## Notes to Financial Statements

### 1. Description of the Plan

The following description of the Chart Industries, Inc. 401(k) Investment and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan adopted on January 1, 1994, covering all domestic employees of Chart Industries, Inc. (the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In April 2018, the Hudson Products Corporation Plan was merged into the Plan. Upon merger, \$19,692,059 of plan assets were transferred into the Plan.

Effective December 19, 2018, participants associated with CAIRE, Inc. and AirSep Corporation were no longer participating employers in the plan due to a divestiture by the Company. The Plan was amended as of the same date to make the employees immediately 100% vested in employer and match contributions. Individuals with an account balance as of the date of divestiture followed the same plan rules for rollover or continuing their account with Mass Mutual as any other terminated employee from the Company.

On July 1, 2019, Chart purchased a portion of the Harsco organization, now formally referred to as E&C FinFan, Inc. Participant balances were transferred into the plan. Accordingly, \$17,004,829 of plan assets were transferred into the Plan.

#### *Contributions*

Each year, participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, participants may elect to contribute 1 percent to 10 percent of their after-tax annual compensation (as defined). The Company's matching contribution ranges from 50 percent of the first 4 percent to 6 percent of base compensation that a participant contributes to the Plan. The Company also pays a discretionary employer contribution using either a permitted disparity allocation formula or a defined benefit replacement allocation formula. Contributions are subject to certain IRS limitations.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions and Company matching and discretionary employer contributions and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## Notes to Financial Statements

---

### ***Vesting***

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service, graded equally over the period.

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

### ***Payment of Benefits***

Distributions from a participant's account are not permitted before age 59½ except in the event of death, disability, termination of employment, financial hardship, or as a qualified reservist distribution, as defined. Vested benefits are payable in a lump-sum payment or in installments not to exceed the life or life expectancy of the Participant and a designated beneficiary. With respect to distributions, if the vested balance is less than \$5,000, and the participant does not make an election to distribute the vested account balance, the balance will be automatically rolled over to an Individual Retirement Account selected by the plan administrator.

### ***Forfeitures***

Forfeitures of Company matching and discretionary contributions are used to reduce future employer contributions. Forfeitures of \$1,091,307 were used to offset employer contributions during 2019. The balance remaining in the forfeiture account was \$339,561 and \$290,374 as of December 31, 2019 and 2018, respectively.

## **2. Summary of Accounting Policies**

### ***Basis of Accounting***

The financial statements are prepared on the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and insurance company. See note 3 for discussion of fair value measurements.

## Notes to Financial Statements

---

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Payment of Benefits***

Benefits are recorded when paid.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

### ***Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

## **3. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

## Notes to Financial Statements

**Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

**Common/Collective Trust:** Valued at net asset value (“NAV”) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value:

| <b><i>Assets at fair value as of December 31, 2019</i></b> | <b>Level 1</b>        | <b>Total</b>          |
|------------------------------------------------------------|-----------------------|-----------------------|
| Mutual funds                                               | \$ 243,725,767        | \$ 243,725,767        |
| Common/collective trust measured at NAV                    |                       | -                     |
| <b>Total investments at fair value</b>                     | <b>\$ 243,725,767</b> | <b>\$ 243,725,767</b> |

  

| <b><i>Assets at fair value as of December 31, 2018</i></b> | <b>Level 1</b>        | <b>Total</b>          |
|------------------------------------------------------------|-----------------------|-----------------------|
| Mutual funds                                               | \$ 208,950,144        | \$ 208,950,144        |
| Common/collective trust measured at NAV                    |                       | 3,497,993             |
| <b>Total investments at fair value</b>                     | <b>\$ 208,950,144</b> | <b>\$ 212,448,137</b> |

At December 31, 2018, the Plan had no unfunded commitments related to the Common/Collective Trust valued at NAV, which was a stable value fund offered by Wells Fargo. The redemption of the fund is subject to the preference of the individual Plan participants and contains no restrictions on the timing of redemption; however, participant redemptions may be subject to certain redemptions fees. The investment is a direct filing entity.

#### 4. Investment Contract with Insurance Company

The Plan has a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in the Diversified Bond II Separate Investment Account (the “Separate Account”) created for the purpose of backing the guaranteed interest account. Participants of the guaranteed interest account receive a book value account interest rate that is determined based on the anticipated market returns in the Separate Account, in addition to any plan-specific contract charges.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and there is no minimum book value interest rate. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

## Notes to Financial Statements

---

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

### 5. Information Certified by Reliance Trust Company

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2019 and 2018. Accordingly, Reliance Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate for the year ended December 31, 2019 and 2018.

### 6. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Mass Mutual. Mass Mutual is the recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

During 2019 and 2018, the Plan was under contract with Mass Mutual to provide various administrative services. Fees paid by the Plan for these services for the years ended December 31, 2019 amounted to \$94,896. Notes receivable from participants also qualify as exempt party-in-interest transactions.

### 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

### 8. Income Tax Status

The Plan adopted the volume-submitter plan document provided by MassMutual. MassMutual received an opinion letter dated March 31, 2014 from the Internal Revenue Service stating that the volume-submitter plan document is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### 10. Non-Exempt Transactions

As reported on the 2019 Form 5500, Schedule H, Line 4a-Schedule of Delinquent Participant Contributions, the Employer failed to remit to the Plan's trustee certain employee contributions totaling \$515 (2018: \$98) within the period prescribed by the Department of Labor regulations. These transactions constitute prohibited transactions as defined by ERISA. The plan sponsor has corrected these late remittances in 2019.

### 12. Subsequent Events

The Plan has evaluated subsequent events from the date of the Statement of Net Assets Available for Benefits through October 14, 2020, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified, except as follows:

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which continues to spread throughout the United States and the world and has adversely affected global commercial activity and greatly contributed to volatility in financial markets. Because the value of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, the United State Senate enacted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which includes several relief provisions for tax-qualified retirement plans. The CARES Act's provisions allow qualified individuals to withdraw up to \$100,000 in "coronavirus-related distributions" by December 31, 2020. These participant distributions are exempt from 10 percent early withdrawal penalty, taxable over three years, or treated as a tax-free rollover when repaid to the plan over three years. The provisions also allow participants to borrow up to the lesser of \$100,000 or 100 percent of their entire vested account balance with repayments on all new or existing loans due before December 31, 2020 being delayed one year. Participants who do not qualify for "coronavirus-related" distributions may qualify for a regular hardship withdrawal due to an immediate and heavy financial need. The Plan's operations have been changed to implement the provisions allowing for deferral of loan payments for up to one year for qualified participants as provided by the CARES Act.
