1. DESCRIPTION OF PLAN

The following description of Freudenberg Companies 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and includes full-time employees of Freudenberg Household Products LP (plan sponsor), Freudenberg Filtration Technologies LP, Freudenberg Oil & Gas Technologies, Freudenberg IT LP (through February 28, 2019), Freudenberg Performance Materials LP, Freudenberg Texbond, LP, Kluber Lubrication NA, LP, Freudenberg Medical MIS, Inc. (through December 31, 2018), Tobul Accumulator Incorporated, and Capol LLC (collectively, the Employers). The Plan excludes union, part-time/temporary/seasonal employees, non-resident aliens, employees classified as "Assignees" per the Freudenberg Long-Term International Assignment Policy and employees who are residents of Puerto Rico. Interns and co-ops who complete less than 1,000 hours during the relevant eligibility period are also excluded. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Transfers

Effective January 1, 2019, Freudenberg Medical MIS, Inc. transferred to the Freudenberg Companies 401(k) Retirement Plan (the Retirement Plan). The net assets of the merging employees were transferred to the Retirement Plan as of February 28, 2019. Accordingly, all benefits earned by employees under the Plan and contributions due to the participants from the Plan prior to February 28, 2019 will be payable or receivable in accordance with the Plan out of or into the Retirement Plan. As a result of the mergers, assets totaling $16,631,762 were transferred out of the Plan. Management of the Employers believe that the plan merger was a tax-exempt transaction under the applicable provisions of the Internal Revenue Code (IRC) and, therefore is not subject to federal income taxes.

In addition, effective March 1, 2019, Freudenberg IT LP was purchased by an unrelated third party, and their employees are no longer eligible to participant in the Plan. Assets totaling $20,837,300were transferred out of the Plan into FIT Savings Plan.

1. DESCRIPTION OF PLAN (Continued)

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants are permitted to designate a portion or all of their deferral contributions as Roth 401(k) contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision. Effective January 1, 2018, employees who have a hire or re-hire date on or after January 1, 2018 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants generally have their deferral rate increased at a rate of 1% per year on January 1, up to a maximum of 5% of eligible compensation (6% for employees of Tobul Accumulator Incorporated), unless otherwise elected by the participant. Employees of Capol LLC have their deferral rate increased at a rate of 1% per year on April 1 annually, up to a maximum of 10% of eligible compensation, unless otherwise elected by the participant. Employees of Freudenberg Medical MIS, Inc. have their deferral rate increased at a rate of 1% per year on April 1 annually, up to a maximum of 6% of eligible compensation, unless otherwise elected by the participant. Employees of Freudenberg Texbond LP do not receive automatic increases.

The Employers contribute a safe harbor match of 100% of the first 3% and 50% of the next 2% that a participant contributes to the Plan.

For eligible participants who are employees of Freudenberg Filtration Technologies LP, Freudenberg IT LP, or Freudenberg Performance Materials, a 3% nonelective contribution is made to hourly employees hired on or after January 1, 2007, regardless of years of service. For all other eligible participants, a nonelective contribution is made based on the following schedule:

Years of Service	Contribution % of Eligible Compensation
Less than 7 years	3%
7 years or more	5%

Eligible participants employed by Kluber Lubrication NA, L.P. receive a fixed nonelective contribution equal to 70% of the participant's "contribution rate" multiplied by the participant's eligible compensation. The participants must be employed on the last day of each of the semi-annually computation periods to receive the semi-annual nonelective contribution. The participant's "contribution rate" is based on the following:

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Years of Service as of January 1	Contribution Rate
Less than 5 years	3%
5 years but less than 10 years	5%
10 years or more	8%

The Employers may make discretionary contributions to eligible participants. Eligible participants must be employed on the last day of the plan year and have accumulated a specific number of service hours, based on Employers' requirements to receive the nonelective contribution, unless the participant incurs a severance from employment due to death, disability, attainment of normal retirement age, (early retirement age for Tobul Accumulator Incorporated), or an authorized leave of absence (Freudenberg Oil & Gas Technologies). For employees of Freudenberg Household Products, LP, Freudenberg Texbond, LP, Freudenberg Oil & Gas Technologies, Tobul Accumulator, Inc. and Capol, LLC, no discretionary nonelective contributions were made for the years ended December 31, 2019 and December 31, 2018, respectively. For employees of Medical MIS, Inc., no discretionary nonelective contributions were made for the year ended December 31, 2018.

