SUMMIT RACING EQUIPMENT 401(K) & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

NOTE 1 – DESCRIPTION OF PLAN

The following description of Summit Racing Equipment 401(k) & Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Autosales, Incorporated and Summit Racing Management Co., Inc. (collectively, the "Company"), who have at least three months of service and are age eighteen or older. Leased employees are excluded from participation as a separate class. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan administrator is responsible for oversight of the Plan. The Plan's Administrative/Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the plan administrator.

Contributions: Participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, in half percentage increments. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may change their investment options daily, and have the option to invest all or part of their contributions into the various investment funds offered under the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced portfolio until changed by the participant. The Plan also includes an auto-increase provision whereby existing participants contributing no elective deferrals have their deferral rate automatically set at 6% of eligible compensation each January 1 and their contributions invested in a designated balanced portfolio until changed by the participant, unless they affirmatively elect to not participate in the Plan. Participants subject to the auto-enrollment or auto-increase provisions also have the option of electing a deferral percentage other than the default percentage.

The Company contributes a safe harbor employer matching contribution equal to 100% of the first 1% of base compensation that a participant contributes to the Plan and 50% of the next 5% of base compensation that a participant contributes to the Plan. Prior to 2018, the Company made non-safe harbor employer matching contributions. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. The Company did not make a profit sharing contribution for the year ended December 31, 2019. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of (a) the Company's profit sharing contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to four years or up to six years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the plan administrator, currently the prime interest rate at the time of the loan plus 1%. Interest rates range from 4.25% to 6.50%. Principal and interest is paid ratably through weekly payroll deductions.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's non-safe harbor matching and profit sharing contributions is based on years of continuous service. Participants vest 20% per calendar year of service after the first calendar year of service and are 100% vested after six years of service. Participants are 100% vested in safe harbor matching contributions after two years of service, with participants being credited for service prior to January 1, 2018. Participants become fully vested in all Company contributions upon death, disability or attainment of normal retirement age of 62.

Payment of benefits: Upon separation from service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a partial payment. In-service distributions of employee contributions may be made to a participant who has not separated from service provided the participant has attained age 59 ½. In-service distributions of a participant's entire vested balance may be made to a participant who has not separated from service provided the participant has attained age 62. Involuntary distributions of amounts less than \$5,000 are permitted under the Plan, but such distributions must be directly rolled over to an individual retirement account set up by the plan administrator for the benefit of the participant. In-service hardship withdrawals of employee contributions are permitted upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need.

Forfeited accounts: At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$241,929 and \$287,583, respectively. These accounts will be used to reinstate previously forfeited accounts of re-employed participants who fulfill certain requirements, as defined in the Plan agreement. The remainder will be allocated to participants in accordance with Plan provisions. During the year ended December 31, 2019, \$287,583 of forfeited nonvested accounts were allocated to participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value using the methodologies described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative/Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date and include capital gain distributions. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Receivables – other: Other receivables represent revenue sharing income earned but not yet received by the Plan.

Payment of benefits: Benefits are recorded when paid.

Revenue sharing: The Plan receives revenue sharing income from the Plan's investment funds. Revenue sharing income is either used to pay certain administrative expenses of the Plan and is reported as other income, or is allocated directly to the accounts of participants invested in the respective investment funds and is reported as net appreciation or depreciation in fair value of investments.

Administrative expenses: Certain administrative expenses of the Plan have been paid by the Company and are, therefore, not expenses of the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments. Other plan expenses not paid by the Company, including investment management, recordkeeping, audit fees and participant loan and distribution administrative fees, are either paid from revenue sharing income or are paid from other assets of the Plan and allocated to participant accounts.

