NOTE 1 – DESCRIPTION OF PLAN

The following description of the Netafim Irrigation, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a safe harbor 401(k) plan covering substantially all employees of Netafim Irrigation, Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Netafim Irrigation, Inc. (the Company), is the Plan's sponsor and serves as Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 18. Employees who have reached age 18 are also eligible for employer safe harbor and fixed additional matching contributions, as well as employer non-elective contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

Employer matching contributions (*safe harbor and fixed additional)* – The Company makes safe harbor contributions equal to 100% of employee contributions, up to 4% of eligible compensation. The Company also makes fixed additional matching contributions equal to 70% of employee contributions, up to 6% of eligible compensation. Employer safe harbor and fixed additional matching contributions, were $553,235 and $513,725, respectively, for the year ended December 31, 2019.

Employer non-elective contributions – The Company may elect to make discretionary non-elective contributions to the Plan. Employer non-elective contributions are allocated to participants at the employer's discretion. Employer non-elective contributions were $536,067 for the year ended December 31, 2019.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company safe harbor and fixed additional matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions and the Company's contributions made subsequent to January 1, 2014.

Vesting in the Company's safe harbor and fixed additional matching contributions made prior to January 1, 2014, is based on years of continuous service. For those participants subject to vesting provisions, a participant is vested in the Company's matching contributions based on the following schedule:

Years of Service	Vesting Percentage
0-1	0%
1-2	20%
2-3	40%
3-4	60%
4-5	80%
5 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan Agreement, plan loans will bear rate of interest of prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. As of December 31, 2019, the rates of interest on outstanding loans ranged from 4.25% to 6.50%, with various maturities through May 2034.

Payment of benefits – On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant who is required to receive lifetime required minimum distributions may receive installments payable in monthly, quarterly or annual installments equal to or exceeding the annual required minimum distribution amount. Unless otherwise elected by the participant, the Plan also automatically distributes amounts to terminated participants with balances less than $5,000 into an individual retirement account; balances less than $200 are distributed in a lump sum amount.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to pay the Plan's administrative expenses or are used to reduce future Company contributions. As of December 31, 2019 and 2018, forfeited non-vested accounts had a zero balance. For the year ended December 31, 2019, Company safe harbor and fixed additional matching contributions were reduced by $2,981 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's custodian, John Hancock Life Insurance Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. Investment expenses are included in net investment income.

NOTE 3 – INVESTMENTS

The Plan has a group annuity contract with John Hancock Life Insurance Company, which offers various pooled separate accounts (PSAs) with investment options (sub-accounts) that invest in the following:

- Mutual funds managed by unaffiliated mutual fund companies;
- Mutual funds managed by John Hancock Investment Management Services, LLC (John Hancock Investment Management), and sub-advised by MFC Global Investment Management or unaffiliated third parties; and
- Collective investment trusts managed by John Hancock Life Insurance Company.

Units held in sub-accounts of the PSAs are valued using the net asset value (NAV) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. All of the sub-accounts can be redeemed daily. There are no unfunded commitments, redemption frequency restrictions, or redemption notice requirements, with the exception of the withdrawal notice period for the John Hancock Stable Value Fund as disclosed below.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used by the PSAs at December 31, 2019 and 2018.

The Plan currently invests in the following PSAs with significant balances at December 31, 2019. Other accounts available and insignificant accounts are not disclosed here.

John Hancock Stable Value Fund – This investment in a collective trust seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The fund is invested primarily in benefit responsive contracts issued by state regulated insurance companies and banks, including but not limited to John Hancock Life Insurance Company. In addition, each insurance company either contractually guarantees or obtains contractual guarantees from third parties insuring against the loss of principal deposited into the fund and providing that individual participant withdrawals will be paid promptly at book value (i.e., the amount of participant contributions plus interest previously credited, less previous withdrawals) even if the fund's total book value exceeds the market value of its underlying securities. However, if the book value of the fund exceeds the market value of underlying securities, the stabilizing agreements provide that the payment of certain withdrawals may be delayed for up to 12 months unless the Plan or the participant requesting the withdrawal elects to accept such payment subject to a market value adjustment.

John Hancock Multimanager Growth Lifestyle Portfolio – This investment in a registered investment company seeks long-term growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in equity securities and approximately 20% of its assets in portfolio's that invest primarily in fixed-income securities. Current income is also a consideration. This asset allocation portfolio is managed with the intention of providing an optimal mix of a broadly diversified portfolio.

