These transfers approximated \$132 million, which includes approximately \$5 million of loan transfers, and are included as rollovers in the accompanying financial statements.

The Plan is a defined contribution plan adopted effective May 1, 2019 for participation by eligible employees of the Company and selected subsidiaries, as designated by the Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

ADMINISTRATION

The Plan is administered by the Employee Benefits Policy Committee appointed by the Company. The Plan has appointed Fidelity Management Trust Company ("FMTC") as trustee of the Plan. The trustee is responsible for investing and safekeeping all of the Plan's assets.

CONTRIBUTIONS

Participants can designate an amount up to thirty-five percent (35%) of their gross annual eligible compensation as contributions. The Plan has provided multiple Company contribution schedules based on specific eligibility rules. A full listing of the schedules can be found in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of a rollover.

If the participant does not make an election to participate in the Plan within 60 days of becoming eligible, the participant will be automatically enrolled to make pre-tax contributions depending on their employment classification. If automatically enrolled, the participant's contributions will be invested in a target date fund based on their birth date and the fund's target retirement date.

Participant contributions are deposited in the investment funds of their choice. Participants may reallocate their account balances among the available investment funds at any time in increments of one percent (1%). Participants are immediately vested in their contributions plus actual earnings (losses) thereon. A participant's interest in Company contributions plus actual earnings (losses) thereon, vests based on eligibility rules specific to certain groups of employees.

If employment terminates other than by reason of retirement, death or total and permanent disability and the participant is not reemployed by the Company or its affiliates within 72 months of that date, the participant's interest in the non-vested portion of the Company contributions is forfeited. The Company may apply any forfeited amounts to reduce future Company contributions to the Plan.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS

FORFEITED ACCOUNTS

At December 31, 2019 forfeited non-vested accounts totaled \$2,761. These accounts will be used to reduce future Company contributions. During the eight months ended December 31, 2019, no forfeitures were used to reduce Company contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent (50%) of their account balance, whichever is less. Loans are subject to certain limitations based on the Plan document. Only two loans per participant may be outstanding at any time. Each loan may be for a term up to five years. Regular payroll deductions are required to repay a loan. Each loan's interest rate is fixed at the prime rate at the beginning of the calendar quarter in which it is issued. Interest rates range between 3.25% and 6.50%. At termination, participants may continue to make monthly loan payments until the balances of any loans are paid off.

The notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest. At the time of borrowing, the assets of the participant are sold proportionally to finance the loan. The loan is collateralized by the participant's assets in the Plan.

Should a participant fail to make a loan payment when due (including retirement or termination), the participant is given a grace period to cure the delinquency through the end of the calendar quarter following the calendar quarter in which the default arose. If the participant fails to cure the delinquency, a deemed distribution occurs in accordance with the provisions of the Plan document. The Plan has not made a provision for uncollectible loans as there are none.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan, as allowed by Plan provisions, with all remaining expenses paid by the Company. Certain administrative expenses of maintaining the Plan are allocated and charged to participants based on participant account balances, as defined, and are included in administrative expenses. In addition, certain investment related expenses are included in net appreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

POWER SOLUTIONS RETIREMENT SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FAIR VALUE MEASUREMENTS

ASC 820, "Fair Value Measurement," defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a three-level fair value hierarchy that prioritizes information used in developing assumptions when pricing an asset or liability as follows:

- Level 1:* Observable inputs such as quoted prices in active markets;
- Level 2:* Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3:* Unobservable inputs where there is little or no market data, which requires the reporting entity to develop its own assumptions.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

SUBSEQUENT EVENTS

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 14, 2020, the date on which the financial statements were available to be issued.

The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The extent of the impact of the COVID-19 pandemic on the Plan will depend on future developments which are highly uncertain and cannot be predicted.

Effective as of January 1, 2020 the name of the Plan changed to Clarios, LLC Retirement Savings and Investment Plan.

NOTE 3 - FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The fair value for Mutual Funds is determined by direct quoted market prices. Mutual funds are open-ended investments that obtained proper registration from the Securities and Exchange Commission. The funds publish daily their net asset value (NAV) after the close of trading on regulated financial exchanges. The NAV represents the current market value of the fund's holdings after deducting the fund's liabilities.

Common collective trust fund: Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

POWER SOLUTIONS RETIREMENT SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the assets at fair value as of December 31, 2019:

Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3
Mutual funds	\$ 151,823,130	\$ —	\$ —
Investments measured at NAV *			
Common collective trust fund			5,738,469
Total investments at fair value			\$ 157,561,599

* ASU No. 2015-07 allows investments measured at NAV as a practical expedient to be excluded from the fair value hierarchy. The fair value amounts presented herein are intended to permit reconciliation of total investments to the statement of net assets available for benefits.

NOTE 4 - TAX STATUS

The status of the Plan is currently pending with the Internal Revenue Service (IRS) to determine if the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include mutual funds and a common collective trust fund managed by FMTC, the trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services and record keeper fees during the eight months ended December 31, 2019 were \$167,069. These transactions and investments, as well as participant loans, qualify as exempt "party-in-interest" transactions, as "party-in-interest" is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others.

Certain employees and officers of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

NOTE 7 - INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly the Plan's trustee, FMTC has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

POWER SOLUTIONS RETIREMENT SAVINGS AND INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

- The investments and notes receivable from participants as shown in the Statement of Net Assets Available for Benefits.
- The investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits.
- The investments and notes receivable from participants as shown in the Schedule of Assets (Held at End of Year).