Contributions are subject to certain limitations as mandated by the Internal Revenue Code (IRC).

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employers' contribution(s) and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions and employer safe harbor contributions plus actual earnings thereon. For all participants not listed below, vesting in the Employers' nonelective contribution portion of their account is based on the following schedule:

Notes Receivable from Participants

Participants, other than those employed by Freudenberg Texbond, LP, may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their account balance, less defaulted loans (if any). The loans are secured by the balance in the participants account and bear interest at rates of prime plus 1%. The term of the loan may not exceed 5 years or 15 years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a reasonable period of time. Participants with a vested interest in their account of $5,000 or less who do not contact the plan sponsor will have benefits paid in a lump sum or have an individual IRA account created and the participant's funds will be rolled over into the new IRA account. Under certain conditions, participants may receive a hardship distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Employers and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses (Continued)

In addition, the Employers are eligible for expense reduction credits in the form of revenue sharing from the Plan's investment options. These credits are allocated to Plan participants based on the average daily account balance of the participant invested in the revenue sharing investment option. For the years ended December 31, 2019 and 2018, expense reduction credits totaling $77,661 and $97,619, respectively, were allocated to participant accounts.

Forfeited Accounts

The following table sets forth a summary of changes in the forfeiture account for the years ended December 31, 2019 and 2018. The amounts remaining will be used in accordance with the applicable Plan provisions.

	2019	2018
BALANCE, BEGINNING OF YEAR	$ 512,343	$ 371,546
Additions to forfeitures	124,451	140,797
Used to reduce employer contributions	(250,512)	-
Investment income	12,752	-
BALANCE, END OF YEAR	$ 399,034	$ 512,343

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted (if any). Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Defaulted notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements.* ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Employers are currently evaluating the impact of this ASU.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through October 12, 2020, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date, except as disclosed in Note 10.

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (Great-West). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2018, the contract value of the fully benefit-responsive investment contract was $242,906. There was no balance for this contract as of December 31, 2019.

The traditional investment contract held by the plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the contract issuers and with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,
b. Quoted prices for identical or similar assets or liabilities in inactive markets,
c. Inputs other than quoted prices that are observable for the asset or liability,
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

4. FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 145,753,610	$ -	$ -	$ 45,753,610
Self-directed brokerage accounts	12,625	-	-	12,625
TOTAL	$ 145,766,235	$ -	$ -	145,766,235
Investments measured at net asset value [(a)]				12,715,142
TOTAL INVESTMENTS AT FAIR VALUE				$ 158,481,377

	Assets at Fair Value as of December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 152,111,155	$ -	$ -	$ 152,111,155
Self-directed brokerage accounts	357,060	-	-	357,060
TOTAL	$ 152,468,215	$ -	$ -	152,468,215
Investments measured at net asset value [(a)]				13,010,227
TOTAL INVESTMENTS AT FAIR VALUE				$ 165,478,442

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table presents the fair value, unfunded commitments, redemption frequency, and redemption notice period for plan investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018:

	Fair Value		Unfunded Commitment		Redemption	Redemption Notice
Investment	2019	2018	2019	2018	Frequency	Period
Putnam Stable Value Fund	$12,715,142	$13,010,227	$ -	$ -	Daily	None

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no such transfers.

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 has been certified as complete and accurate by Great-West Trust Company and Great-West Life & Annuity Insurance Company, the custodians of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, investments at contract value, notes receivable from participants, interest and dividends, interest on notes receivable from participants, and net appreciation (depreciation) in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employers may determine.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by an affiliate of Great-West Trust Company, LLC, the custodians and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Employers. These transactions qualify as party-in-interest. Employees of the Employers provide administrative services to the Plan for which no fees are charged.

8. TAX STATUS

The Plan adopted a prototype plan document sponsored by Great-West Trust Company, LLC, which received an opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 stating that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS and has been amended since the date of the opinion letter. However, plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The durations of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. Plan management is carefully monitoring the situation and evaluating its options related to the Plan. No adjustments have been made to these financial statements as a result of this uncertainty.

Additionally, the Plan has elected to adopt the plan provisions available under the Coronavirus Aid, Relief, and Economic Security Act (CARES) enacted on March 27, 2020, that offers expanded loan and distribution options for participants who self-certify that they meet certain criteria of the CARES Act. Plan management will amend the Plan document to reflect the adoption on or before December 31, 2022.