John Hancock Multimanager Balanced Lifestyle Portfolio – This investment in a registered investment company seeks to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on growth of capital, by investing approximately 40% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and approximately 60% of its assets in underlying portfolios that invest primarily in equity securities. This asset allocation portfolio is managed with the intention of providing an optimal mix of a broadly diversified portfolio.

John Hancock Multimanager Moderate Lifestyle Portfolio – This investment in a registered investment company seeks to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on income by investing approximately 60% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and 40% of its assets in portfolios that invest primarily in equity securities. This asset allocation portfolio is managed with the intention of providing an optimal mix of a broadly diversified portfolio.

John Hancock Multimanager Aggressive Lifestyle Portfolio – This investment in a registered investment company seeks to achieve long-term growth of capital by investing 100% of the portfolio's assets in underlying portfolios that invest primarily in equity securities. This asset allocation portfolio is managed with the intention of providing an optimal mix of a broadly diversified portfolio.

Blue Chip Growth Fund – This investment in a registered investment company seeks to provide long-term growth of capital. Current income is a secondary objective. The manager narrows the universe of companies down to approximately 200-300 names by conducting quantitative screening for market capitalization, solid revenue growth, consistent earnings, attractive free cash flow and above average return on invested capital.

NOTE 4 – TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.
- Net appreciation in fair value of investments and revenue sharing arrangement income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Investments reflected on the schedule of assets (held at end of year), excluding notes receivable from participants.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of pooled separate accounts that invest in registered investment companies and a collective trust managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

Under the group annuity contract, John Hancock Life Insurance Company receives revenue from various investment options (sub-accounts) of the Plan. In the case of underlying funds advised and sub-advised by John Hancock Life Insurance Company and its affiliates, John Hancock Life Insurance Company uses revenue from its corporate profit to provide credits to the sub-account that invests in the underlying affiliated fund. These credits may be applied to pay Plan expenses or allocated to the accounts of participants. During 2019, the credits received in conjunction with this arrangement was $108,866, which were allocated to the accounts of participants.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, any unvested amounts allocated to a participant's account become fully vested.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor.

NOTE 10 – RECONCILIATION TO FORM 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has experienced volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has evaluated subsequent events through October 12, 2020, which is the date the financial statements were available to be issued.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Netafim Irrigation, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a safe harbor 401(k) plan covering substantially all employees of Netafim Irrigation, Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Netafim Irrigation, Inc. (the Company), is the Plan's sponsor and serves as Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 18. Employees who have reached age 18 are also eligible for employer safe harbor and fixed additional matching contributions, as well as employer non-elective contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

Employer matching contributions (*safe harbor and fixed additional)* – The Company makes safe harbor contributions equal to 100% of employee contributions, up to 4% of eligible compensation. The Company also makes fixed additional matching contributions equal to 70% of employee contributions, up to 6% of eligible compensation. Employer safe harbor and fixed additional matching contributions, were $553,235 and $513,725, respectively, for the year ended December 31, 2019.

Employer non-elective contributions – The Company may elect to make discretionary non-elective contributions to the Plan. Employer non-elective contributions are allocated to participants at the employer's discretion. Employer non-elective contributions were $536,067 for the year ended December 31, 2019.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company safe harbor and fixed additional matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions and the Company's contributions made subsequent to January 1, 2014.

Vesting in the Company's safe harbor and fixed additional matching contributions made prior to January 1, 2014, is based on years of continuous service. For those participants subject to vesting provisions, a participant is vested in the Company's matching contributions based on the following schedule:

Years of Service	Vesting Percentage
0-1	0%
1-2	20%
2-3	40%
3-4	60%
4-5	80%
5 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan Agreement, plan loans will bear rate of interest of prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. As of December 31, 2019, the rates of interest on outstanding loans ranged from 4.25% to 6.50%, with various maturities through May 2034.

Payment of benefits – On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant who is required to receive lifetime required minimum distributions may receive installments payable in monthly, quarterly or annual installments equal to or exceeding the annual required minimum distribution amount. Unless otherwise elected by the participant, the Plan also automatically distributes amounts to terminated participants with balances less than $5,000 into an individual retirement account; balances less than $200 are distributed in a lump sum amount.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to pay the Plan's administrative expenses or are used to reduce future Company contributions. As of December 31, 2019 and 2018, forfeited non-vested accounts had a zero balance. For the year ended December 31, 2019, Company safe harbor and fixed additional matching contributions were reduced by $2,981 from forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's custodian, John Hancock Life Insurance Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. Investment expenses are included in net investment income.

