1. Plan Description

The following brief description of the Care Finders Total Care LLC 401(k) Plan (the "Plan") is for general information only. Participants should refer to the plan document for a complete description of the Plan's provisions.

General
The Plan was established on December 1, 2017. The Plan is a defined contribution plan covering all employees of Care Finders Total Care LLC ("the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility
Employees are eligible to participate in the Plan and receive employer matching contributions upon the completion of 1,000 hours of service and reaching 18 years of age. Employees eligible to participate in the Plan can enroll in the Plan on the first day of the month, immediately following or coinciding with the day they complete their eligibility requirements.

Contributions
The Plan provides each participant with an opportunity to make elective pre-tax contributions and/or Roth Elective Deferrals to the Plan, up to 100% of compensation, and subject to the limitations of the Internal Revenue Code ("IRC").

The Company may make a discretionary matching contribution to the Plan. This contribution is a percentage determined by the Company and applies to all eligible employees for the entire plan year. The Company elected not to make a matching contribution in 2019.

The plan may make a discretionary profit sharing contribution to the Plan. This contribution is a percentage determined by the Company and applies to all eligible employees for the entire plan year. The Company elected not to make a matching contribution in 2019.

Vesting
Participants are fully vested in their own contributions and earnings thereon. Vesting in the Company's discretionary profit sharing or employer matching contributions is based on years of service, which is obtained by participants serving more than 1,000 hours per year. The vesting schedule for discretionary profit sharing or employer matching contribution is as follows:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants shall immediately become 100% vested in the Company's discretionary profits sharing or employer matching contributions upon death or disability.

Forfeitures
Forfeitures may be used to pay administrative expenses or to restore forfeited accounts in order to reduce employer contributions, or reallocated amongst the participants, as elected by the employer. The Plan did not have any forfeitures for the year ended December 31, 2019. There was no forfeiture balance as of both December 31, 2019 and 2018.

Participant Accounts
Each participant's account is credited with their contributions, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the plan document.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 and up to the lessor of 50% of their vested account balance or $50,000. The loans are secured by the balance of the participant's account and bear interest at rates similar to those charged by commercial lenders under similar terms. The maximum term of the loan is five years unless the loan is used to purchase a principal residence. Loans are repaid through payroll deductions and/or lump sum payments according to due dates specified in the individual promissory note. Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. The interest rate is prime plus 2% and at December 31, 2019 the interest rates ranged from 7.00% to 7.50% on all outstanding loans.

Benefits
In the event of death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments as specified by the Plan.

Administrative Expenses
A portion of administrative expenses are paid directly by the Employer. To the extent expenses are not paid by the Employer, expenses may be paid out of the assets of the plan in accordance with ERISA guidelines.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Subsequent Events
The Plan has evaluated subsequent events through October 13, 2020, the date these financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

On March 20, 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to increased volatility in financial markets. The extent to which such increased volatility will impact the value of Plan assets will depend on the future developments that are highly uncertain and cannot be predicted.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management is in the process of evaluating the relief provisions available to plan participants under the CARES Act and as of the time of the report date has not adopted any provisions of the CARES Act.

3. Information Certified by the Custodians

The following is a summary of the investments for the Plan as of December 31, 2019 and 2018, and for the year ended December 31, 2019 and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedules that were prepared by, or derived from information provided by Principal Life Insurance Company, Principal Global Investors Trust Company and Principal Trust Company (collectively "Principal"), the custodians of the Plan, and furnished to the plan administrator. Principal held the Plan's investment assets and executed investment transactions as of December 31, 2019 and 2018 and for the year ended December 31, 2019. The plan administrator has obtained certifications from the custodians that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the custodians at December 31, is as follows:

	2019	2018
Mutual funds	$ 3,823	4,688
Pooled separate accounts	17,510	4,859
Common collective trusts	166,416	60,191
Notes receivable from participants	7,753	-
	$ 195,502	$ 69,738

The following was also certified by the custodians for the year ended December 31, 2019:

Net appreciation in fair value of investments	$ 23,028
Capital gains, dividends and interest income	$ 92
Interest on notes receivable from participants	$ 322

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liabilities; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value:

- Mutual funds: Shares held by the Plan at year-end are valued at unadjusted quoted prices in active markets.
- Pooled separate accounts: The fair value of the pooled separate accounts is determined by the fair value of the underlying mutual funds or stocks and fixed income securities. The fair value of the underlying securities is based on quoted prices of similar assets.
- Common collective trusts (CCT): The fair value of the common collective trusts is determined by the custodian of the common collective trust fund based on the underlying assets which represent NAV.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2019 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,823	$ -	$ -	$ 3,823
Pooled separate accounts	-	17,510	-	17,510
Total investments in the fair value heirarchy	3,823	17,510	-	21,333
Common collective trusts (a)	-	-	-	166,416
Total investments at fair value	$ 3,823	$ 17,510	$ -	$ 187,749

Investments at fair value as of December 31, 2018 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,688	$ -	$ -	$ 4,688
Pooled separate accounts	-	4,859	-	4,859
Total investments in the fair value heirarchy	4,688	4,859	-	9,547
Common collective trusts (a)	-	-	-	60,191
Total investments at fair value	$ 4,688	$ 4,859	$ -	$ 69,738

(a) In accordance with Subtopic 820-10, certain investments that were measured at Net Asset Value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefit.

5. Party-In-Interest Transactions

The Plan investments were managed by Principal and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2019, the Plan paid $2,131 to Principal for administrative fees.

6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend, alter or terminate the Plan subject to the provisions of the ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

7. Income Tax Status

On March 31, 2014, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan as of December 31, 2019 and 2018 and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions and is subject to income tax examination since inception.

8. Risk and Uncertainties

The Plan's investments are concentrated in funds that invest in various investment securities. Such securities are subject to various risks, such as interest rate, market and credit risks, that determine the value of the investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. Corrective Contributions

During 2019, the Company had missed deferral opportunities, relating to certain eligible wages not being included in participant contribution calculations. The Plan has calculated these errors and will make a qualified non-elective contribution to the Plan in the amount of $3,221. As of December 31, 2019, these contributions are included in employer contributions receivable on the statement of net assets available for benefits.

10. Delinquent Contributions

During 2019, the Company did not remit to the Plan's trustee certain participant contributions, totaling $6,772, within the time period prescribed by the Department of Labor regulations. Delays in remitting the contributions to the trustee were due to administrative errors. The Company has made these contributions to the affected participant's accounts in 2019.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation between the statement of net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31, 2019 and 2018, respectively, to the Form 5500:
