Independent Auditors' Report

The Plan Trustees of
Gem Financial Services Inc. 401(k) Profit Sharing Plan and Trust

We have audited the accompanying financial statements of Gem Financial Services Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Description of Plan

The following brief description of Gem Financial Services Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan (a prototype plan) is a defined contribution plan covering employees of Gem Financial Services, Inc., Gem Pawnbrokers of NY Inc., Gem of Melville, Inc., Gem of Mount Vernon Inc., Gem Pawnbrokers Long Island Corp., Gem of Merrick Inc., Gem of Hicksville LLC, and Gem of Valley Stream LLC (collectively, the "Company") who are at least 21 years of age and have completed one year of service (1,000 hours of service). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2019, the Plan agreement was amended and restated to adopt the safe harbor cash or deferred arrangement (CODA) plan provision. The restated plan provides for employer contributions that are fully vested when made.

Participants' Contributions

Each year, participants may contribute up to 92% of pre-tax annual or after-tax compensation, as defined in the Plan, not to exceed the limit permitted under the Internal Revenue Service ("IRS") regulations each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Employer's Contributions

Effective January 1, 2019, the Company will make safe harbor contributions on behalf of eligible contributing participants making elective deferrals to the Plan equal to an amount equal to the participant's elective deferrals that does not exceed 3% of his/her compensation for the plan year, plus 50% of his/her elective deferrals that exceed 3% of his/her compensation for the plan year but does not exceed 5% of his/her compensation for the plan year. The Company made employer matching contributions of $107,292 for the year ended December 31, 2019. The Company may make discretionary profit-sharing contributions on behalf of qualifying participants who have completed at least 500 hours of service during the Plan year or are employed on the last day of the Plan year. The Company did not make discretionary profit sharing contributions for the year ended December 31, 2019.

Rollovers

Rollover contributions are permitted into the Plan in accordance with the IRS regulations and plan provisions.

Participant Accounts

Participant accounts are self-directed. The Plan's assets are held by Mid Atlantic Trust Company, the Plan custodian ("custodian") for the exclusive purpose of providing benefits to Plan participants and their beneficiaries. Paychex Inc. acts as the recordkeeper and third-party administrator of the Plan ("recordkeeper").

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching contributions, discretionary profit-sharing contributions, and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participant determines the percentage of compensation to be deferred (subject to the limitations stated above) and the investment selections from any of the investment options offered by the Plan.

Notes Receivable From Participants

A participant may request a loan of before-tax contributions subject to the limitations set forth in the Plan. The minimum loan is $1,000 and the maximum amount of an outstanding loan cannot exceed the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance. Under no event will the loan amount exceed $50,000. The $50,000 is reduced by the highest outstanding loan balance during the one-year period ending on the day before the date the loan agreement becomes effective. Only one loan outstanding is permitted at any given time. All loans are repaid by payroll deductions and the loans are carried at their outstanding balance, which approximated fair value and must be completed within 4.5 years (54 months), except for loans for the purchase of a primary residence, in which case the loan repayment period may be extended to ten years. The loans are secured by the balance in the participant's account and bear an interest rate at prime rate plus 1%. The prime rate will be updated by the recordkeeper when prime rate changes on the first business day of the month. The interest rate shall remain fixed throughout the duration of the loan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess participant contributions to the affected participant prior to March 15, 2019.

Vesting

Effective January 1, 2019, plan participants are 100% fully vested in their rollover contribution, salary deferral contributions, safe harbor matching contributions, profit-sharing contributions, and actual earnings thereon.

Forfeited Accounts

If a participant terminates employment with the Company, the non-vested portion of the participant's account is forfeited. Forfeited balances can first be used to pay administrative expenses, and any remaining amounts can be used to reduce future employer contributions. At December 31, 2019 and 2018, unallocated forfeitures totaled $20 and $822, respectively. For the year ended December 31, 2019, $821 was used from forfeited nonvested accounts to pay administrative expenses.

Note 1 - Description of Plan (Continued)

Payment of Benefits

A participant may elect to receive benefit payments at the normal retirement age of 65, or at an early retirement date. The Plan also provides for distribution of benefits upon death or in the event of disability of the participant. Upon retirement, death or disability, all amounts credited to the participant's account shall be distributed to the participant or his or her beneficiary, as applicable, in a lump-sum amount, partial withdrawals, or annual or more frequent installments over a period of time.

Hardship withdrawals are not permitted in the Plan except for hardship incurred by the participant's primary beneficiary.

