AND FOR THE YEAR ENDED DECEMBER 31, 2019

1. DESCRIPTION OF PLAN

The following description of the Benson Integrated Marketing Solutions 401(k) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering substantially all full-time eligible employees of Benson Integrated Marketing Solutions (also referred to as the "Company" or "Employer" or "Plan Sponsor") who have three months of service, are at least twenty-one years of age and are not leased employees. It is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's management oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

B. Contributions

Each year, participants may contribute up to 90% of annual compensation on the pre-tax or Roth basis, as defined in the Plan Document. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. The Company may make discretionary matching contributions and discretionary profit sharing contributions as determined by management. For the year ended December 31, 2019, the Company made a discretionary matching contribution equal to 50% of the first 6% of annual compensation that a participant contributed to the Plan. The Company did not make any discretionary profit sharing contributions in 2019. Contributions are subject to certain statutory limitations.

C. Participants' Accounts

Each participant's account is credited with (i) the participant's contributions, (ii) the Company's contributions, and (iii) the participant's account earnings. Each participant's account is charged with (i) the participant's withdrawals, (ii) the participant's account losses, and (iii) an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

D. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions is based on years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than two years	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

AS OF DECEMBER 31, 2019 AND 2018
AND FOR THE YEAR ENDED DECEMBER 31, 2019

1. DESCRIPTION OF PLAN (CONTINUED)

D. Vesting (Continued)

Participants also become 100% vested upon termination of the Plan, upon reaching the normal retirement age of sixty-five years old, or upon disability or death while an employee of the Plan Sponsor.

E. Payment of Benefits

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age fifty-nine and one half. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time. A participant is limited to one in-service withdrawal in a plan year. The minimum in-service withdrawal is \$1,000.

The Plan Administrator may be required by law to recognize obligations the participant incurs as a result of court-ordered support or alimony payments. The Plan Administrator must honor a qualified domestic relations order ("QDRO"). If a QDRO is received by the Plan Administrator, all or a portion of the participant's account balance may be used to satisfy the obligation.

Upon termination of service, retirement, death or disability, a participant may receive the value of the account through a lump sum distribution. In the event of death, a beneficiary has the additional option to choose to receive the value of the participant's account in installments over a five year period. In general, if a participant's account balance, as defined in the Plan agreement, is greater than \$5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before age seventy and one-half without the participant's consent. Participants' account balances less than \$5,000 will be paid as a lump sum distribution.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service ("IRS") penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

F. Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$-0- and \$708, respectively. These accounts will be used to reduce administrative expenses and/or reduce future employer contributions. For the year ended December 31, 2019, \$9,664 of forfeitures were used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the certifying entities. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in Plan funds were deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

D. Payment of Benefits

Benefit payments are recorded when paid by the Plan.

E. Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan including legal, accounting, and Plan administration. Administrative expenses paid by the Plan totaled \$12,174 for the year ended December 31, 2019.

F. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2019 AND 2018

3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. For the year ending December 31, 2019, all plan assets were invested in pooled separate accounts. For the year ending December 31, 2018, all plan assets were invested in mutual funds.

Pooled separate accounts ("PSA"): Valued based on market prices of the underlying investments. The Plan's PSAs are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, and mutual funds. The unit value of the PSA is calculated by dividing the total value of the assets of the PSA by the number of units in the PSA. For PSAs that invest exclusively in mutual funds, the total value of the assets of the PSA is based on the price per share of the underlying mutual fund. The mutual fund calculates price per share by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. There are currently no redemption restrictions on these investments.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 912,761	\$ -	\$ 912,761
Total investments at fair value	\$ -	\$ 912,761	\$ -	\$ 912,761

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 681,281	\$ -	\$ -	\$ 681,281

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2019 AND 2018
AND FOR THE YEAR ENDED DECEMBER 31, 2019

3. FAIR VALUE MEASUREMENTS (Continued)

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. During the year ended December 31, 2019, there were no transfers between Level 1 to Level 2 and no transfers into or out of Level 3.

4. TAX STATUS

The Plan Sponsor entered into a nonstandardized adoption agreement of the CCH Incorporated DBA FTWilliam.com Prototype Non-standardized Profit Sharing Plan ("the Prototype Plan"). The Prototype Plan received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Prototype Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving its latest opinion letter and has not obtained an updated opinion letter. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2019, and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

John Hancock Life Insurance Company (U.S.A.) and Nationwide Trust Company, FSB perform services for and sell products to and manage and maintain certain investments for the Plan for which fees are charged to the Plan. While the Plan pays most of the fees, a portion is paid by the Plan Sponsor.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. PLAN TERMINATION

Although it has expressed no intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2019 AND 2018
AND FOR THE YEAR ENDED DECEMBER 31, 2019

7. CORRECTION PROGRAM AND NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan failed to withhold certain employee deferrals in accordance with the definition of compensation as defined in the Plan document. During 2019, the Company corrected these failures, including lost earnings, under either the IRS's Employee Plans Compliance Resolution System using the Self-Correction Program. Accordingly, at December 31, 2019 and 2018, the Plan recorded employer - corrective contributions receivable totaling \$-0- and \$13,575, respectively, related to corrective employer contributions associated with these operational errors.

8. INFORMATION CERTIFIED BY CERTIFYING ENTITIES (UNAUDITED)

10. SUBSEQUENT EVENTS

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective January 1, 2020 and may require significant changes to Plan administration, recordkeeping and potential amendments to the Plan.

The global spread of a novel coronavirus known as COVID-19 has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As a result of the spread of COVID-19, economic uncertainties have arisen which are likely to negatively impact investment income and other Plan transactions. The extent of the adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported in the Plan's financial statements cannot be predicted at this time.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants. This could result in changes to Plan administration, recordkeeping and potential amendments to the Plan.

Plan management has evaluated subsequent events through October 14, 2020, which is the date the financial statements were available to be issued.
