NOTE 1. DESCRIPTION OF PLAN

The following description of Schilling Paradise Corp. 401(k) Prevailing Wage Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 2012, is a volume submitter plan. It is a defined contribution plan covering all eligible employees of Schilling Paradise Corp. (the "Company" or "Sponsor") and JAAM Builders Inc., an affiliate of the Company and participating employer in the Plan. Principal Trust Company and Principal Life Insurance Company are the custodians of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "IRC").

Eligibility

Employees of the Company are eligible to participate in the Plan with the exception of those whose employment is governed by a collective bargaining agreement under which retirement benefits were negotiated, nonresident aliens with no United States sourced earned income, and leased employees. Effective January 1, 2019, all other employees are generally eligible to enter the Plan immediately upon their date of hire.

Contributions

Participant contributions:

Eligible participants may elect to contribute up to 100% of their pre-tax compensation, as defined, subject to limitations imposed by the IRC. Participants may elect to designate all or a portion of their contributions as Roth (after-tax) deferrals. Participants who are age 50 or older may elect to contribute additional amounts (called "catch-up contributions") to the Plan. Participants may also contribute amounts representing rollover distributions from other qualified sources.

Employer matching contributions:

The Company may make matching contributions equal to a discretionary percentage of participant contributions, as determined by the employer. To share in any employer matching contributions, a participant must be employed on the last day of the Plan year and have been credited with at least 1,000 hours of service, as defined, during the Plan year. In the event an employee dies during the year, or terminates employment due to becoming disabled or after reaching normal retirement age (65), these conditions are waived. In June 2020, the Company made matching contributions to the Plan for 2019 in the amount of $149,081 which is reflected as an employer contribution receivable as of December 31, 2019. The Company matched 100% of participant contributions up to 3% for the year ended December 31, 2019.

Employer profit sharing contributions:

The Company may also make discretionary profit sharing contributions to the Plan each year. The Company made no such contributions to the Plan for 2019.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Employer prevailing wage contributions:

The Company makes prevailing wage contributions on behalf of each participant who performs services subject to certain federal, state, or municipal prevailing wage statutes. The prevailing wage contribution is equal to the balance of the fringe benefit payment for health and welfare for each participant (after deducting the cost of cash differential payments for the participant) based on the hourly contribution rate for the participant's employment classification, as defined. The prevailing wage contributions are not subject to the aforementioned age and service requirements and are fully vested upon contribution. During 2019, the Company made prevailing wage contributions to the Plan in the amount of $884,246, of which $9,630 is a receivable at December 31, 2019.

Participant Accounts

All investments are participant-directed. Each participant's account is credited with the participant's contributions, any employer matching and prevailing wage contributions, and an allocation of (a) any profit-sharing contributions made by the employer, (b) investment earnings and losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always fully vested in their contributions and employer prevailing wage contributions, plus actual earnings thereon. Participants vest in any employer matching and profit-sharing contributions in accordance with the following schedule:

Years of Credited Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

In the event of termination due to death or total and permanent disability, or upon reaching normal retirement age, participants shall become 100% vested in all aspects of their accounts.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions and any employer contributions to any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants (Participant Loans)

Participants may borrow against their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested interests in their account balances, reduced by the highest outstanding loan balance in their account during the prior twelve-month period. Participants may have up to four loans outstanding at any one time. Such loans are required to be repaid within five years. Loans are secured by a participant's vested account balance. Participant loans bear a fixed rate of interest set at the time of the loan and equal to the prime interest rate, as defined, plus 1%. Principal and interest are paid regularly to the Plan directly by participants who receive a monthly remittance notice and/or through payroll deductions. As of December 31, 2019, the interest rate on outstanding loans ranged from 3.50% to 6.50%.

Payment of Benefits

Upon disability, death, termination, or retirement, participants or their beneficiaries may receive a distribution of their vested accounts in a lump sum, partial payments, or defer distribution until a later date if the account exceeds $5,000. However, if such a participant's vested account balance is less than $5,000, but greater than $1,000, the Plan may roll the balance into an individual retirement account designated by the Plan administrator. Also, at its discretion, the Plan may elect to distribute vested account balances of less than $1,000. Generally, initial distributions must begin no later than April 1 of the calendar year following the year in which the participant attains the age of 70½ or retires.

In certain other situations, participants may also withdraw their vested funds while still employed with the Company. Participants may withdraw all or part of their vested account balances once they reach age 59½. At any time and at any age, participants may withdraw any amounts representing rollover contributions into the Plan. In addition, participants may withdraw all or a portion of their salary deferral account balances upon approval of the Plan administrator and subject to Internal Revenue Service ("IRS") hardship withdrawal rules. After making a hardship withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of the hardship.

Effective February 11, 2019, a participant may withdraw all or a portion of their vested employer contribution account balances as defined in the Plan document.

Forfeitures

The nonvested balance of a separated participant's account is forfeited when a distribution of vested benefits is made. For separated participants who do not receive a distribution of vested benefits, the nonvested balance is forfeited after five consecutive years of breaks in service have occurred (as defined). Forfeitures may be used at the discretion of the Company for any allowable purpose. The forfeitures balances and activity are minimal as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Bipartisan Budget Act

In February 2018, Congress passed the Bipartisan Budget Act (the "Act"). Among other things, the Act provides relief with respect to hardship withdrawal requirements including the following: (1) a participant will not be required to obtain a plan loan before requesting a hardship withdrawal, (2) a participant's deferral contributions will not be suspended after receipt of a hardship withdrawal, and (3) earnings on elective deferral contributions in a participant's account will be eligible for hardship withdrawal purposes. The provisions of the Act may be implemented for Plan years beginning January 1, 2019 and may be effective prior to formally amending the Plan document. The Plan has not adopted the provisions of the Act with respect to hardship withdrawal requirements.

