Effective November 1, 2018, Fidelity Management Trust Company (Fidelity) was appointed as the new custodian and recordkeeper of the Alliance Platform. Lincoln and Fidelity invest cash received, interest, and dividend income, and make distributions to participants. Lincoln and Fidelity also administer the payments of interest and principal on the notes receivable from participants.

Eligibility and Contributions

All employees who are not eligible for other retirement plans sponsored by the Sponsor and who are employed by the Sponsor are eligible to participate in the Plan upon their hire date. In order to be eligible to receive employer matching contributions, employees must be in a benefited position, have completed two years of service and have reached 18 years of age.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION – CONTINUED

Eligibility and Contributions – Continued

Employees can enroll into the Plan on the first day of the payroll period, provided they agree to defer at least $200 annually. Participants may elect to defer different amounts, subject to certain limitations under the IRC, by completing an elective deferral agreement. Plan participants over age 50 may defer additional catch-up contributions, subject to the IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans.

The Sponsor makes matching contributions to eligible employees at 100% of elective deferrals subject to limits applied per payroll period. Sponsor matching contribution limits are based on the number of years each employee has participated in the Plan as described in the following table:

Years participating in the Plan	Limit on Deferrals Matched
Less than 2 years	no match given
More than 2 years but less than 6 years	5%
More than 6 years but less than 7 years	6%
More than 7 years but less than 8 years	7%
More than 8 years but less than 9 years	8%
More than 9 years but less than 10 years	9%
More than 10 years	10%

Vesting

Participants are 100% vested in their salary deferral contributions, rollover contributions, and employer contributions, plus actual earnings thereon.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan and may change their investment elections at any time directly through Lincoln and Fidelity. The Plan offers a combination of fixed and variable investment options held with Lincoln and Fidelity.

On October 1, 2015, the investment options for which participants may direct their contributions changed from the MF Platform to the Alliance platform. Participants may keep funds currently invested in the MF Platform, but contributions and transfers subsequent to October 1, 2015 may only be directed to the Alliance Platform.

Under the Alliance Platform, the variable investment options are made available through mutual funds registered with the Securities and Exchange Commission (SEC). Under the MF Platform, variable investment options are made available through Lincoln's separate accounts with underlying investments in mutual funds registered with the SEC.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION – CONTINUED

Investment Options – Continued

Fixed investment options under both platforms are guaranteed against loss of principal, less withdrawals, charges, and adjustments. These accounts are invested in accordance with applicable state regulations and guaranteed to earn at least a minimum rate of interest, as provided in the respective contracts. The interest is credited daily and declared on a quarterly basis.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions (including those rolled over from another qualifying plan) and allocations of Sponsor matching contributions, if any, and Plan earnings, and charged with withdrawals, allocations of Plan losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

The Plan has no forfeitures because all accounts are 100% vested at all times.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may receive a lump-sum distribution or annuity payments of the participant's vested account balance. As of December 31, 2019 and 2018, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid. Participants should refer to their Plan agreement for more information.

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts as defined by the Plan agreement, subject to certain limitations. Generally, notes receivable are repaid on an installment basis over a period not to exceed five years, except in the case where the loan is used to acquire a principal residence. All notes receivable are adequately secured by the participant's account balance and bear interest as defined by the Plan agreement.

Administrative and Investment Management Expenses

Loan origination fees associated with notes receivable from participants and the Plan's recordkeeping and trustee/custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Sponsor.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements, and the reported amounts of additions and deductions during the reporting period. The most important of these estimates and assumptions relate to fair value measurements of the Plan's investments. These and other estimates and assumptions are based on the best available information but actual results could be materially different from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Valuation of Investments

All assets of the Plan are stated at fair value with the exception of fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts are reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses.

Plan assets invested in mutual funds are stated at aggregate fair value based upon quoted market prices.

Plan assets invested in separate accounts are valued by Lincoln at fair value, which is determined based on the fair value of the underlying mutual funds. Separate accounts have the characteristics of a structure similar to a mutual fund; therefore, as clarified by Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-10, *Technical Corrections and Improvements*, its value is considered readily determinable as each account publishes a daily price at the end of each day. As such, the investments in separate accounts are classified in Level 2 of the fair value hierarchy.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Investment Contract with Insurance Company – the MF Platform

Under the MF platform, the Plan has entered into a fully benefit-responsive investment contract with Lincoln through the Fixed Account, which is part of Lincoln's General Account and is reported at contract value. The Fixed Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The terms of the investment contract require all permitted participant-initiated transactions with the Plan to occur at contract value with no conditions, limits, or restrictions.