In-service distributions may be made from a participant's account at any time upon or after the occurrence of the following events:

- Participant's attainment of age 59½,
- Withdrawals after age of 70½,
- Withdrawals after normal retirement age,
- Withdrawals for participants performing qualified military service.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See Note 3 for more discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded on the accrual basis. The net appreciation (depreciation) in fair value of investments, includes gains and losses on investments bought and sold, as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

The Company pays certain costs associated with the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth the Plan's investment assets at fair value by level within the fair value hierarchy as of December 31:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,955,199	$ -	$ -	$ 2,955,199

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,307,907	$ -	$ -	$ 2,307,907
Total investments at fair value	$ 2,307,907	$ -	$ -	$ 2,307,907

Note 4 - Excess Contributions Payable

Subsequent to December 31, 2018, certain 2018 participant contributions were deemed to be excess contributions under the Internal Revenue Code ("IRC"). Such contributions and the related investment earnings thereon were refunded to the Plan participant in 2019. A liability for excess contributions of $822 was recorded in the Plan's financial statements at December 31, 2018.

Note 5 - Plan Termination

Although the Company has not expressed any intention to do so, the Company reserves the rights to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

Note 6 - Tax Status

On April 10, 2014, the IRS stated that the prototype (volume submitter) adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received a determination letter specified to the Plan itself; however, the Plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Note 6 - Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities designated by participants. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and, that such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The outbreak of COVID-19 has adversely affected, and may continue to adversely affect, economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 pandemic may continue to adversely affect the Plan. The extent of the adverse impact to the amounts reported in the December 31, 2019 statements of net assets available for benefits will depend on future developments that are highly uncertain and cannot be accurately predicted.

Note 8 - Subsequent Events

The Plan has evaluated subsequent events through October 13, 2020, the date on which the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States. The full impact of COVID-19 continues to evolve as of the date of this report. The pandemic has adversely affected economic activity and greatly contributed to significant deterioration and instability in the financial markets. As a result, the Plan's investment portfolio has experienced significant fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized, if any, in a subsequent period is not determinable at this time.

In response to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted on March 27, 2020. The CARES Act is a stimulus package that is a part of a series of bills meant to address the economic uncertainties associated with COVID-19. The provisions implemented through the CARES Act include an allowance for a distribution of up to $100,000 that is exempt from the 10% early withdrawal penalty, an increase in the participant loan limits to the lesser of $100,000 or the participant's entire vested balance, and a 1-year extension on the due date of any participant loans currently due between March 27, 2020 and December 31, 2020. The impact of the CARES Act on the Plan is unknown.

Independent Auditors' Report

The Plan Trustees of
Gem Financial Services Inc. 401(k) Profit Sharing Plan and Trust

We have audited the accompanying financial statements of Gem Financial Services Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Description of Plan

The following brief description of Gem Financial Services Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan (a prototype plan) is a defined contribution plan covering employees of Gem Financial Services, Inc., Gem Pawnbrokers of NY Inc., Gem of Melville, Inc., Gem of Mount Vernon Inc., Gem Pawnbrokers Long Island Corp., Gem of Merrick Inc., Gem of Hicksville LLC, and Gem of Valley Stream LLC (collectively, the "Company") who are at least 21 years of age and have completed one year of service (1,000 hours of service). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2019, the Plan agreement was amended and restated to adopt the safe harbor cash or deferred arrangement (CODA) plan provision. The restated plan provides for employer contributions that are fully vested when made.

Participants' Contributions

Each year, participants may contribute up to 92% of pre-tax annual or after-tax compensation, as defined in the Plan, not to exceed the limit permitted under the Internal Revenue Service ("IRS") regulations each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Employer's Contributions

Effective January 1, 2019, the Company will make safe harbor contributions on behalf of eligible contributing participants making elective deferrals to the Plan equal to an amount equal to the participant's elective deferrals that does not exceed 3% of his/her compensation for the plan year, plus 50% of his/her elective deferrals that exceed 3% of his/her compensation for the plan year but does not exceed 5% of his/her compensation for the plan year. The Company made employer matching contributions of $107,292 for the year ended December 31, 2019. The Company may make discretionary profit-sharing contributions on behalf of qualifying participants who have completed at least 500 hours of service during the Plan year or are employed on the last day of the Plan year. The Company did not make discretionary profit sharing contributions for the year ended December 31, 2019.

Rollovers

Rollover contributions are permitted into the Plan in accordance with the IRS regulations and plan provisions.

Participant Accounts

Participant accounts are self-directed. The Plan's assets are held by Mid Atlantic Trust Company, the Plan custodian ("custodian") for the exclusive purpose of providing benefits to Plan participants and their beneficiaries. Paychex Inc. acts as the recordkeeper and third-party administrator of the Plan ("recordkeeper").

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching contributions, discretionary profit-sharing contributions, and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participant determines the percentage of compensation to be deferred (subject to the limitations stated above) and the investment selections from any of the investment options offered by the Plan.

