classified as Level 1. The mutual funds are required to publish their daily net asset value (NAV) and to transact at that price.

Guaranteed interest account – The assets in the guaranteed interest account are maintained as general assets with Principal Life Insurance Company (Principal or Custodian) and is considered as invested in an insurance contract. The fund is available as a rider to the Principal group annuity contract. The credited interest rate may be based on an index rate specified in the contract or a declared rate, either of which may be changed quarterly and will never be below the guaranteed rate. The assets are reported at contract value which approximates fair value. The assets are readily redeemable by the Plan.

Note 4 – Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 78,208	$ -	$ -	$ 78,208
Guaranteed investment contract	-	-	-	1,818
	$ 78,208	$ -	$ -	$ 80,026

The amount of total appreciation for the period is included in the changes in net assets attributable to the change in fair value of the investments at the reporting date.

Note 5 – Guaranteed Investment Contract

The Plan has a guaranteed investment contract with Principal Life Insurance Company (Principal) whereby separate accounts are established by Principal as the funding vehicle for the unallocated group annuity contracts issued by Principal.

Principal maintains contributions in a fixed income account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed income account is stated at contract value. Contract value represents the contributions made under the contract, plus interest credited, less participant withdrawals and administrative fees. As of December 31, 2019, contract value of the guaranteed investment contract was $1,818.

Participants may ordinarily direct the withdrawal of, or transfer of, all or a portion of their investment contract. For withdrawals due to an event initiated by the Company, including, but not limited to, total or partial termination of the Plan, may result in a penalty if these withdrawals exceed the limitations defined in the contract. The Company believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Principal may not terminate the contract at any amount less than contract value.

Under the guaranteed investment contract, Principal is contractually obligated to pay the principal and any interest that has been credited to the Plan. The crediting rate is based on a formula agreed upon by the issuer, but may not be less than zero percent. Such interest rates are reviewed not less frequently than quarterly and not more frequently than daily for resetting.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer and certain others. The Plan's investments include shares of mutual funds and a guaranteed investment contract administered by Principal and Principal Trust Company, an affiliate of Principal. Principal is the Plan's Custodian, recordkeeper, and investment manager and therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Company. No officers or employee receives compensation from the Plan for these services.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants accounts would become fully vested.

Note 9 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized savings adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 – Prohibited Transactions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions to the Plan from general assets as soon as it is practicable. For the year ended December 31, 2019, the Plan Sponsor failed to remit employee deferrals totaling $18,349 which were corrected as of the date of this report. These delinquent participant contributions are considered prohibited transactions under ERISA.

Note 11 – Subsequent Events

In March 2020, the World Health Organization classified the COVID-19 outbreak as a global pandemic and the President of the United States declared the COVID-19 outbreak a national emergency. Global financial markets have experienced, and may continue to experience, significant volatility resulting from the spread of COVID-19. The extent of the impact of COVID-19 on the Plan's net assets available for benefits, contributions, benefit obligations and distributions will depend on future developments, including the duration and spread of the outbreak.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for certain required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to reflect these changes, as well as related adoption agreements, will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan evaluated events occurring subsequent to December 31, 2019 through October 13, 2020, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