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the financial statements and supplemental schedule.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

POWER SOLUTIONS RETIREMENT SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Power Solutions Retirement Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description provided to all participants for a more complete description of the Plan's provisions.

GENERAL

On April 30, 2019, Clarios Global LP (the "Company") acquired the Power Solutions business ("Power Solutions") from Johnson Controls International plc ("JCI") and Power Solutions participants of the Johnson Controls Retirement Savings and Investment Plan and Johnson Controls Select Hourly Retirement Savings and Investment Plan (the "JCI Plan") became enrolled in the Plan. Participants had the election to transfer their JCI Plan balance to the Plan in May 2019. These transfers approximated \$132 million, which includes approximately \$5 million of loan transfers, and are included as rollovers in the accompanying financial statements.

The Plan is a defined contribution plan adopted effective May 1, 2019 for participation by eligible employees of the Company and selected subsidiaries, as designated by the Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

ADMINISTRATION

The Plan is administered by the Employee Benefits Policy Committee appointed by the Company. The Plan has appointed Fidelity Management Trust Company ("FMTC") as trustee of the Plan. The trustee is responsible for investing and safekeeping all of the Plan's assets.

CONTRIBUTIONS

Participants can designate an amount up to thirty-five percent (35%) of their gross annual eligible compensation as contributions. The Plan has provided multiple Company contribution schedules based on specific eligibility rules. A full listing of the schedules can be found in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of a rollover.

If the participant does not make an election to participate in the Plan within 60 days of becoming eligible, the participant will be automatically enrolled to make pre-tax contributions depending on their employment classification. If automatically enrolled, the participant's contributions will be invested in a target date fund based on their birth date and the fund's target retirement date.

Participant contributions are deposited in the investment funds of their choice. Participants may reallocate their account balances among the available investment funds at any time in increments of one percent (1%). Participants are immediately vested in their contributions plus actual earnings (losses) thereon. A participant's interest in Company contributions plus actual earnings (losses) thereon, vests based on eligibility rules specific to certain groups of employees.

If employment terminates other than by reason of retirement, death or total and permanent disability and the participant is not reemployed by the Company or its affiliates within 72 months of that date, the participant's interest in the non-vested portion of the Company contributions is forfeited. The Company may apply any forfeited amounts to reduce future Company contributions to the Plan.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

POWER SOLUTIONS RETIREMENT SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

FORFEITED ACCOUNTS

At December 31, 2019 forfeited non-vested accounts totaled \$2,761. These accounts will be used to reduce future Company contributions. During the eight months ended December 31, 2019, no forfeitures were used to reduce Company contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent (50%) of their account balance, whichever is less. Loans are subject to certain limitations based on the Plan document. Only two loans per participant may be outstanding at any time. Each loan may be for a term up to five years. Interest rates range between 3.25% and 6.50%. At termination, participants may continue to make monthly loan payments until the balances of any loans are paid off.

The notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest. At the time of borrowing, the assets of the participant are sold proportionally to finance the loan. The loan is collateralized by the participant's assets in the Plan.

Should a participant fail to make a loan payment when due (including retirement or termination), the participant is given a grace period to cure the delinquency through the end of the calendar quarter following the calendar quarter in which the default arose. If the participant fails to cure the delinquency, a deemed distribution occurs in accordance with the provisions of the Plan document. The Plan has not made a provision for uncollectible loans as there are none.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan, as allowed by Plan provisions, with all remaining expenses paid by the Company. Certain administrative expenses of maintaining the Plan are allocated and charged to participants based on participant account balances, as defined, and are included in administrative expenses. In addition, certain investment related expenses are included in net appreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO THE FINANCIAL STATEMENTS

FAIR VALUE MEASUREMENTS

ASC 820, "Fair Value Measurement," defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a three-level fair value hierarchy that prioritizes information used in developing assumptions when pricing an asset or liability as follows:

- Level 1:* Observable inputs such as quoted prices in active markets;
- Level 2:* Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3:* Unobservable inputs where there is little or no market data, which requires the reporting entity to develop its own assumptions.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

SUBSEQUENT EVENTS

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 14, 2020, the date on which the financial statements were available to be issued.

The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The extent of the impact of the COVID-19 pandemic on the Plan will depend on future developments which are highly uncertain and cannot be predicted.

Effective as of January 1, 2020 the name of the Plan changed to Clarios, LLC Retirement Savings and Investment Plan.

NOTE 3 - FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The fair value for Mutual Funds is determined by direct quoted market prices. Mutual funds are open-ended investments that obtained proper registration from the Securities and Exchange Commission. The funds publish daily their net asset value (NAV) after the close of trading on regulated financial exchanges. The NAV represents the current market value of the fund's holdings after deducting the fund's liabilities.

Common collective trust fund: Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner.

POWER SOLUTIONS RETIREMENT SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the assets at fair value as of December 31, 2019:

Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3
Mutual funds	\$ 151,823,130	\$ —	\$ —
Investments measured at NAV *			
Common collective trust fund			5,738,469
Total investments at fair value			\$ 157,561,599

* ASU No. 2015-07 allows investments measured at NAV as a practical expedient to be excluded from the fair value hierarchy. The fair value amounts presented herein are intended to permit reconciliation of total investments to the statement of net assets available for benefits.

NOTE 4 - TAX STATUS

The status of the Plan is currently pending with the Internal Revenue Service (IRS) to determine if the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include mutual funds and a common collective trust fund managed by FMTC, the trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services and record keeper fees during the eight months ended December 31, 2019 were \$167,069. These transactions and investments, as well as participant loans, qualify as exempt "party-in-interest" transactions, as "party-in-interest" is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
