1. DESCRIPTION OF THE PLAN:

The following description of the Rogers Towers 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Rogers Towers, P.A. (the Company or Employer) who have completed six months of service and are at least 20 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective July 1, 2019, the Plan was amended and restated and, as a result, employees may begin elective deferrals after 30 days of service and the attainment of 18 years of age.

The Plan utilizes an automatic enrollment feature. Unless formally declined online or by phone, employees are automatically enrolled in the Plan to defer 3% from their eligible compensation once they meet the eligibility requirements. The Company automatically increases participants' deferrals by 1% on July 1st of each year up to a maximum of 6%. As of July 1, 2019, the automatic enrollment begins at 6% with automatic 1% increases on July 1st of each year up to a maximum of 10%.

Plan Administration

Effective July 1, 2019, the Plan's trustee and contact administrator changed from Wells Fargo Bank, N.A. (Wells Fargo) to T. Rowe Price Retirement Plan Services, Inc. (T. Rowe).

The Plan Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant Accounts

Each participant's account is credited with the participant's elective contributions, Employer nondiscretionary matching contributions, Employer discretionary contributions (based on eligibility), Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Each year, the Company will remit contributions to the Plan in the following amounts:

The total amount of participants' elective deferrals including pre-tax and Roth contributions up to a maximum permitted by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefits or defined contributions plans.

1. DESCRIPTION OF THE PLAN (CONTINUED):

Contributions

A matching contribution equal to 25% of the salary deferred by the participants (excluding catch-up contributions), not to exceed 6% of the participant's salary.

A discretionary profit sharing contribution determined each year by the Company. Total profit share contribution amounted to $947,623 during the year ended December 31, 2019, which was received by the Plan in 2020, partially funded by forfeitures.

Vesting

Participants are immediately vested in their contributions and the Employer matching contributions plus actual earnings thereon. Vesting in the Employer discretionary profit sharing contributions and related earnings is based on years of continuous service. Participants must work at least 1,000 hours during the year to be credited with a year of service. Participants vest 20% per year beginning with the second year, and are 100% vested after six years of credited service.

Forfeited Accounts

As of December 31, 2019 and 2018, forfeited non-vested accounts totaled $73,230 and $37,370, respectively. These accounts will be used to reduce future Employer contributions. During the year ended December 31, 2019, $40,786 of forfeitures were used to reduce Employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. As of July 1, 2019, participants may not borrow Roth contribution amounts. The loans are secured by the balance in the participant's vested account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the plan administrator. Loan terms have a minimum of one year and may not exceed five years, unless the loan is used for the purchase of a primary residence. No more than one loan may be outstanding at a time for a participant and loans may not be consolidated or refinanced. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF THE PLAN (CONTINUED):

Payment of Benefits

On termination of services for any reason, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. Other than termination, participants may not withdraw their contributions until they attain age 59 ½. Effective July 1, 2019, the amended and restated Plan allows for in-service withdrawals from all rollover account balances and also permits hardship withdrawals, in accordance with provisions specified in the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Financial Statement Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan unless directly by the Employer. Expenses paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative charges. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan's management has evaluated subsequent events for adjustment to or disclosure in the Plan's financial statements through October 14, 2020, the date the financial statements were available to be issued. Except as noted below, no recordable or disclosable events occurred through this date.

A novel strain of coronavirus (COVID-19) was first identified in December 2019, and has subsequently been declared a pandemic by the World Health Organization during the first quarter of 2020. The outbreak of COVID-19 has caused significant volatility in the U.S. and international financial markets impacting the Plan's investments. Market conditions have recovered from an initial decline in March 2020; however, the extent and duration of the pandemic and related market volatility remains unclear.

3. FAIR VALUE MEASUREMENTS:

The fair value framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. FAIR VALUE MEASUREMENTS (CONTINUED):

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common or collective trusts (CCT) – Valued using the NAV of units of a bank collective trusts. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. There were no unfunded commitments or trading restrictions for the CCTs as of December 31, 2019 and 2018. These investments are direct filing entities.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (CONTINUED):

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value, as of December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 28,721,384	$ ---	$ ---	$ 28,721,384
Total investments in the fair value hierarchy	$ 28,721,384	$ ---	$ ---	28,721,384
Common collective trust*				4,771,479
Total investments, at fair value				$ 33,492,863

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value, as of December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,837,062	$ ---	$ ---	$ 16,837,062
Total investments in the fair value hierarchy	$ 16,837,062	$ ---	$ ---	16,837,062
Common collective trust*				13,107,186
Total investments, at fair value				$ 29,944,248

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES:

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has elected that information certified by the trustees not be subjected to any auditing procedures except for comparing such information to the information contained in the accompanying financial statements and supplemental schedules. Wells Fargo served as trustee as of December 31, 2018 and from January 1, 2019 to June 30, 2019 and T. Rowe served as trustee from July 1, 2019 to December 31, 2019. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate as of December 31, 2019 and 2018, and for the year ended December 31, 2019:

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES (CONTINUED):

	2019	2018
Mutual funds	$ 28,721,384	$ 16,837,062
Common collective trust	4,771,479	13,107,186
Notes receivable from participants	149,071	157,893
Net appreciation in fair value of investments	4,693,259	
Interest and dividends	1,117,800	
Interest income on notes receivable from participants	8,027	

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedules.

5. PARTIES-IN-INTEREST TRANSACTIONS:

Certain Plan investments in mutual funds and common collective trusts were managed by Wells Fargo or are managed by T. Rowe. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

The trustees have revenue sharing arrangements with various entities, which are used to offset certain amounts owed to the trustees for their administrative services to the Plan. If the revenue received by the trustees exceeds the amount owed under their agreements with the Plan, the trustees would remit the excess to the Plan's trust on a quarterly basis. Such amounts would be applied to pay administrative expenses or allocated to the accounts of the participants. During 2019, the Plan received $45,691 which is included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

The Plan issues notes to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

7. INCOME TAX STATUS:

The Plan previously adopted the Wells Fargo Bank, N.A. Defined Contribution Volume Submitter Plan and Trust. The Internal Revenue Service (IRS) previously informed Wells Fargo by an opinion letter dated March 31, 2014, that the Wells Fargo prototype plan adopted by the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan had been amended since receiving the opinion letter, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirement of the IRC.

Effective July 1, 2019, in connection with the change in trusteeship to T. Rowe, the Plan has adopted the T. Rowe Price Retirement Plan Services, Inc. Document Agility, Inc. Volume Submitter 401(k) Savings/PS Plan. The IRS has informed T. Rowe by an opinion letter dated August 2, 2017, that the T. Rowe prototype plan adopted by the Plan, as then designed, was in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirement of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. CONCENTRATIONS:

Five investments comprised approximately 63% of net assets available for benefits as of December 31, 2019.

Two investments comprised approximately 29% of net assets available for benefits as of December 31, 2018.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. PROHIBITED TRANSACTIONS:

As described in the schedule of delinquent participant contributions (included in the supplemental information), the Employer did not remit certain contributions to the Plan in a timely manner, as defined by ERISA. These items were fully corrected during the year ended December 31, 2019.
