NOTES TO FINANCIAL STATEMENTS

Morrison Products, Inc. 401(k) Plan

1 Description of Plan

The following description of the Morrison Products, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established March 26, 2001, to provide retirement benefits for substantially all salaried and hourly employees of Morrison Products, Inc. ("Company"). Effective August 1, 2015, employees covered by a collective bargaining agreement are eligible to defer into the Plan without company match; however, the Plan is not available to leased employees, independent contractors, temporary employees and free-lance educators. Employees of the Company are eligible to participate in the Plan upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective March 1, 2018, the Plan was amended to exclude bargaining employees from employer match contributions, qualified non-elective employer contributions, and discretionary contributions unless the bargaining agreement allows for those contributions. This amendment also added spousal consent for participant loans and benefit payments.

Effective August 1, 2018, the Company acquired a new wholly owned company, Lau Holdings, LLC ("Lau"). The US employees of Lau were allowed to enroll into the Plan immediately.

Effective November 1, 2018, the Plan was amended to include service with a predecessor acquired employer to be included in vesting service per the Plan.

Effective January 1, 2019, the Plan was updated for new hardship withdrawal language and changes for the Bipartisan Budget Act of 2018.

Contributions:

Effective January 1, 2013, an automatic deferral feature was added which provides for an automatic deferral of 3% of compensation and includes an annual escalation clause in 1% increments each one year anniversary of the employees' hire date up to 6%. Starting January 1, 2019, the automatic deferral was increased from 3% to 6% and the annual escalation clause was moved to occur on January 1 each year, up to a maximum of 10%, from the previous 6%.

Effective January 1, 2020, the auto-escalate was changed back to occurring on each participant's anniversary date.

In addition to the fixed match of 100% of the first 3% of the participants' compensation contributed to the plan, the Company will match 50% of the participants' deferral exceeding 3% up to 6%.

Lau employees covered by a collective bargaining agreement receive a Company match of 25% of the participants' deferral up to 6%.

Morrison Products, Inc. 401(k) Plan

1 Description of Plan, Continued

Contributions, Continued:

Eligible employees may contribute from 1% to 75% of their annual compensation, as defined, through payroll deductions, on a pretax basis. Various Internal Revenue Code regulations concerning both employee and Company contributions may limit the contribution amounts defined above. The Company has the right to limit these contributions to conform with applicable regulations.

In 2018, when the definition of eligible employees was revised, those in the Lau bargaining class were due an additional employer match. There was a total amount of \$179,000 that was paid out in 2019 to these employees and is included within the employer portion of contributions shown on the Statement of Changes in Net Assets for the year ended December 31, 2019.

Participants' Account:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can direct all contributions in investment options offered by the Plan.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at rates established by the trustee. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits:

Upon termination of service by reason of retirement, death, total and permanent disability, or for other reasons, a participant may elect to receive benefits under a systematic withdrawal plan or a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants may also withdraw amounts from their accounts under certain defined conditions.

NOTES TO FINANCIAL STATEMENTS

Morrison Products, Inc. 401(k) Plan

1 Description of Plan, Continued

Payment of Benefits, Continued:

Effective January 17, 2018, participants may elect to receive benefits in installment payments.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Forfeited Accounts:

Forfeited non-vested accounts totaled \$33,827 and \$29,729 at December 31, 2019 and 2018, respectively. These accounts may be used to pay Plan expenses pursuant to the Plan document then allocate forfeitures to Plan participants as additional non-elective contributions.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, accrued benefits up to date of such termination become non-forfeitable. After providing for Plan expenses, any assets remaining will be distributed in accordance with the proportionate participant account balances and Section 4041 of ERISA.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 12, 2020, which is the date the financial statements were available to be issued.

2 Summary of Significant Accounting Policies

Recent Accounting Pronouncements:

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended December 31, 2019. The effect of the adoption is an overall reduction in the disclosures related to fair value measurement.

NOTES TO FINANCIAL STATEMENTS

Morrison Products, Inc. 401(k) Plan

2 Summary of Significant Accounting Policies, Continued

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefit Distributions:

Benefits are recorded when authorized for distribution.

Plan Expenses:

Administrative expenses of the Plan are paid by either the Plan or the Company. Expenses paid by the Plan are disclosed in the financial statements and are included in Deductions from Net Assets.

Investment Valuation and Income Recognition:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. Pooled separate accounts are valued based on net asset value as the practical expedient as determined by the asset custodian on a daily basis. The fair value of the guaranteed income contract is calculated based on the discounted cash flow.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year. The use of transaction or settlement date basis would not have a material effect on the overall financial position of the Plan at December 31, 2019 and 2018.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the dates of the financial statements and the reported amounts of changes in net assets available for Plan benefits during the reporting period. Actual results could differ from these estimates.

Risks and Uncertainties:

The Plan provides for various investment options in any combination of mutual funds, pooled separate accounts and a guaranteed income contract through an insurance general account holding investment contracts with varying degrees of risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets
- * Quoted prices for identical or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices and is classified within Level 1 of the hierarchy.

Pooled Separate Accounts:

Valued at the net asset value as a practical expedient ("NAV") of shares held by the Plan at year-end.

Guaranteed Income Contract:

The fair value of the guaranteed income contract is backed by Principal Life Insurance Company. It guarantees principal and a stated crediting rate that is backed by Principal Life Insurance Company, as well. This guaranteed income contract is classified in the Level 3 category of the valuation hierarchy.

3 Fair Value Measurements, Continued

Investments Measured Using the Net Asset Value per Share Practical Expedient:

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019.

<u>December 31, 2019</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled Separate Accounts	<u>\$ 3,218,455</u>	<u>\$ -</u>	Daily	270 days

<u>December 31, 2018</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled Separate Accounts	<u>\$ 2,326,305</u>	<u>\$ -</u>	Daily	270 days

4 Tax Status

The Plan adopted a prototype plan from Principal Life Insurance Company. On August 8, 2014, the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended, however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for Plan years prior to 2016.

5 Party-in-Interest Transactions

Certain Plan investments during the year were shares of pooled separate accounts managed by the Principal Trust Company. Therefore, these transactions would qualify as party-in-interest. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.

6 Subsequent Events

On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security (CARES) Act” was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- * Special coronavirus-related distributions up to \$100,000 without penalty, through December 31, 2020;
- * No minimum required distributions for the calendar year 2020;
- * Increased maximum loan limit from \$50,000 to \$100,000 or 100% of vested balance for loans taken on or before September 22, 2020; and
- * Eligible participants may suspend loan payments scheduled to occur between March 27, 2020 and December 31, 2020.
