NOTE A – Description of Plan

The following description of Physicians Premier Management Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General* - The Plan is a defined contribution plan established January 1, 2017, covering all employees of Physicians Premier Management Services, LLC (the Company) (except union employees, nonresident aliens, PRN nurses, PRN radiology testers and PRN patient service representatives) who are age eighteen or older and have completed ninety days of service. Eligible participants may enter the Plan on the first day of the month after meeting eligibility requirements. The Plan operates as a Safe Harbor 401(k) Plan in order to satisfy certain non-discrimination testing requirements and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent related amendments and revisions. The Plan's trustee is John Hancock Life Insurance Company (U.S.A.).

2. *Contributions* - Qualified participants may elect to defer a percent of their salary at each pay period. A participant's contribution may not exceed an amount determined by the Internal Revenue Service each calendar year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investing of the contributions in any of the Plan's available investment options. For the year ending December 31, 2019 the Company elected to make safe harbor matching contributions in an amount equal to the sum of (1) 100% of each eligible participant's 401(k) contributions (including "catch-up contributions") up to 3% of compensation for the plan year, plus (2) 50% of each eligible participant's 401(k) contributions (including "catch-up contributions") that exceed 3% of compensation, up to a maximum of 5% percent of compensation for the plan year. For the year ended December 31, 2019, the Company made $235,282 in safe harbor matching contributions which were funded to the Plan during 2020.

3. *Participant Accounts* -Each participant's account is credited with the participant's contribution and Company's contribution, if any, and allocation of plan earnings and plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting* - Participants are vested immediately in their voluntary contributions, including rollover contributions plus actual earnings thereon. Participants are vested immediately in the Company's safe harbor matching contributions.

NOTE A – Description of Plan - continued

5. *Payment of Benefits* - Subsequent to termination of service, a participant may request to receive payment either in a lump sum amount equal to the value of their vested account balance or to continue in the plan in such a manner as though the participant had not terminated their eligibility, if the participant's account balance is greater than $5,000. If the participant's account balance is less than $5,000, the participant will either receive payment in a lump sum amount or the funds will be placed in an Individual Retirement Account (IRA) for the participant in an amount equal to the value of their vested account balance. In addition to benefit payments made due to termination of service, the Plan also allows for hardship distributions from the portion of the participant's account that includes their voluntary contributions. In-service distributions are permitted from all fully vested participant accounts for all participants who have attained age fifty nine and one-half.

6. *Notes Receivable From Participants* – The Plan does not allow for participant loans.

7. *Forfeiture Accounts* - The Plan stipulates that forfeitures may be used to reduce employer matching contributions or to reduce Plan expenses.

NOTE B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in conformity with generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Forfeitures

Participants possess a completely vested interest in any contributions they make, and the earnings thereupon, to their personal benefit account, and build a vested interest in their employer match, and the related earnings through years of service. Upon withdrawal from the Plan, the participant receives only that portion of the benefit account in which they are vested and forfeit any unvested portion. As of December 31, 2019 and 2018 there were no forfeitures held by the Plan.

NOTE B – Summary of Significant Accounting Policies - continued

Investment Valuation and Income Recognition

The Plan offers investments in pooled separate accounts (PSA's). Pooled separate accounts are valued based on the daily Net Asset Value ("NAV") which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Expenses

The Plan incurs expenses related to general administration and recordkeeping which are paid by each participant through an allocation to each individual's account. Other administrative expenses such as audit, legal and tax return preparation services are paid directly by the Company and are not part of Plan expenses.

Recently Issued Accounting Standards

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

Other recent accounting pronouncements issued by the FASB did not or are not believed by management to have a material impact on the Plan's present or future financial statements.

NOTE C – Fair Value Measurements

Accounting Standards Codification 820 "Fair Value Measurements and Disclosures" (ASC 820) establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. As of December 31, 2019 and 2018 all of the Plans investments are measured using NAV as a practical expedient, therefore, leveling in accordance with ASC 820 does not apply.

The following is a description of the valuation methodologies used for investments measured at fair value.

