#### Note 1. Plan Description

The following description of the Paragon Medical, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering substantially all employees of Paragon Medical, Inc. and its wholly owned subsidiary Pendleton Technologies, Inc. (collectively the "Company"). An employee becomes eligible to enter the Plan on the first day of the month following the attainment of age 18 and the completion of one year of service, as defined by the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Each year, participants may elect to contribute a percentage of their pretax annual compensation to the Plan, as defined in the Plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

At its discretion, the Company may elect to contribute to the Plan. For the period January 1, 2020 through February 1, 2020 and the year ended December 31, 2019, the Company made a safe harbor matching contribution equal to 100% of participant's elective deferrals up to 3% of compensation, plus 50% of elective deferrals between 3% and 5%. No other discretionary contributions were made. Contributions are invested in a manner similar to participant contributions and are subject to certain limitations.

**Participant accounts:** Each participant's account is credited with the participant's contribution, an allocation of the Company's safe harbor contribution, the Company's discretionary profit sharing contribution (if any), and Plan earnings, and charged with any withdrawals and an allocation of certain administrative expenses. Income and realized and unrealized gains and losses on investments are allocated to the participant accounts on each valuation date based on the earnings of the directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their voluntary contributions, employer matching and discretionary contributions, plus actual earnings thereon.

**Note receivables from participants:** The Plan allows participants to borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are issued for a minimum of \$1,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The term repayment cannot exceed five years, unless the loan is used to acquire the participant's principal residence. Payments are due each pay period, primarily through payroll deduction.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions upon the terms of the plan document.

**Benefit payments:** Benefit payments are payable as a single lump-sum payment. The full value of a participant's account is payable upon retirement, death or disability. For termination of service due to other reasons, a participant may elect to receive a lump-sum amount, rollover into another qualified plan or remain in the Plan as an inactive participant. Benefits are recorded when paid.

**Administration of Plan assets:** Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses are either paid by the Plan or the Company.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared under the accrual method of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**Fair value measurements:** The fair value framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

#### Note 2. Significant Accounting Policies (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 1, 2020 and December 31, 2019 and 2018.

*Pooled separate accounts:* Valued at the total of the net asset value (NAV) of shares held by the insurance company in their pooled accounts at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Subsequent events:** The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2020, the date the financial statements were available to be issued.

#### Note 3. Information Certified by American United Life Insurance Company (AUL)

The Plan Administrator has elected the method of compliance as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by AUL, except for comparing such information certified by the trustee to information included in the Plan financial statements and supplemental schedule.

The following table presents the values of the Plan's assets as certified by AUL as of February 1, 2020 and December 31, 2019 and 2018.

#### Note 4. Fair Value Measurements

None of the Plan's investments are subject to the fair value hierarchy.

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

| Investment Category                | Fair Value |              |              | Unfunded<br>Commitments | Redemption<br>Frequency<br>(If Currently Eligible) | Redemption<br>Period Notice |

| Shares of Pooled Separate Accounts | \$ -       | \$34,558,170 | \$27,286,458 | \$ -                    | N/A                                                | N/A                         |

#### Note 5. Investment Contract with Insurance Company

Included in the Plan options available to the employees is a fully benefit-responsive investment contract with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with AUL. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption under ERISA. The Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The crediting interest rate at February 1, 2020 and December 31, 2019 and 2018 was 1.00%, 1.75% and 1.85%, respectively. The average yields based on actual earnings during the period January 1, 2020 through February 1, 2020 and the year ended December 31, 2019 was 1.66% and 1.77%, respectively.

#### **Note 6. Income Tax Status and Uncertain Tax Positions**

The Plan is a non-standardized form of a prototype plan sponsored by AUL. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since this date; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2016.

#### **Note 7. Related Party Transactions**

Certain Plan assets are managed by AUL. AUL performs services for the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to AUL were not material for the period January 1, 2020 through February 1, 2020 and for the year ended December 31, 2019.

#### **Note 8. Plan Merger**

In December 2019, the Plan Sponsor elected to merge the Plan with the NN, Inc. 401(k) Profit Sharing Plan effective February 1, 2020. No employee shall be eligible to become a participant in the Plan on or after January 1, 2020. No additional contributions shall be made to the Plan after January 24, 2020.

Legal title and responsibility of net assets of \$36,609,417 were transferred to the NN, Inc. 401(k) Profit Sharing Plan, which includes notes receivable of \$1,084,273 from participants, which are reported as due to NN, Inc. 401(k) Profit Sharing Plan on the statements of net assets available for benefits. The investments were liquidated and transferred to the NN, Inc. 401(k) Profit Sharing Plan on February 1, 2020. The notes receivable were transferred to NN, Inc. 401(k) Profit Sharing Plan on February 3, 2020. As a result, the statement of net assets as of February 1, 2020, reflects a due to NN, Inc. 401(k) Profit Sharing Plan and the statement of changes in net assets available for benefits for the period January 1, 2020 through February 1, 2020, reflects a transfer to the NN, Inc. 401(k) Profit Sharing Plan.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
