1. DESCRIPTION OF PLAN

The following description of the Central Irrigation Supply, Inc. (the "Employer" or "Company") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

(a) General - Effective January 1, 2019, the Plan was restated as a Volume Submitter 401(k) Defined Contribution Plan. Participants are eligible to participate in salary deferrals and the employer matching contribution when they have completed two (2) months of service. Participants are eligible to participate in the employer profit-sharing when they have completed one (1) year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Employee Contributions - Participants may contribute up to 100% of eligible compensation as defined in the Plan, limited to a maximum amount as periodically set by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the plan year may contribute an additional amount set by the IRS. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans.

(c) Employer 401(k) Matching Contribution - The Company makes a matching contribution each payroll period for each employee who enters into a salary reduction agreement. The matching contribution is equal to a discretionary percentage to be determined by the Employer. The match during 2019 equaled 100% of the first 3% deferred by participants.

(d) Discretionary Profit-Sharing Contributions - The Company may contribute a discretionary profit-sharing contribution for each employee, without regard to current or accumulated net profits of the Company. During 2019 and 2018, the Company made a profit-sharing contribution equal to $950,000 and $865,176, respectively.

(e) Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocation of (a) the Company's additional discretionary contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested account balances. Allocations are based on participant's eligible compensation relative to total eligible compensation, deferred contribution amounts, or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant determines the investment strategy of his or her account as provided by the Plan.

(f) Vesting - Participants are immediately vested in their accounts attributable to their contributions and rollover contributions. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are 100% vested in employer contributions after five years of participation in the Plan earning 40% after the first 2 years of service and 20% a year in the following years. However, a participant will always be 100% vested after the Normal Retirement Age at age 65, or if they die or become disabled while employed.

DESCRIPTION OF PLAN (continued)

(g) Withdrawals and Benefits - Upon termination of service due to death, disability, or normal retirement, all distributions from the Plan will be made in a single lump sum payment if the balance exceeds $5,000. A participant may delay distributions of their vested account balance if the balance does not exceed $5,000. If a participant terminates employment before death, disability, or retirement, they may elect to have the amount distributed to them. The distribution amount will be equal to the value of the participant's vested interest in his or her account. Non-vested portions are maintained by the Plan in the forfeiture account.

(h) Notes Receivable – Effective January 1, 2019, participants are permitted to have one outstanding loan. Loans are treated as an investment of each participant's account, rather than as an investment of the entire trust. As a result, each payment of interest is made to the account of the participant who received the loan. Interest is charged at a reasonable rate, as defined by the Plan. A participant can only receive a loan for hardship reasons. Participants may borrow from a minimum of $1,000, up to 50% of their vested account balance, provided the loan does no exceed $50,000. Loans are collateralized by the participant's account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition - The Plan's investments are stated at fair value except for the stable value fund which is reported at net asset value. If available, quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Administrative Fees - The Plan permits the payment of direct Plan expenses to be made from the Plan's assets. All other administrative expenses are paid by the Company.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) Risks and Uncertainties - The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(f) Payment of Benefits - Benefits are recorded when paid.

(g) Participant Loans – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

(h) Forfeited Accounts - Forfeitures are used for future employer contributions or Plan expenses. In 2019 and 2018, $34,824 and $33,548 of forfeitures were used to reduce employer contributions, respectively. The employer contribution receivable as of December 31, 2019 and 2018 is net of forfeitures $0 and $34,824, respectively. Unused forfeitures at December 31, 2019 and 2018 were $15,254 and $19,839, respectively.

(i) Subsequent Events - The Plan evaluated subsequent events through October 13, 2020, the date the Plan's financial statements were available to be used.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly Great-West Trust Company, LLC, the custodian, certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2019 and 2018, the schedule of assets held for investment purposes as of December 31, 2019, and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended December 31, 2019 and 2018.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

5. FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1

FAIR VALUE MEASUREMENTS (continued)

measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the closing price reported on the active market on which the securities are traded.

Collective trust funds – Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the report NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 9,497,209	$ -	$ -	$ 9,497,209
Investments measured at NAV	-	-	-	1,206,404
Total	$ 9,497,209	$ -	$ -	$ 10,703,613

	Assets at Fair Value as of December 31, 2018			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 6,980,222	$ -	$ -	$ 6,980,222
Investments measured at NAV	-	-	-	1,024,993
Total	$ 6,980,222	$ -	$ -	$ 8,005,215

7. RELATED PARTY TRANSACTIONS

The Plan has several arrangements with service providers. These transactions are considered party-in-interest transactions under ERISA.

8. WITHDRAWING PARTICIPANTS

All participants who have withdrawn from the Plan and requested their benefits have been paid as of December 31, 2019.

9. INCOME TAX STATUS

The Plan is based on a prototype plan that received a favorable tax determination letter from the IRS dated March 31, 2014. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are

INCOME TAX STATUS (continued)

no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

11. SUBSEQUENT EVENT

In March 2020, a worldwide pandemic was declared due to the spread of COVID-19. The pandemic could have a material impact on the valuation of the Plan's investments and a material adverse effect on the Plan's operations. If cash flows deteriorate, this could affect the Company's ability to make contributions. The ultimate impact of this event on the Plan's operations and financial statements is unknown as of the date of this auditors' report.