Administrative Expenses

Certain administrative expenses of the Plan, such as legal, accounting, and other fees are paid by the Company. Certain account-specific fees, such as any distribution or loan fees, are paid from the accounts of the transacting participants.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Recently Issued Accounting Standard

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-09, *Codification Improvements*. ASU 2018-09 clarifies that a plan would need to determine whether a readily determinable fair value exists or whether those investments may qualify for the practical expedient to measure at net asset value in accordance with *Topic 820, Fair Value Measurement*. This new guidance is effective for the Plan beginning on January 1, 2020 and is not expected to have a material impact on the Plan's financial statements.

In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 improves the disclosure requirements for fair value measurements. This new guidance is effective for the Plan beginning on January 1, 2020 and is not expected to have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued (Note 10).

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan's investments were held by the custodians of the Plan, Principal Trust Company and Principal Life Insurance Company, as of December 31, 2019 and 2018. All investments are participant-directed. All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2019 and 2018, and the supplemental schedule (Schedule H, Part IV, Line 4i) as of December 31, 2019, and net realized and unrealized appreciation or depreciation in fair value of investments, dividend and interest income, and other income for the year ended December 31, 2019, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the custodians.

NOTE 4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan. In addition, certain investments are managed by custodians of the Plan's assets. These transactions qualify as exempt party-in-interest transactions.

NOTE 5. INCOME TAX STATUS

The Sponsor has adopted a volume submitter plan and relies upon its opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the Plan and related trust are designed in accordance with applicable requirements of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. In addition, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

NOTE 5. INCOME TAX STATUS (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 6. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

NOTE 6. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2019 and 2018. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies (mutual funds): Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the net asset value of units of the respective collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the net asset value of units of the respective pooled separate account. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 291,089	$ -	$ -	$ 291,089
Total assets in the fair value hierarchy	$ 291,089	$ -	$ -	291,089
Common/collective trusts measured at net asset value [(a)]				2,987,006
Pooled separate accounts measured at net asset value [(a)]				229,970
Total investments at fair value				$ 3,508,065

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 144,436	$ -	$ -	$ 144,436
Total assets in the fair value hierarchy	$ 144,436	$ -	$ -	144,436
Common/collective trusts measured at net asset value [(a)]				2,126,922
Pooled separate accounts measured at net asset value [(a)]				189,575
Total investments at fair value				$ 2,460,933

(a) Certain investments (pooled separate accounts and common/collective trusts) that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the investments presented in the statements of net assets available for benefits.

NOTE 6. FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes certain characteristics of the Plan's investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments, and the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (Participant)	Redemption Notice Period (Plan)
As of December 31, 2019:				
Common/collective trusts	$ 2,987,006	N/A	Daily	N/A
Pooled separate accounts	$ 229,970	N/A	Daily	N/A
As of December 31, 2018:				
Common/collective trusts	$ 2,126,922	N/A	Daily	N/A
Pooled separate accounts	$ 189,575	N/A	Daily	N/A

In addition, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3 between December 31, 2018 and 2019.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 8. EXCESS CONTRIBUTIONS DUE TO PARTICIPANTS

To satisfy certain nondiscrimination provisions of the Plan for the years ended December 31, 2019 and 2018, $9,044 and $3,057, respectively, of excess participant contributions were disbursed from the Plan subsequent to each respective year end. The December 31, 2019 amount has been netted against participant contributions in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019. The 2019 IRS Form 5500, Schedule H, Part II presents the excess contributions as corrective distributions, a separate category of deductions from net assets.

NOTE 9. OPERATIONAL FAILURE

During 2019, the Company identified an operational failure relating to vesting of employer matching contributions which resulted in missed forfeitures for account balances that should have been less than 100% vested. The Company and the Plan administrator are currently working to determine the participants affected and the corrective actions needed under the IRS Employee Plans Compliance Resolution System's Self-Correction Program. Based on the actions intended to be taken, Plan management and the Company believe the aforementioned operational failure will not cause the Plan to be disqualified by the IRS and that the self-corrective actions would allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTE 10. SUBSEQUENT EVENTS

COVID and CARES Act

In December 2019, a novel strain of coronavirus was reported to have surfaced in China. The spread of this virus beyond China and within the United States of America ("U.S.") has caused business disruption as a result of mandated closings of businesses designated as non-essential and certain other social distancing measures across the U.S. On March 11, 2020, the World Health Organization declared COVID-19, the illness caused by the coronavirus, a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets, which could materially affect participant account balances and the amounts reported in the financial statements. Because of the uncertainty of the duration of the pandemic and its effects on the markets at this time, management is unable to estimate its impact on the Plan and participant accounts.

Also in March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). Among other things, the CARES Act provides for expanded distribution options and favorable tax treatment for up to $100,000 of coronavirus-related distributions, as defined, from eligible retirement plans to qualified individuals, as well as special rollover rules with respect to such distributions. It also increases the limit on the amount a qualified individual may borrow from an eligible retirement plan and permits a plan sponsor to provide qualified individuals up to an additional year to repay their plan loans. The provisions of the CARES Act may be implemented immediately, prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act. Plan management expects to formally amend the Plan by December 31, 2022, as required by the Act.

Employer Matching Contributions

Effective January 1, 2020, the Plan was amended to remove the 1,000 hours of service requirement to be eligible for employer matching contributions.
