1. DESCRIPTION OF THE PLAN

The following description of the Profit Sharing & 401(k) Plan of Safra National Bank of New York (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Safra National Bank of New York (the Company) effective July 27, 1987. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective April 8, 2019 to include Safrapay, Inc as a participating entity within the Plan.

Eligibility

All employees of the Company are eligible for participation in the Plan except for residents of Puerto Rico, leased employees, trainees on an H3 visa (or other applicable visa), temporary employees, consultants, independent contractors or those working on the basis of a retainer or fee pursuant to a contract with the Company (including interns). Eligible employees may participate in the Plan immediately upon hire.

Participant Contributions

Participants may make pre-tax or after-tax (Roth) contributions to the Plan up to 60% of compensation (including bonus compensation up to 60% of the bonus paid, in addition, up to 100% of any profit-sharing bonus paid), as defined by the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled $19,000 for the year ended December 31, 2019. Participants who have attained or are expected to attain the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions subject to limitations imposed by the Code, which totaled $6,000 for the year ended December 31, 2019. Participants may roll over amounts, to the Plan, representing distributions from other qualified retirement plans.

Company Contributions

The Company makes safe harbor contributions equal to 4% of participants' eligible compensation and may also make annual non-elective discretionary profit-sharing contributions to the Plan. The amount of the discretionary contribution is determined by the Company each year. Contributions are calculated on an annual basis. For the year ended December 31, 2019, the Company made a safe harbor contribution in the amount of $1,754,455. The Company made a discretionary profit-sharing bonus, in which, participants could have elected to receive the amount as a cash bonus paid directly to them, or defer the bonus as an employee contribution into the Plan. For the year ended December 31, 2019, $31,331of the bonus was deferred into the plan.

1. DESCRIPTION OF THE PLAN – cont'd.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and Company contributions in accordance with the investment options selected by each participant. Any earnings, losses, and administrative expenses are allocated to a participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their salary deferred compensation, the Company safe harbor contributions, any rollover contributions, and any non-elective discretionary profit-sharing contributions to the Plan, plus actual earnings thereon.

Payment of Benefits

Upon termination of service, death, disability, retirement (age 65), or the attainment of age 59 ½, a participant (or their beneficiary, in the event of death) is entitled to a lump-sum distribution of their vested account balance, as defined by the Plan. Upon termination of service, participants with vested account balances equal to or less than $1,000 will receive a lump sum distribution. Those participants with vested account balances between $1,000 and $5,000 that have not elected to distribute their balance will have their balance rolled over into an individual retirement account designated by the Plan Administrator. Distributions are subject to the applicable provisions of the Plan agreement. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 31, 2019 and 2018, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not been paid by year-end.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed $50,000, without regard to the intended use of the funds. The minimum note amount is $1,000 and a participant may hold only one outstanding note at any given time. The notes are collateralized by the participant's vested account balance. The interest rate on the loan will be determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans at the time of loan issuance. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes for the purchase of a primary residence are to be repaid within ten years from the original date of the loan.

1. DESCRIPTION OF THE PLAN – cont'd.

Forfeitures

Forfeitures result from excess profit-sharing and safe harbor contributions made by the Company. Forfeited balances shall first be used to reduce administrative expenses and any remaining amounts can be used to reduce future Company contributions. The forfeitures account totaled $84 and $7,461 as of December 31, 2019 and 2018, respectively. Forfeitures used to reduce administrative expenses totaled $7,461 during the year ended December 31, 2019.

Plan Expenses

Certain administrative expenses are paid by either the Plan or the Company as provided by the Plan. During the year ended December 31, 2019, the Company did not elect to pay any portion of the Plan's direct expenses. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting whereby income is recognized when earned and expenses are recognized when incurred.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Recently Issued Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminates, amends and adds disclosure requirements relating to fair value reporting. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 for all entities, with early adoption permitted only for eliminated and modified disclosure requirements. All changes should be prospectively applied to all periods presented. Management has not elected to early adopt ASU 2018-13 during the year ended December 31, 2019 and is currently evaluating its future effect on the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Interests in registered investment companies: Valued at the closing price of shares held by the Plan at year-end. Shares are traded on an active market.

