### (1) Description of Plan

The following description of the ICON Clinical Research, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a participant-directed defined contribution plan covering substantially all full-time employees of ICON Clinical Research, LLC (the Company) from the date of hire, except employees covered by a collective bargaining agreement, leased employees as defined by the Plan, or nonresident aliens who do not receive any earned income from the Company. There are no minimum service or age requirements required by the Plan document. Participants who elect to contribute are immediately eligible to contribute to the plan and are eligible to receive employer matching contributions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The 401(k) Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

#### *Transfers from merging plans*

On May 1, 2019, as a result of the acquisition of MMD, the participant account balances from Xenium 401(k) Retirement Savings Plan (Xenium) were merged into the Plan. Each employee who, as of April 30, 2019, was a participant in Xenium became a participant in the Plan as of May 1, 2019. Plan assets aggregating \$4,364,318 were merged into the Plan during 2019, which is reflected as transfers in the statement of changes in net assets available for benefits.

#### *Contributions*

Each year, participants may contribute a percentage (up to 75%) of eligible compensation, as defined, up to the annual limit established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For the 2019 plan year, eligible participants were entitled to receive Company matching contributions equal to 100% of the first 3% of contributions and 50% of the next 3% of contributions, as follows:

| Employee Contribution<br>Percentage | Employer Match<br>(% of Eligible Compensation) |
|-------------------------------------|------------------------------------------------|
| 1.0%                                | 1.0%                                           |
| 2.0%                                | 2.0%                                           |
| 3.0%                                | 3.0%                                           |
| 4.0%                                | 3.5%                                           |
| 5.0%                                | 4.0%                                           |
| 6.0% or more                        | 4.5%                                           |

The Plan includes an automatic deferral provision, whereby 3% of new participants' compensation will be deferred unless the participants make a contrary election.

In addition, the Company may elect to make a profit-sharing contribution to the Plan. There was no such contribution for 2019.

#### *Participants' Accounts*

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### (1) Description of Plan, Continued

#### *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2019, the Plan was amended to include a vesting schedule for matching contributions applicable to participants hired after January 1, 2019 as follows:

| Years of<br>Service | Vesting<br>Percentage |
|---------------------|-----------------------|
| Less than 3         | 0%                    |
| 3 or more           | 100%                  |

#### *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or longer if the proceeds are used for the purchase of the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local borrowing rates as determined by the plan administrator (typically, the prime rate plus 1%). Principal and interest are paid ratably through weekly payroll deductions.

#### *Payment of Benefits*

Upon termination of service, a participant will be entitled to receive a benefit equal to the total value of vested benefits in the participant's account. The benefit will automatically be payable in the form of a lump-sum payment. Under the Plan, participants are not subject to federal income tax on the contributions and investment income credited to their accounts until such amounts are withdrawn pursuant to Section 401(a) of the Internal Revenue Code (IRC). Withdrawals (including withdrawals by participants separated from the service of the Company for any reason) that are not rolled over into another qualified plan may be subject to federal income taxes.

#### *Forfeitures*

Upon termination from the Company, participants will forfeit any nonvested portion of their account balance as of the termination date. Forfeitures may be used first to reduce administrative expenses of the Plan and any remaining amount will be used to reduce future employer matching contributions. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$19,578 and \$96,257, respectively. During 2019, \$61,883 and \$21,677 of forfeitures were used to reduce employer matching contributions and administrative expenses, respectively.

### (2) Summary of Significant Accounting Policies

#### *Basis of Presentation*

The accompanying financial statements have been prepared on the accrual method of accounting.

#### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

#### *Payment of Benefits*

Benefits are recorded when paid.

#### *Expenses*

Administrative expenses charged for investment management, recordkeeping and audit services are deducted directly from each participant's plan account. Other administrative expenses are paid by the Company, including insurance premiums and external legal services. In addition, the Company provides internal accounting and administrative services at no cost to the Plan. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. The Plan has a revenue sharing arrangement with the record keeper and established a plan level account (ERISA account) that captures excess income collected by the record keeper that can be used to pay eligible plan expenses or can be allocated to participants. At December 31, 2019 and 2018, the ERISA account totaled \$17,757 and \$155,520, respectively. During 2019, Plan expenses aggregating \$242,844 were paid from this account.

### (2) Summary of Significant Accounting Policies, Continued

#### *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### *Subsequent Events*

The Plan has evaluated subsequent events through August 27, 2020, the date the financial statements were available to be issued.

### (3) Financial Information Certified by the Trustees

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustees, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedules. We have been informed by the plan administrator that State Street and MFTC held the Plan's investment assets and executed investment transactions from January 1, 2019 to December 31, 2019 and that State Street held the plan's investment assets and executed investment transactions from January 1, 2018 to December 31, 2018. The trustees certified the following as complete and accurate:

- The investments at fair value at December 31, 2019 and 2018.
- Notes receivable from participants at December 31, 2019 and 2018.
- Net appreciation in fair value of investments for the year ended December 31, 2019.
- Interest and dividends for the year ended December 31, 2019.
- Interest income on notes receivable from participants for the year ended December 31, 2019.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

### (4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
  - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

### (4) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Registered investment companies:* Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

*Common/collective trust fund:* Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

|                                                                        | Assets at Fair Value as of December 31, 2019 |         |         |                |

(a) In accordance with Accounting Standards Update (ASU) 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2019 and 2018.

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31:

### (5) Plan Termination

### **(6) Tax Status**

The Plan uses a prototype document sponsored by Transamerica Retirement Solutions Corporation (Transamerica). The IRS has determined and informed Transamerica by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable provisions of the IRC and, is therefore, exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **(7) Nonexempt Transactions**

As required by ERISA Section 2510.3-102, the plan sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. During 2019 and 2018, certain employee withholdings in the amount of \$2,858 and \$5,259, respectively, were not remitted to the Plan timely. These transactions are considered prohibited transactions as defined by ERISA. The Company intends to compensate the Plan for lost investment earnings related to the 2019 and 2018 prohibited transactions during 2020.

### **(8) Related Party Transactions and Party-In-Interest Transactions**

Administrative expenses paid by the Plan for investment management and recordkeeping amounted to \$523,307 for 2019. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

### **(9) Risk and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### (10) Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and the amount of losses, if any, that will be recognized in subsequent periods cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

During 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES act distribution allows Plan participants to take a COVID-19 crisis-related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.