The investment contract issuer guarantees the principal and a minimum rate of return. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed from time to time, as determined by the contract.

Certain events, such as market value adjustment and surrender charges, could limit the ability of the Plan to transact at contract value. However, the plan administrator does not believe that any of the events that may limit the ability of the Plan to transact at contract value are probable.

Stable Value Fund – the Alliance Platform

Under the Alliance platform, the Plan has entered into a fully benefit-responsive investment contract with Lincoln through the Stable Value Fund. Lincoln maintains the contributions in its general account. The contract guarantees a minimum crediting interest rate of 1.00% for all years. The interest crediting rate is updated quarterly based upon contract provisions. Lincoln's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value. Thus, the investment contract is considered fully benefit-responsive, as defined by GAAP.

The contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include termination of the contract by the Sponsor, as well as circumstances under which the issuer may terminate the contract. Examples of circumstances which would allow the issuer to terminate the contract include the balance of the contract falling below minimum specified levels, lack of deposit activity into the contract, the Plan's loss of its qualified status, uncured material breaches of responsibilities, the issuer discontinuing offering this contract to the public, Sponsor termination of the recordkeeping agreement or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Sponsor could request the market value payment option, which could result in payments to the participants at less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Fixed-Interest Option – the Alliance Platform

The Plan entered into a fully benefit-responsive investment contract with Variable Annuity Life Insurance Company (VALIC) through its Fixed-Interest Option (the Fund), which is a fully benefit responsive investment contract and is reported at contract value. The Fund is a group annuity contract managed by VALIC that invests in the general account assets of VALIC and offers guaranteed crediting rates specified in advance of participant investments. The VALIC general account invests in a diversified portfolio of bonds, mortgages, cash and short-term investments, equity-related investments, and policy loans. Unit price, yield, and return will vary.

The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses as allowed by the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Change in Fair Value of Investments

Net change in fair value of investments includes realized and unrealized gains and losses on investments bought and sold or held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Recent Accounting Pronouncements

In August 2018, the FASB issued ASU No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies certain disclosure requirements of FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. ASU 2018-13 removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The guidance also requires entities that calculate net asset value to disclose the timing of liquidation. The guidance is effective for fiscal years beginning after December 15, 2019 with certain retrospective applications. Early adoption is permitted. The Plan is currently evaluating the impact of this guidance.

The Plan reviewed all other newly-issued accounting pronouncements and concluded that they are either not applicable to its operations or that no material effect is expected on its financial statements as a result of future adoption.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through the report issuance date and determined other than disclosed below, no such events were identified.

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease (COVID-19) as a pandemic. As a result of COVID-19, the current fair value of the Plan's investments may be materially different from the amounts presented on the statement of net assets available for benefits as of December 31, 2019.

On March 27, 2020, in response to the COVID-19 pandemic, the U.S. Congress enacted the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which among other things, includes provisions that impact retirement plan rules for 2020. As provided in the CARES Act, plan administrator has elected to allow qualified individuals who are impacted by the virus to withdraw up to $100,000 from their retirement accounts without penalty regardless of their age.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - TAX STATUS

403(b) plans currently are not required to submit plans to the Internal Revenue Service (IRS) for determination. However, the Plan is required to operate in accordance with the IRC to maintain its tax-exempt qualification. The plan administrator believes that during 2019, the Plan was designed and operated in accordance with applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with GAAP, the Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. As a result, the Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 4 - PLAN AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan document to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the custodians of the Plan have certified to the completeness and accuracy of investments (see table below) reflected in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018 and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, as well as the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS – CONTINUED

Completeness and accuracy of investments certified by the custodians of the Plan is as follows at December 31:

Investment income:	
Net change in fair value of investments	$ 9,133,931

Dividends	$ 1,055,626

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one level to another. In such instances, the transfer is reported at the end of the reporting period. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018 to value the Plan's assets at fair value, and there were no significant transfers in or out of Levels 1, 2, or 3.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS – CONTINUED

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Lincoln and Fidelity, the custodians, as defined by the Plan document. Therefore, these transactions qualify as party-in-interest and are denoted as such on the supplemental Schedule H, line 4i – Schedule Assets (Held at End of Year) as of December 31, 2019. However, these party-in-interest transactions are exempt pursuant to ERISA regulations.
