INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
of the Skyline Windows, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Skyline Windows, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, the related notes to the financial statements, and the supplemental schedules of assets held for investment, assets bought and disposed of within the plan year, and reportable transactions as of, or for, the year ended December 31, 2019.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2019 and 2018 financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 and 2018 financial statements.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investments which were certified in **Note 9** by Reliance Trust Company, the custodians for the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We were informed by the plan administrator that Reliance Trust Company held the Plan's investment assets from January 1, 2018 to December 31, 2019; and Automatic Data Processing, Inc. executed plan transactions from January 1, 2018 to December 31, 2019. The Plan administrator obtained certifications from the custodian as of December 31, 2019 and 2018, and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodians was complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2019 and 2018 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 and 2018 financial statements. Accordingly, we do not express an opinion on the 2019 and 2018 financial statements.

Other Matters

The supplemental schedules as of or for the year ended December 31, 2019 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis and are not required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2019 and 2018 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - DESCRIPTION OF PLAN

The following brief description of the Skyline Windows, LLC 401(k) Plan (the Plan) is provided for general information purposes. Participants should refer to the *Summary Plan Description,* which is available from the Skyline Windows, LLC (the "Company") for more complete information.

General

The plan is a defined contribution plan covering all non-union employees of the Company who are age 18 or older. The Company controls and manages the operation and administration of the Plan. Reliance Trust Company serves as the custodian of the Plan, with Automatic Data Processing, Inc. ("ADP") executing the plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In April of 2015, the Plan adopted auto-enrollment. All eligible employees are currently enrolled at 4%, unless they request to opt out.

Contributions

Each year, participants may contribute up to 20 percent of their pretax annual compensation, as defined in the Plan, provided that such contributions do not exceed the maximum allowable contribution limit established by the Internal Revenue Service. For 2019, the maximum allowable contribution limit was the lessor of 100% of annual salary or $19,000; or if over the age of 50, $25,000. The Company contributes to the plan on behalf of each participant who is eligible to share in matching contributions for the Plan year, a discretionary matching contribution equal to 40 percent of a participant's elective deferral, not to exceed 5 percent of compensation. The Company is currently contributing under the discretionary match.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of Company discretionary contributions and Plan earnings, and is charged with allocations of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers approximately twenty-four mutual funds as investment options for participants.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants become 20 percent vested in the remainder of their accounts after three years of continuous service, 40 percent after four years of continuous service, 60 percent vested after five years of continuous service, 80 percent vested after six years of continuous service, and 100 percent after seven years of continuous service.

Note 1 - DESCRIPTION OF PLAN (continued)

Participant Loans

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum of one-half of their vested account balance or $50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or installments over a period of not more than his or her assumed life expectancy (or the participant's and beneficiary's assumed life expectancy) determined at the time of distribution. The participant may also withdraw hardship distribution for various reasons.

Forfeitures

The unvested portion of a participant's contribution account will be forfeited upon termination. Forfeitures are used by the Company to reduce its future contributions to the Plan, pursuant to conditions as set forth in the Plan document. At December 31, 2019 and 2018, $-0- and $1,082 remained in the forfeitures account respectively.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires that the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are carried at fair value. Fair values are generally based upon quote market prices or appraised values. Effective January 1, 2008, the Plan adopted Accounting Standard Codification 820 (ASC 820) Fair Value Accounting. The adoption of ASC 820 did not have a material effect on the changes in Net assets or the financial position of the Plan. Dividend income is accrued on the ex-dividend date. Interest is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No 2015-07, Fair Value Measurement (Topic 82): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value practical expedient in Accounting Standards Codification ("ASU) 820. ASU 2015-07 requires retrospective application and is effective for fiscal years beginning after December 15, 2015, with the early adoption permitted. Management has properly adopted the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In July 2015, FASB issued ASU No. 2015-12, Plan Accounting Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plus (Topic 962) and Health and Welfare Benefit Plans (Topic 965)-I. Fully Benefit Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient. Part I requires fully-benefit responsive investment contacts to be measured, presented, and disclosed only contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type eliminating the need to disaggregate the investments by nature, characteristics, and risk. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefit and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient, and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III if the update permits plans to measure investments and investment-related accounts (e.g. a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application and the amendments within Part III should be applied prospectively. Management has properly adopted the provisions of Parts I and II of this new standard. Accordingly, these provisions were retrospectively applied. Part III of the ASU is not applicable to the Plan.

Expenses

Administrative expenses of the plan not related to investments have been absorbed by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Return of Excess Contributions

In order to be in compliance with the nondiscrimination rules under ERISA, the Plan is required to return excess contributions, if any. At December 31, 2019 and 2018, the total amount of excess contributions to be refunded was $30,165 and $32,430, respectively.

Note 3 - TAX STATUS OF PLAN

The Internal Revenue Service has determined and informed the Company by a letter dated May 23, 1995 that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code. An advisory letter was issued on July 16, 2014 through the Volume Submitter program. Plan management and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not, wouldn't be sustained upon examination by the applicable authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income examination for years prior to 2016.

Note 4 - FAIR VALUE MEASUREMENT

The Financial Accounting Standards Board's Accounting Standards Codification ("FASB ASC") defines fair value as the price that would be received upon sale of an asset or paid upon transfer of liability in orderly transaction between market participants at the measurement date and in the principal or most advantageous market for the asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The FASB ASC specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with the codification under GAAP, the following summarizes the fair value hierarchy:

Level 1 Inputs - Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access.

Level 2 Inputs - Inputs, other than the quoted prices in active markets that are observable either directly or indirectly.

