WELLINGTON INSURANCE SERVICES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

A. Description of the Plan

General

The following brief description of the Wellington Insurance Services 401(k) Plan and Trust (the "Plan") is provided for general information purposes only. The Plan is sponsored by Wellington Insurance Services, Inc. (the "Company"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Fort Worth, Texas.

The Plan was established effective January 1, 2000, restated effective March 15, 2014 and April 1, 2016, and is a 401(k) salary deferred plan covering substantially all employees of the Company who have attained age 21 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of their annual compensation, as defined by the Plan on a pre-tax and/or after-tax basis, subject to limitations on total annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make rollover contributions to the Plan. The Plan provides for automatic employee enrollment at 3% of annual compensation, as defined by the Plan, on a pre-tax basis after three months of service. The elective deferral rate increases by 1% per year up to a maximum of 6% for all participants who are automatically enrolled.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company will match 50% of participant contributions up to 6% of the participant's eligible compensation. The Company may make profit sharing contributions to the Plan in the amounts determined each year by the Company. No profit sharing contributions were made by the Company during 2019 or 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

A. Description of the Plan – continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	10%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of reaching normal retirement age, reaching early retirement age and completing six years of service, termination of the Plan, disability, or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balances. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate. As of December 31, 2019, interest rates ranged from 3.25% to 5.50%. As of December 31, 2018, interest rates ranged from 3.25% to 5.25%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balances. Benefits are distributed in the form of rollovers or lump-sum payments. If withdrawing participants are not entitled to their entire account balances, the amounts not received are forfeited.

A. Description of the Plan – continued

Benefit Payments – continued

Certain in-service withdrawals are allowed. A participant may elect to withdraw all or a portion of his/her salary reduction contributions while employed after reaching age 59 ½. A participant may also receive a hardship distribution from his/her vested account balance if the distribution is: (1) on account of medical expenses incurred by the participant, his/her spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence for the participant; (3) for the payment of post-secondary tuition expenses for the participant, his/her spouse, or dependents; (4) to prevent eviction of the participant from his/her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for funeral expenses for the participant's parent, spouse, or dependents; (6) to repair the participant's principal residence that would qualify as a casualty loss deduction under the Code; or (7) expenses and losses (including loss of income) incurred by the employee on account of a disaster declared by the Federal Emergency Management Agency.

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Under the new provisions, participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal. In addition, the reasons for heavy financial need were also expanded to include certain disaster events and casualty losses not associated with disasters.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions and non-elective contributions for the year. Approximately $17,000 of forfeitures were allocated to reduce employer matching contributions during the year ended December 31, 2019. No forfeitures were used to reduce employer matching contributions during 2018. There were approximately $71,000 and $75,000 of unallocated forfeitures as of December 31, 2019 and 2018, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct his/her salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. Some administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

- Self-directed funds represent participant selected investments in publicly traded securities and are considered Level 1, as the investments included in each account have readily available quoted prices in active markets.

- The money market fund is valued based on the short-term cash component as of the measurement date and is classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following tables detail the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2019 and 2018. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

C. Fair Value Measurements – continued

	Level 1 2019	Level 1 2018
Mutual funds	$ 9,173,812	$ 6,677,089
Self-directed funds	430,518	406,450
Money market fund	267,018	243,315
Total investments at fair value	$ 9,871,348	$ 7,326,854

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no transfers between levels.

D. Information Certified by the Record Keeper on Behalf of the Trustee

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the investment information certified by the record keeper on behalf of the trustee, which included total investments as of December 31, 2019 and 2018, the total investment income (loss) for the years ended December 31, 2019 and 2018, and all information included in the supplemental Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

E. Tax Status

Effective April 1, 2016, the Plan was amended and restated by the adoption of the Ascensus Inc. Prototype Non-Standardized Profit Sharing Plan with CODA, which has a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

E. Tax Status – continued

GAAP requires management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participants' accounts will become 100% vested.

G. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in self-directed funds managed by Merrill Lynch. Merrill Lynch acts as the Plan's investment advisor. Transactions in such investments, as well as notes receivable from participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net decrease in net assets available for benefits for the year ended December 31, 2018, per the accompanying financial statements to the Form 5500. There were no such reconciling items for the year ended December 31, 2019.

	2018
Net decrease in net assets available for benefits per the financial statements	$ (110,027)
2017 excess contributions payable	(8,174)
Net decrease in net assets available for benefits per the Form 5500	$ (118,201)

H. Reconciliation of Financial Statements to Form 5500 – continued

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 12, 2020, the date the financial statements were available for issuance.

Subsequent to December 31, 2019, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") to be a global health pandemic which continues to spread throughout the United States of America. COVID-19 has adversely affected, and may continue to adversely affect, the macro-economic environment and global economy, and could result in significant disruption of global financial markets. The extent to which COVID-19 will impact financial markets will depend on future developments which remain highly uncertain. At this time these future developments, and their impact on the Plan, cannot be reasonably estimated.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and c) deferral of 2020 loan repayments for a year.