Pooled separate accounts: Valued at net asset value as a practical expedient. The net asset value is based on the fair value of the underlying assets owned by the fund which are listed on national securities exchanges and are valued on the basis of year-end closing prices. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Included in the pooled separate accounts, is a stable value fund which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit responsive investment contracts that are valued at the net asset value of units of the collective trust.

The underlying securities in other pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

The preceding methods described may produce a value that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C – Fair Value Measurements and Investments - continued

The following table summarizes investments for which fair value is measured using net asset value per share as a practical expedient as of December 31, 2019 and 2018.

December 31, 2019

Description	Fair Value	Unfunded Commitments	Redemption Frequency (a)	Redemption Notice Period
Stable value collective trust fund pooled separate account	$ 11,454	n/a	Daily	Up to 12 months (b)
Other pooled separate accounts	1,733,198	n/a	Daily	None
Total	$ 1,744,652			

December 31, 2018

Description	Fair Value	Unfunded Commitments	Redemption Frequency (a)	Redemption Notice Period
Stable value collective trust fund pooled separate account	$ 7,790	n/a	Daily	Up to 12 months (b)
Other pooled separate accounts	853,700	n/a	Daily	None
Total	$ 861,490			

(a) Participant transactions (purchases and sales) may occur daily subject to any short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus.

(b) Participant transactions (purchases and sales) may occur daily. However, participant withdrawals may be subject to a delay of up to 7 or 30 additional calendar days if it is determined, respectively, that such delay is necessary to maintain adequate liquidity for, or to avoid an adverse impact on, the underlying trust or investment vehicle. In addition, the fund's declaration of trust provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either a market value adjustment or without a market value adjustment and effected no later than 12 months. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs, additional investment options are established that constitute a competing fund, or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

NOTE D – Investment Certification

The investments presented as of December 31, 2019 were certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) also certified to the completeness and accuracy (including gains and losses on investments bought and sold, as well as held during the year) of $250,848 of net appreciation of investments for the year ended December 31, 2019.

NOTE E – Transactions with Parties-In-Interest

Certain plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative expenses and all audit and tax return preparation fees of the Plan are paid by the Company. The Plan is not responsible for reimbursing the Company for any fees paid by the Company. Participants may choose to have their contributions (employee and employer) directed to various pooled separate accounts provided by John Hancock Life Insurance Company (U.S.A.), trustee of the Plan.

NOTE F – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – Tax Status

The Plan has adopted the John Hancock 401(k) Volume Submitter Plan. John Hancock has received a favorable opinion letter in which the Internal Revenue Service ("IRS") stated that the form of such plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the internal revenue service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE H – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of and for the year ended December 31, 2019.

	2019
Net assets available for benefits per the financial statements	$ 1,979,934
Employer contributions receivable – 2019	(235,282)
Net assets available for benefits per Form 5500	$ 1,744,652

	2019
Net increase in net assets available for benefits per financial statements	$ 959,087
Employer contributions receivable – 2018	159,357
Employer contributions receivable – 2019	(235,282)
Net income per Form 5500	$ 883,162

NOTE H – Reconciliation of Financial Statements to Form 5500 - continued

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2018.

	2018
Net assets available for benefits per the financial statements	$ 1,020,847
Employer contributions receivable - 2018	(159,357)
Net assets available for benefits per Form 5500	$ 861,490

NOTE I – Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan, subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE J – Delinquent Employee Deferral Transmittals

Participant contributions totaling $70,986 and $129,348 were withheld from participants' pay during the years ended December 31, 2018 and 2017, respectively, but were not remitted to the Plan within the time frame required by the Department of Labor. The Company self corrected these violations and remitted lost earnings to the Plan during year ending December 31, 2019.

Prior to 2017 the Plan had less than 100 participants and was remitting deferrals within the safe harbor time period allowed by the IRS. However, after becoming a large plan filer during 2017, the Company erroneously continued to remit deferrals within the same time period as they had been doing as a small plan. The Company has since modified its policies and procedures and is now remitting participant deferrals within the time frame required by the Department of Labor for large plan filers.

NOTE K – Subsequent Events

The Plan did not have any recognized or non-recognized subsequent events occurring after December 31, 2019. Subsequent events have been evaluated through October 14, 2020, the date the financial statements were available to be issued.