Level 3 Inputs - Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - FAIR VALUE MEASUREMENT (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds - are valued at the quote net asset value ("NAV") of shares held by the Plan at year end, which is based on the fair market value of the underlying securities or investments in the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - is valued at the NAV of shares held by the Plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchase and sales) may occur daily. There are no redemption notice period for the individual participant level; however there is up to a 12 month redemption notice period or the Plan level. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, while the Plan believes it valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to be determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - STABLE VALUE FUND

The MetLife Stable Value Fund Series 25053 - Class 25 is a *stable value* fund that is a common/collective trust fund. These Funds may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses.

The statements of net assets available for benefit present an investment contract at fair value, as well as an additional line item showing an adjustment of the fully benefit-responsive contract from fair value to contract value. Fair value of the contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable duration. The value average yield at fair value and weighted average crediting rate for the MetLife Stable Value Fund Series 25053 - Class 25 at December 31 are as follows:

	2019	2018
Average yield at fair value	2.64%	2.87%
Weighted average crediting rate	2.58%	2.95%

Certain events may limit the ability of the Funds to transact at contract value. Such events include: complete or partial plan termination or merger with another plan; failure of the Plan or its trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA; transfer of assets from the Funds directly into a completely different investment options; or any communications given to Plan participants designed to influence a participant not to invest in the Funds, or to transfer assets out of the Funds. Plan management believes that the occurrence of events that would cause the Funds to transact at less than contract value is not probable.

Note 6 - COMMON COLLECTIVE TRUSTS

The following information included in the accompanying financial statements as of and for the years ended December 31, 2019 and 2018, was obtained from data that has been prepared and certified as complete and accurate by the custodian.

Note 7 - PARTY-IN-INTEREST TRANSACTIONS

A party in interest is defined by ERISA to include any plan fiduciary (administrator, officer, trustee or custodian), the employer or any affiliate, any employee of such employer, any service provider to the plan (attorney, auditor, etc.) whether paid by the plan or not, or an owner of 50 percent or more of the stock of the employer, among others. It should be noted that ERISA's definition of a party in interest is broader than a related party as that term is defined by U.S. GAAP.

Certain Plan investments are units in a Common Collective Trust under the fiduciary management of Reliance Trust Company. Reliance Trust Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-trust transactions. For the years ended December 31, 2019 and 2018, there were no other transactions outside the ones with Reliance Trust Company, and the notes receivable from participants.

Note 8 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants' accounts would become fully vested and distributed in accordance with the provisions of the Plan.

Note 9 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2019 and 2018 and the supplemental Schedule H Line 4(i) Schedule of Assets (Held at End of Year) as if December 31, 2019 and the related investment activity reported in the Statement of Change in Net Assets Available for Benefits for the year ended December 31, 2019.

Note 10 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk with certain investment securities, it is at least reasonably possible that changes in the valuation of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

Note 11 - MAJOR INVESMENTS

The Plan has had investments whose current value individually represented 10% or more of the Plan's total net assets. For the year-ended December 31, 2019 and 2018 two funds accounted for 10% or more of net assets. These funds accounted for 68.92% and 42.18% of net assets, respectively.

Note 12- RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Due to the Form 5500 being prepared on different basis of accounting from the U.S. GAAP used to prepare the Plan's financial statements, a reconciliation is required to be disclosed showing the variances.

The following is a reconciliation of net assets for benefits per the financial statements to Form 5500 as of December 31, 2019 and 2018.

	2019	2018
Net Assets Available for Benefits per Financial Statements	$ 12,036,833	$ 10,402,715
Conversion in 5500 from Accrual to Cash Basis:		
Excess Deferrals, current year	30,165	32,430
Subtract Interest Adjustment to Participant Loans	(876)	-0-
Net Assets per Form 5500	$ 12,066,122	$ 10,435,145

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500 during the year ended December 31, 2019:

Net Increase in Assets Available for Benefits per Financial Statements	$ 1,634,118
Conversion in 5500 from Accrual to Cash Basis:	
Excess Deferrals, current year	30,165
Excess Deferrals, prior year	(32,430)
Subtract Loan Interest Adjustment, current year	(876)
Net Increase in Assets Available for Benefits per 5500	$ 1,630,977

Note 13 - HARDSHIP WITHDRAWALS

During 2019, three individuals took hardship withdrawals from their vested accounts. As permitted by Internal Revenue Service mandates from 2017, the individual requesting the funds does not need to present documentation to the Plan Administrator any more. These requests are now permitted to be done through self-certification; where upon if the Plan is ever audited, the Sponsor would request the documentation be presented at that time by the individual. The Sponsor no longer requests this documentation from the participant in need of the distribution, but the individual is encouraged to do so just as an added layer of control. The self-certification is done by the participant directly through ADP, the Plan's third-party administrator.

Note 14 - SUBSEQUENT EVENTS

Management has evaluated the need for disclosures and/or agreements resulting from subsequent events through October 12, 2020. Based on this evaluation, no adjustments were required to the Financial Statements as of December 31, 2019.

Note 14 - SUBSEQUENT EVENTS (continued)

In March 2020, the World Health Organization recognized the novel strain coronavirus, COVID-19, as a pandemic. On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. In 2020, Plan Management had discussions about a resolution to adopt certain provisions of CARES Act, including the following:

- Allowing participants to take distributions of up to $100,000 from the Plan through December 30, 2020,
- Increasing new notes receivables available borrowing of up to $100,000 through September 22, 2020,
- Providing for the deferment of payments on existing notes receivable due during March 27, 2020 through December 31, 2020, and
- Deferring minimum required distributions.

The Plan adopted these provisions under the CARES Act based on negative consent. The Plan Administrator needed to notify the TPA by April 6, 2020 in order to opt out. They did not notify the TPA by the April 6th, 2020 deadline.
