NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

1 Description of Plan

The following description of the Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began November 11, 1991 is a defined contribution plan covering all employees of Mid-Ohio Pipeline Company, Inc. and Mid-Ohio Pipeline Services LLC (collectively referred to as the “Company”) who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 1, 2018, the Plan was amended to eliminate the service requirement for purposes of determining eligibility to participate in the Plan.

Effective January 1, 2019, the Plan was amended to clarify the eligibility requirements for employer profit sharing contributions.

Eligibility:

All employees of the Company age eighteen and older are eligible to participate in the Plan. Prior to July 1, 2018, all employees of the Company age eighteen and older and who were employed for one year (1,000 hours of service) were eligible to participate in the Plan.

For purposes of Company profit sharing contributions, participants who are age 21, completed 1,000 hours of service and are employed by the Company on the last day of the Plan year are eligible.

Contributions:

Employee Contributions – Participants may elect a portion of their compensation to be contributed to the Plan by the Company.

Employer Matching Contributions- The Company offers a discretionary matching contribution. The Company will match 4% of the eligible compensation for individuals participating. Matching contributions totaled \$418,965 and \$363,655 in 2019 and 2018, respectively. Subsequent to year end, the Company temporarily suspended employer matching contributions effective April 1, 2020.

Employer Discretionary Contributions - The Company may make profit sharing contributions. Such contributions shall be allocated to each participant in proportion to his or her compensation for the calendar year. Profit sharing contributions were \$906,765 in 2019 and \$0 in 2018, respectively.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

1 Description of Plan, Continued

Participants' Accounts:

Each participant's account is credited with the participant's elective contributions, employer matching contributions, employer discretionary contributions, and earnings and losses thereon.

Vesting:

All participants are 100% vested in elective deferral and rollover contributions made to the Plan.

Vesting in the participant's employer matching and employer discretionary account balances is based on years of service. A participant is vested as follows:

Years of Service	Vested %
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures:

Forfeitures due to termination from the Plan before a participant is 100% vested shall either be added to employer contributions and allocated in the same manner or used to pay allowable administrative expenses.

Forfeited non-vested accounts totaled \$706 and \$0 as of December 31, 2019 and 2018 respectively.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at rates established by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

Normal retirement age is 59-1/2, however, a participant may elect early retirement on or after age 55 as long as the participant has completed 6 years of service with the Company.

NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

1 Description of Plan, Continued

Payment of Benefits:

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account. Benefits are recorded when paid.

Hardship Withdrawals:

Hardship withdrawals are not permitted.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Recent Accounting Pronouncements:

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended December 31, 2019. The effect of the adoption is an overall reduction in the disclosures related to fair value measurement.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Mid-Ohio Pipeline Co., Inc. Employee Profit Sharing Plan

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

Substantially all administrative fees are paid by the Company.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Risks and Uncertainties:

The Plan's assets include investments in mutual funds and a money market fund with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

3 Tax Status

The Plan adopted a prototype plan from Ascensus LLC. On January 1, 2018, the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Subsequent Events

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 13, 2020, which is the date the financial statements were available to be issued.

5 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds:

The fair values of the mutual funds are based on quoted market prices. As such, these are reported as Level 1 in the fair value hierarchy.

Money Market Fund:

The money market fund is registered as an open-end investment company and its underlying securities are valued at amortized cost, which approximates market value. While the underlying investments are traded in an active market, the fund itself is not and is, therefore, classified in Level 2 of the valuation hierarchy.