Subsequent events: The plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

Subsequent to year end, the World Health Organization officially declared the Coronavirus Disease 2019 (COVID-19) outbreak a global pandemic. During 2020, the financial markets experienced significant volatility due to the COVID-19 pandemic. As a result, the Plan's investment portfolio has also incurred significant volatility in fair value since December 31, 2019. While the financial markets have significantly recovered as of the date of this report, the future stability and volatility of the financial markets cannot be reasonably estimated at this time.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the plan's independent auditors not to perform any auditing procedures with respect to information certified by Charles Schwab Bank, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by or derived from information prepared and certified by the trustee and furnished to the plan administrator:

	<u>2019</u>	<u>2018</u>
Investments, at fair value	\$ 134,756,661	\$ 111,403,447
Notes receivable from participants	3,260,595	
Additions to net assets:		
Net appreciation in fair value of investments	\$ 17,599,696	
Interest and dividends	7,103,481	
Interest income on notes receivable from participants	180,654	

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Self-directed brokerage accounts: Accounts primarily consist of common stocks that are valued on the basis of readily determinable market prices.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: Composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. As of December 31, 2019 and 2018, there were no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$125,558,502	\$ -	\$ -	\$125,558,502
Self-directed brokerage accounts	141,618	-	-	141,618
	125,700,120	-	-	125,700,120
Common collective trust (a)				9,056,541
Investments at fair value	\$125,700,120	\$ -	\$ -	\$134,756,661

Assets at Fair Value as of December 31, 2018

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$103,407,034	\$ -	\$ -	\$103,407,034
Self-directed brokerage accounts	39,364	-	-	39,364
	103,446,398	-	-	103,446,398
Common collective trust (a)				7,957,049
Investments at fair value	\$103,446,398	\$ -	\$ -	\$111,403,447

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2019 and 2018.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 6 – PARTY IN-INTEREST TRANSCATIONS

The Plan issues notes receivable to participants, which are secured by the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the volume submitter plan sponsor by a letter dated March 31, 2014, that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since issuance of the most recent opinion letter. Although the Plan has not received a determination letter specific to the Plan itself, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>December 31,</u>	
	<u>2019</u>	<u>2018</u>
Net assets available for benefits per the financial statements	\$138,257,793	\$115,077,123
Adjustment from net asset value to fair value for interest in a collective trust	134,010	(82,230)
Amounts allocated to withdrawing participants	<u>(148,166)</u>	<u>(108,403)</u>
Net assets available for benefits per Form 5500	<u>\$138,243,637</u>	<u>\$114,886,490</u>

Stable value collective trust funds are valued at the net asset value of units of the collective trust on the statements of net assets available for benefits, whereas Form 5500 requires all investments to be valued at fair value. Amounts allocated to withdrawing participants are recorded on Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet paid as of that date.

The following is a reconciliation of benefits paid to participants per the financial statements to Form 5500:

	Year Ended <u>December 31, 2019</u>
Benefits paid to participants per the financial statements	\$ 8,877,933
Add: Amounts allocated to withdrawing participants at December 31, 2019	<u>148,166</u>
Benefits paid to participants per Form 5500	<u><u>\$ 9,026,099</u></u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500:

	Year Ended <u>December 31, 2019</u>
Net increase in net assets available for benefits per the financial statements	\$ 23,180,670
Change in adjustment from net asset value to fair value for interest in a collective trust	216,240
Change in amounts allocated to withdrawing participants	<u>(39,763)</u>
Net income per Form 5500	<u><u>\$ 23,357,147</u></u>

NOTE 10 – SUBSEQUENT EVENTS

The Plan adopted various temporary provisions of the CARES Act for portions of the 2020 Plan year. The provisions include emergency distributions for qualifying participants up to \$100,000 of their elective deferrals and also loan provisions that allow for an increase in the loan limit to the lesser of \$100,000 or 100% of the participant's account balance and up to a one year extended due date for participant loan repayments.

Effective July 1, 2020, the Company entered into an agreement to change the Plan's trustee and recordkeeper to Fidelity Management Trust Company and adopted a new volume submitter defined contribution plan. New features include an option for participant contributions of up to 4% of eligible compensation on an after tax basis and the addition of a Roth in-plan conversion option.

Also effective July 1, 2020, the Plan was renamed Summit Racing Equipment Retirement Plan.