NOTE 3 – INVESTMENTS

The Plan has a group annuity contract with John Hancock Life Insurance Company, which offers various pooled separate accounts (PSAs) with investment options (sub-accounts) that invest in the following:

- Mutual funds managed by unaffiliated mutual fund companies;
- Mutual funds managed by John Hancock Investment Management Services, LLC (John Hancock Investment Management), and sub-advised by MFC Global Investment Management or unaffiliated third parties; and
- Collective investment trusts managed by John Hancock Life Insurance Company.

Units held in sub-accounts of the PSAs are valued using the net asset value (NAV) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. All of the sub-accounts can be redeemed daily. There are no unfunded commitments, redemption frequency restrictions, or redemption notice requirements, with the exception of the withdrawal notice period for the John Hancock Stable Value Fund as disclosed below.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used by the PSAs at December 31, 2019 and 2018.

The Plan currently invests in the following PSAs with significant balances at December 31, 2019. Other accounts available and insignificant accounts are not disclosed here.

John Hancock Stable Value Fund – This investment in a collective trust seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The fund is invested primarily in benefit responsive contracts issued by state regulated insurance companies and banks, including but not limited to John Hancock Life Insurance Company. In addition, each insurance company either contractually guarantees or obtains contractual guarantees from third parties insuring against the loss of principal deposited into the fund and providing that individual participant withdrawals will be paid promptly at book value (i.e., the amount of participant contributions plus interest previously credited, less previous withdrawals) even if the fund's total book value exceeds the market value of its underlying securities. However, if the book value of the fund exceeds the market value of underlying securities, the stabilizing agreements provide that the payment of certain withdrawals may be delayed for up to 12 months unless the Plan or the participant requesting the withdrawal elects to accept such payment subject to a market value adjustment.

John Hancock Multimanager Growth Lifestyle Portfolio – This investment in a registered investment company seeks long-term growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in equity securities and approximately 20% of its assets in portfolio's that invest primarily in fixed-income securities. Current income is also a consideration. This asset allocation portfolio is managed with the intention of providing an optimal mix of a broadly diversified portfolio.

John Hancock Multimanager Balanced Lifestyle Portfolio – This investment in a registered investment company seeks to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on growth of capital, by investing approximately 40% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and approximately 60% of its assets in underlying portfolios that invest primarily in equity securities. This asset allocation portfolio is managed with the intention of providing an optimal mix of a broadly diversified portfolio.

John Hancock Multimanager Moderate Lifestyle Portfolio – This investment in a registered investment company seeks to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on income by investing approximately 60% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and 40% of its assets in portfolios that invest primarily in equity securities. This asset allocation portfolio is managed with the intention of providing an optimal mix of a broadly diversified portfolio.

John Hancock Multimanager Aggressive Lifestyle Portfolio – This investment in a registered investment company seeks to achieve long-term growth of capital by investing 100% of the portfolio's assets in underlying portfolios that invest primarily in equity securities. This asset allocation portfolio is managed with the intention of providing an optimal mix of a broadly diversified portfolio.

Blue Chip Growth Fund – This investment in a registered investment company seeks to provide long-term growth of capital. Current income is a secondary objective. The manager narrows the universe of companies down to approximately 200-300 names by conducting quantitative screening for market capitalization, solid revenue growth, consistent earnings, attractive free cash flow and above average return on invested capital.

NOTE 4 – TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.
- Net appreciation in fair value of investments and revenue sharing arrangement income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Investments reflected on the schedule of assets (held at end of year), excluding notes receivable from participants.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of pooled separate accounts that invest in registered investment companies and a collective trust managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

Under the group annuity contract, John Hancock Life Insurance Company receives revenue from various investment options (sub-accounts) of the Plan. In the case of underlying funds advised and sub-advised by John Hancock Life Insurance Company and its affiliates, John Hancock Life Insurance Company uses revenue from its corporate profit to provide credits to the sub-account that invests in the underlying affiliated fund. These credits may be applied to pay Plan expenses or allocated to the accounts of participants. During 2019, the credits received in conjunction with this arrangement was $108,866, which were allocated to the accounts of participants.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, any unvested amounts allocated to a participant's account become fully vested.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor.

NOTE 10 – RECONCILIATION TO FORM 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has experienced volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has evaluated subsequent events through October 12, 2020, which is the date the financial statements were available to be issued.
