NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements of San Antonio Wings, Inc. 401(k) Plan (the "Plan") are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Recognition of Income: The basis of investments held by the Plan are adjusted annually to the closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds (registered investment companies) are carried at fair market value (net asset value), as determined by quoted prices of comparable assets in an active market. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) included in changes in net assets are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Investments in guaranteed interest contracts (a collective investment trust) are carried at contract value which represents net contributions plus interest at the contract rate. The contracts are fully benefit-responsive.

Payment of Benefits: Benefit payments are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to the mutual funds are reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: The Financial Accounting Standards Board issued Accounting Standards Update 2018-13 which modifies the required fair value measurement disclosures. Management has determined this standard will not have an effect on the financial statements.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Contributions: Participants may contribute to the Plan as allowed by the Internal Revenue Code and the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may elect to contribute a matching contribution, the amount of which is determined by the Board of Directors and allocated based on each participant's contributions. Participants also direct the investment of any matching contribution received. Contributions are subject to certain limitations.

NOTE B - DESCRIPTION OF PLAN - continued

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts, plus actual earnings thereon is based on years of service. A participant is 100% vested after three years of credited service.

Forfeitures: Forfeitures are retained in the Plan and may be used to pay for administrative expenses, allocated to the remaining participants or considered as employer contributions. Forfeited non-vested accounts totaled $2,500 at December 31, 2019 and $2,304 at December 31, 2018.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time detailed in the Plan.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE C - INVESTMENTS CERTIFIED BY THRID PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, plan investments at December 31, 2019 and 2018, and the related investment earnings for the years then ended, were certified and held by Nationwide Financial Services, Inc., the Custodian, and were not audited by the independent auditor.

NOTE D - INCOME TAX STATUS

The Plan is a prototype standardized profit sharing plan developed by SCI, Inc. The Plan has been amended and restated for changes required by ERISA. This amended and restated prototype standardized profit sharing plan received a favorable determination letter from the Internal Revenue Service. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns since inception are subject to examination.

NOTE E - GUARANTEED INTEREST CONTRACT

The Plan entered into a group fixed annuity contract with Nationwide Financial Services, Inc. (Nationwide) with a contract value of $9,161 at December 31, 2019 and $7,079 at December 31, 2018. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed interest contract is fully benefit-responsive and is stated at contract value, the relevant measurement. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings less participant withdrawals. Participants may ordinary direct withdrawals or transfers of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact a contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor that cause a significant withdrawal from the Plan, or (3) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. The contract continues in force until all assets have been distributed, or no further payments are due.

NOTE F - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE F - FAIR VALUE MEASUREMENTS - continued

The following table sets forth by level, within the fair value hierarchy, investments measured at fair value:

	Fair Value Measurements Using			
December 31, 2019:	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 525,682	$ -	$ -	$ 525,682
Investments measured at fair value	$ 525,682	$ -	$ -	$ 525,682
December 31, 2018:				
Mutual funds	$ 373,231	$ -	$ -	$ 373,231
Investments measured at fair value	$ 373,231	$ -	$ -	$ 373,231

There have been no changes in methodologies used for investments measured at fair value, nor any transfers among levels. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G - TRANSACTIONS WITH PARTIES - IN - INTEREST

The Plan includes certain investments managed by Nationwide Financial Services, Inc., the Plan Custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE H – SUBSEQUENT EVENTS

Due to the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have triggered volatility in the financial markets and the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has operationally implemented certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