Notes Receivable From Participants

A participant may request a loan of before-tax contributions subject to the limitations set forth in the Plan. The minimum loan is $1,000 and the maximum amount of an outstanding loan cannot exceed the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance. Under no event will the loan amount exceed $50,000. The $50,000 is reduced by the highest outstanding loan balance during the one-year period ending on the day before the date the loan agreement becomes effective. Only one loan outstanding is permitted at any given time. All loans are repaid by payroll deductions and the loans are carried at their outstanding balance, which approximated fair value and must be completed within 4.5 years (54 months), except for loans for the purchase of a primary residence, in which case the loan repayment period may be extended to ten years. The loans are secured by the balance in the participant's account and bear an interest rate at prime rate plus 1%. The prime rate will be updated by the recordkeeper when prime rate changes on the first business day of the month. The interest rate shall remain fixed throughout the duration of the loan.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess participant contributions to the affected participant prior to March 15, 2019.

Vesting

Effective January 1, 2019, plan participants are 100% fully vested in their rollover contribution, salary deferral contributions, safe harbor matching contributions, profit-sharing contributions, and actual earnings thereon.

Forfeited Accounts

If a participant terminates employment with the Company, the non-vested portion of the participant's account is forfeited. Forfeited balances can first be used to pay administrative expenses, and any remaining amounts can be used to reduce future employer contributions. At December 31, 2019 and 2018, unallocated forfeitures totaled $20 and $822, respectively. For the year ended December 31, 2019, $821 was used from forfeited nonvested accounts to pay administrative expenses.

Note 1 - Description of Plan (Continued)

Payment of Benefits

A participant may elect to receive benefit payments at the normal retirement age of 65, or at an early retirement date. The Plan also provides for distribution of benefits upon death or in the event of disability of the participant. Upon retirement, death or disability, all amounts credited to the participant's account shall be distributed to the participant or his or her beneficiary, as applicable, in a lump-sum amount, partial withdrawals, or annual or more frequent installments over a period of time.

Hardship withdrawals are not permitted in the Plan except for hardship incurred by the participant's primary beneficiary.

In-service distributions may be made from a participant's account at any time upon or after the occurrence of the following events:

- Participant's attainment of age 59½,
- Withdrawals after age of 70½,
- Withdrawals after normal retirement age,
- Withdrawals for participants performing qualified military service.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See Note 3 for more discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded on the accrual basis. The net appreciation (depreciation) in fair value of investments, includes gains and losses on investments bought and sold, as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

The Company pays certain costs associated with the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth the Plan's investment assets at fair value by level within the fair value hierarchy as of December 31:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,955,199	$ -	$ -	$ 2,955,199
Total investments at fair value	$ 2,955,199	$ -	$ -	$ 2,955,199

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,307,907	$ -	$ -	$ 2,307,907
Total investments at fair value	$ 2,307,907	$ -	$ -	$ 2,307,907

Note 4 - Excess Contributions Payable

Subsequent to December 31, 2018, certain 2018 participant contributions were deemed to be excess contributions under the Internal Revenue Code ("IRC"). Such contributions and the related investment earnings thereon were refunded to the Plan participant in 2019. A liability for excess contributions of $822 was recorded in the Plan's financial statements at December 31, 2018.

Note 5 - Plan Termination

Although the Company has not expressed any intention to do so, the Company reserves the rights to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

Note 6 - Tax Status

On April 10, 2014, the IRS stated that the prototype (volume submitter) adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received a determination letter specified to the Plan itself; however, the Plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Note 6 - Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities designated by participants. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and, that such change could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The outbreak of COVID-19 has adversely affected, and may continue to adversely affect, economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 pandemic may continue to adversely affect the Plan. The extent of the adverse impact to the amounts reported in the December 31, 2019 statements of net assets available for benefits will depend on future developments that are highly uncertain and cannot be accurately predicted.

Note 8 - Subsequent Events

The Plan has evaluated subsequent events through October 13, 2020, the date on which the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States. The full impact of COVID-19 continues to evolve as of the date of this report. The pandemic has adversely affected economic activity and greatly contributed to significant deterioration and instability in the financial markets. As a result, the Plan's investment portfolio has experienced significant fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized, if any, in a subsequent period is not determinable at this time.

In response to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted on March 27, 2020. The CARES Act is a stimulus package that is a part of a series of bills meant to address the economic uncertainties associated with COVID-19. The provisions implemented through the CARES Act include an allowance for a distribution of up to $100,000 that is exempt from the 10% early withdrawal penalty, an increase in the participant loan limits to the lesser of $100,000 or the participant's entire vested balance, and a 1-year extension on the due date of any participant loans currently due between March 27, 2020 and December 31, 2020. The impact of the CARES Act on the Plan is unknown.