Interest in common/collective trust: Valued at the net asset value (NAV) as determined by the issuer.

Interests in self-directed funds:

- *Interest bearing cash:* Valued at amortized cost plus accrued interest, which approximates fair value.

- *Interests in registered investment companies:* Valued at the closing price of shares held by the Plan at year-end. Shares are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 39,090,082	$ -	$ -	$ 39,090,082
Interests in self-directed funds	1,352,694	-	-	1,352,694
Total assets in the fair value hierarchy	40,442,776	-	-	40,442,776
Interest in common/collective trust (a)	n/a	n/a	n/a	3,106,521
Total investments, at fair value	$ 40,442,776	$ -	$ -	$ 43,549,297

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 27,783,844	$ -	$ -	$ 27,783,844
Interests in self-directed funds	1,073,820	-	-	1,073,820
Total assets in the fair value hierarchy	28,857,664	-	-	28,857,664
Interest in common/collective trust (a)	n/a	n/a	n/a	2,928,277
Total investments, at fair value	$ 28,857,664	$ -	$ -	$ 31,785,941

(a) In accordance with ASC 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

In accordance with the fair value measurements and disclosure guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for Plan investments, the fair value of which are estimated using the net asset value per share as a practical expedient, as of December 31,:

	2019	2018	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Common/Collective Trust[(a)]	$ 3,106,521	$ 2,928,277	Daily	None	n/a

(a) Funds in this category invest in conventional and synthetic investment contracts issued by insurance companies. Individual assets of the conventional and synthetic investment contracts include domestic and foreign fixed income securities and investments in investment companies or collective investment trusts.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 7, 2020, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure, except as disclosed in Note 8.

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2019 and 2018, and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan, Fidelity Management Trust Company (FMTC or the Trustee).

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations, Inc. (FIIOC). FIIOC is related to the Plan's Trustee. The Company provides certain accounting and administrative services to the Plan for which no fees are charged. The Plan allows participants to borrow against their vested account balances. All such transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

5. INCOME TAX STATUS

The Plan adopted a volume submitter plan, which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The opinion letter states that the Plan document is acceptable and may be relied on by an adopting employer with respect to the qualification of the Plan under Section 401(a) of the Internal Revenue Code of 1986 (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan continues to be qualified, and the related trust tax-exempt.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. Given the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2019 and 2018.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan, subject to the provisions of ERISA.

7. RECONCILATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as reported on the financial statements to the Form 5500 as of December 31,:

	2019	2018
Net assets available for benefits reported on the financial statements	$46,097,048	$34,060,360
Fair value adjustment	41,883	(31,084)
Net assets available for benefits reported on the Form 5500	$46,138,931	$34,029,276

The following is a reconciliation of the change in net assets available for benefits as reported on the financial statements to the Form 5500 for the year ended December 31, 2019:

Net increase in net assets available for benefits reported on the financial statements	$12,036,688
Change in fair value adjustment	72,967
Net increase in net assets available for benefits reported on the Form 5500	$12,109,655

8. SUBSEQUENT EVENT

In December 2019, a novel strain of coronavirus (COVID-19) was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern". Subsequent to year-end, COVID-19 began to spread throughout the United States. Efforts to contain COVID-19, including restrictions mandated by the Federal and State governments have caused numerous businesses to close or operate remotely in an effort to prevent COVID-19 from spreading more rapidly. As of the report date, the Plan has experienced an immediate impact from COVID-19 due to the volatility of the financial markets. The future extent of the impact of COVID-19 on the Plan's operations including but not limited to further market decline, and future Company contributions to the Plan will depend on future developments, including the duration and spread of the outbreak, which is highly uncertain and cannot be predicted.

To the Plan Administrator and Those Charged with Governance of the
Profit Sharing & 401(k) Plan of Safra National Bank of New York:
546 Fifth Avenue
New York, NY 10036

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Profit Sharing & 401(k) Plan of Safra National Bank of New York (the Plan) as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

This communication is intended solely for the information and use of the Plan administrator, those charged with governance, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

We especially wish to thank Jackelyn Serrano for all of her assistance during the audit. It has been a pleasure to serve the Profit Sharing & 401(k) Plan of Safra National Bank of New York.
