1. Description of the Plan

The following description of the Integrative Nutrition 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and covers all employees of the participating employers, Integrative Nutrition, Inc. and International Health Coach University, Inc., (collectively referred to as the Company or Plan administrator) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company has appointed Reliance Trust Company (the trustee) as the Plan's trustee and recordkeeper.

Eligibility

All employees excluding non-resident aliens, who are age 21 or older, and have completed two months of service from their date of hire are eligible to participate.

Contributions

Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits of the Internal Revenue Code (IRC). Participants may designate all or a portion of their deferral contributions as pretax or after tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company makes a safe harbor contribution equal to 100% of salary deferrals that do not exceed 5% of eligible compensation based on each payroll period, which is fully vested at the time of contribution. The Company has the option to make a profit sharing contribution which will be made at the discretion of the Company's management. For the year ended December 31, 2019, there was no profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on compensation or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions and employer safe harbor contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contributions, if any, is based on years of continuous service. A participant is vested 25% for less than a year of service, 50% after one year of service and fully vested after two years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% (5.50% to 6.50% as of December 31, 2019 and 5.50% to 5.75% as of December 31, 2018), and are generally payable in installments over periods ranging from one to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period will be determined at the time the loan is made). Principal and interest are paid ratably through payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant. There were no loans in default as of December 31, 2019 and 2018.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2019 and 2018, the Plan does not have a forfeiture balance. Forfeitures can be used to pay Plan expenses or reduce amounts otherwise required to be contributed to the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Plan administrator determines the Plan’s valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 -Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 8,330,234	$ -	$ -	$ 8,330,234
Investments, at fair value	$ 8,330,234	$ -	$ -	$ 8,330,234

	December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 6,460,301	$ -	$ -	$ 6,460,301
Investments, at fair value	$ 6,460,301	$ -	$ -	$ 6,460,301

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Reliance Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

6. Related Party and Party-in-Interest Transactions

Certain of the Plan's investments may be managed by the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company profit sharing contributions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 31, 2019 and 2018, the Plan held two investments representing approximately 34% and 35% of total investments, totaling $2,844,471 and $2,234,852, respectively.

9. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan's management has evaluated subsequent events for recognition or disclosure through October 13, 2020, the date the financial statements were available to be issued.

The recent outbreak of coronavirus and the resulting disease, COVID-19, has affected, and may continue to affect, economic activity globally, nationally, and locally. Following the COVID-19 outbreak, the values of investment securities have been subject to significant volatility. Economic, market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. Because of the uncertainty of the duration or impact of this pandemic, the short and long-term financial impact to the Plan cannot be reasonably estimated at this time.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act. The CARES Act took immediate effect and contains several provisions that temporarily impact 401(k) plans, including a new hardship withdrawal option and a loan payment pause option.
