Rose Companies Employer 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Rose Companies Employer 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was formed on January 1, 2017, and is sponsored and administered by Rose Companies Employer, LLC (the Company or Plan Sponsor). Effective January 1, 2018, the Plan Sponsor approved the merger of the Rose Companies Employer LLC 401(k) Profit Sharing Plan and Trust into the Plan.

The Plan is as a defined contribution plan covering substantially all employees of the Plan Sponsor (and certain affiliated companies) who are 21 years of age and have 30 days of service. All employees of the Plan Sponsor on January 29, 2017 were immediately eligible to participate in the Plan given they met the age requirement. Management is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Effective January 1, 2018, the Company automatically withholds 3% from the employee's compensation and contributes this amount to the Plan as deferral contributions, unless the employee elects otherwise. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). Once a participant completes one year of service, the Company may make matching contributions. Effective January 1, 2018, the Company makes a safe harbor nonelective contribution of 3% of each eligible participant's compensation (as defined). The Company's safe harbor nonelective contributions are calculated at the end of the Plan year and are remitted to the Plan in the subsequent year.

The Company may also make a discretionary profit-sharing contribution. Participants must be employed at the end of the Plan year and have completed six months of service to be eligible for the employer discretionary profit-sharing contribution allocation. Employer contributions are subject to certain limitations. No discretionary profit-sharing contributions were declared by the Company for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited for the participant's contributions, the Company's matching, safe harbor nonelective, and discretionary contributions and Plan earnings thereon, and charged with an allocation of the Plan's administrative expenses. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Rose Companies Employer 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A maximum of one loan can be outstanding at any one time and loans are repayable over one to five years, unless used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Interest rates ranged from 4.25% to 6.50% on loans outstanding as of December 31, 2019, and 4.25% to 6.25% as of December 31, 2018. Principal and interest is paid ratably through payroll deductions.

Investment Options

Participants must direct contributions into various options as made available and determined by Plan management. Participants may elect to change their contribution percentage daily and may elect to change their investment options and invested contributions from one fund to another daily.

Benefit Payments

Upon termination of service, attainment of normal retirement (age 65), disability, or death, a participant may elect to receive distributions as a lump-sum or installment distribution equal to his or her vested account balance. Mandatory or involuntary distributions shall be made for a terminated participant with an account balance below \$1,000. Participants who have attained age of 59½ may withdraw all or part of their vested account as defined by the Plan. Hardship withdrawals are also available to participants, subject to provisions of the Plan document and Internal Revenue Service (IRS) regulations. A participant who receives a hardship distribution shall be prohibited from making elective deferrals for six months after receipt of the distribution. Effective January 1, 2019, the Plan was amended to eliminate the six-month elective deferral suspension.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan or the Company, at the discretion of the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared in conformity with generally accepted accounting principles in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation methodology used to measure the fair value of common/collective trusts as of December 31, 2019 and 2018 is derived from the net asset value (NAV) of units held by the Plan at December 31, 2019 and 2018. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on

Rose Companies Employer 401(k) Plan

Notes to Financial Statements

the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Benefit payments

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate and market fluctuations. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in investment values in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2018-13. *Fair Value Measurement Topic (820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminates certain disclosures including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the changes in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures including disclosing purchases, sales, and transfers for Level 3 investments instead of the Level 3 roll-forward. ASU 2018-13 is effective for periods beginning December 15, 2019. Early adoption is permitted. Management is currently evaluating the impact of this ASU on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2020, which is the date the financial statements were available to be issued. See Note 9.

Rose Companies Employer 401(k) Plan

Notes to Financial Statements

3. Information Prepared and Certified by Reliance Trust Company (Unaudited)

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and the net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2019, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the Plan's trustee. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

4. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued using NAV as a practical expedient, as reported by the trustee, based on the underlying investments. The common/collective trust provides for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

Rose Companies Employer 401(k) Plan

Notes to Financial Statements

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>December 31, 2019</i>	Fair Value Measurements at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 21,627,436	\$ -	\$ -	\$ 21,627,436
Investments measured at NAV (a)				1,468,870
Total Investments	\$ 21,627,436	\$ -	\$ -	\$ 23,096,306

<i>December 31, 2018</i>	Fair Value Measurements at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 16,151,404	\$ -	\$ -	\$ 16,151,404
Investments measured at NAV (a)				1,378,367
Total Investments	\$ 16,151,404	\$ -	\$ -	\$ 17,529,771

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. The assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan document.

6. Tax Status

Effective January 1, 2017, the Plan adopted a standardized form of a prototype plan sponsored by Reliance Trust Company. The prototype plan received a favorable opinion letter from the IRS as to the Plan's qualified status dated April 10, 2015. The prototype plan's opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Rose Companies Employer 401(k) Plan

Notes to Financial Statements

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Transactions with Parties-In-Interest

Certain Plan investments are shares of mutual funds and a common/collective trust managed by T. Rowe Price., the recordkeeper of the Plan's assets. Accordingly, these transactions qualify as allowable party-in-interest transactions under ERISA. Additionally, notes receivable from participants qualify as allowable party-in-interest transactions under ERISA. Administrative expenses paid to T. Rowe Price totaled approximately \$76,220 for the year ended December 31, 2019.

8. Prohibited Transactions

During the year ended December 31, 2018, the Plan sponsor failed to deposit \$7,034 of participant contributions and loan repayments within the required timeframe as prescribed by the United States Department of Labor (DOL) regulations. The Plan sponsor corrected these delinquent participant contributions and loan repayments and reimbursed the Plan for lost interest and earnings in 2019. The Plan intends to file Form 5330 and pay the applicable excise tax in 2020. The excise tax payments will be made from the Plan Sponsor's assets and not from assets of the Plan.

During the year ended December 31, 2017, the Plan Sponsor failed to deposit \$6,311 of participant contributions within the required timeframe as prescribed by the United States Department of Labor (DOL) regulations. The Plan sponsor corrected these delinquent participant contributions and loan repayments and reimbursed the Plan for lost interest and earnings in 2019. The Plan intends to file Form 5330 and pay the applicable excise tax in 2020. The excise tax payments will be paid by the Plan Sponsor.

9. Subsequent Events

Effective January 1, 2020, the Plan was amended to include a qualified automatic contribution arrangement (QACA). Under a QACA a participant's minimum deferral election is equal to the higher of: (a) 3% of Plan compensation (as defined) up to 10% of compensation (based on years of participation), or (b) their present elective deferral percentage plus 1%. All QACA deferrals are subject to the maximum elective deferral limit under the Plan of 10% of compensation. In order to meet these limitations contributions by employees representing the top 20% in compensation are limited to 10% of compensations (as defined). In order to maintain QACA safe harbor status, the Company will make a safe harbor matching contribution equal to 100% of a participant's salary deferrals that do not exceed 3% of compensation (as defined), plus 50% of a participant's salary deferrals that exceed 3% of compensation (as defined) but do not exceed 4% of compensation. For those hired after January 1, 2020, qualified safe harbor contributions will become 100% vested upon completion of two years of service (as defined), and employees hired prior to December 31, 2019 will be 100% vested in the QACA safe harbor contributions. QACA safe harbor contributions are not eligible for in-service distributions.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 Outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 Outbreak as a pandemic, based on the rapid increase in exposure globally.

Rose Companies Employer 401(k) Plan

Notes to Financial Statements

The full impact of the COVID-19 Outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to volatility in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000;
- Increased the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year.

Although Plan management cannot estimate the length or gravity of the impact of the COVID-19 Outbreak at this time, if the pandemic continues, it may have an adverse effect on the Plan.
