ACIETA RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2019 through October 7, 2020, which is the date the financial statements were available to be issued.

Key parties of the plan - Acieta LLC is the plan sponsor/employer and the plan administrator. Great-West Trust Company, LLC is the agent that holds custody of the plan's mutual funds, maintains investment and participant records and is the plan trustee. Great-West Life and Annuity Insurance Company holds custody of the plan's guaranteed investment contract. Empower Retirement is the brand name which refers to the products and services provided by both Great-West entities discussed above, collectively referred to as "Great-West". TG Benefits Inc. is the third party administrator and performs various compliance tests as tax counsel. M3 Financial is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold, and held during the year is reflected in the statement of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	\$10,789,809	\$ -	\$ -	\$10,789,809
Total investments at fair value	\$10,709,809	\$ -	\$ -	\$10,789,809

Investments at contract value - The plan has a fully benefit-responsive guaranteed investment contract through an annuity contract issued by Great-West. The investment is a general account product backed by the general assets of Great-West. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. The interest crediting rate is reset quarterly. The average yield earned by the fund was 1.10% during period ended December 31, 2019

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of the investment at contract value at any time. Amounts may be transferred from the participant's account balance in the fund at any time.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. If the plan sponsor requests a lump sum distribution, a market value adjustment cost is calculated. The plan may also request the distribution in installments over a period of 12 months at contract value.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. No events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuer and that would also limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General - The plan was established on July 1, 2019 as a defined contribution plan and has a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

Eligibility - Employees are eligible once they have completed 3 months of service and have reached 18 years of age. An employee will be allowed to enter the plan on the first day of the month immediately following the employee meeting the eligibility requirements.

Contributions - Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their annual wages or a set amount per pay period, subject to certain limitations (elective deferral contributions). Upon meeting the eligibility requirements, employees are automatically enrolled in the plan and have 8% of their compensation withheld as elective deferral contributions. These participant deferral percentages automatically increase by 1% each year until they reach a maximum of 15%. Such participants have the option to increase, decrease, or stop the deferral by completing the necessary documentation. The plan allows Roth elective deferrals.
- b. Participants may make rollover contributions to the plan from other qualified plans.
- c. Employer matching contributions may be made at the employer's discretion. The employer currently offers an employer matching program, paid bi-weekly coinciding with the employer's payroll. The employer matching contribution was equal to 100% of the first 3% and 50% of the next 2% of the employee compensation contributed as elective deferral contributions during the period ended December 31, 2019.
- d. Employer profit sharing contributions may be made at the employer's discretion. No such contributions were made during the period from inception (July 1, 2019) through December 31, 2019. In order to share in the allocation of profit sharing contributions, a participant is required to complete 1,000 hours of service in the year to which the contribution relates.

Participant accounts - Contributions are remitted to the custodians of plan assets who invest them in accordance with the investment options selected by the participants. The values of the investments are adjusted daily to reflect the earnings plus the fair value appreciation (depreciation). Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants begin vesting in employer contributions and related earnings after their first year of service, at which time they are 20% vested. The participant then vests at a rate of 20% for each year thereafter.

Employees will become fully (100%) vested upon their attainment of Normal Retirement Age while an employee, their death while an employee or becoming disabled while an employee.

Payment of benefits - Benefit payments may commence upon death, disability, attainment of normal retirement age or termination of employment. Participants may receive the distribution of their accrued benefits in the form of a single lump sum payment. In-service withdrawals can commence upon reaching age 59½. Hardship withdrawals are also permitted under the plan.

Forfeitures - Forfeitures may be used to pay administrative expenses or reduce employer contributions. There were no forfeitures used to pay administrative expenses or reduce employer matching contributions during the period from inception (July 1, 2019) through December 31, 2019. Unapplied forfeitures were \$9,000 as of December 31, 2019.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer.

Notes receivable from participants - Participants may obtain loans from their accounts with approval of the plan administrator. Each participant may only have one loan outstanding at any time. The minimum loan amount is \$1,000 and the loans cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000. Loans must be paid back over a period not to exceed five years. As of December 31, 2019, loans outstanding had various repayment schedules through July 2024 with interest rates ranging from 5.25% to 7.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions and related earnings.

4. INCOME TAX STATUS

The plan adopted a CCH Incorporated volume submitter profit sharing plan. This volume submitter plan received its most recent favorable opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

5. INFORMATION CERTIFIED BY GREAT-WEST

Great-West holds the plan's investment assets and executes transactions. Great-West has certified the information set forth below to be complete and accurate.

- a. Investments held and the fair values and contract values of such as of December 31, 2019;
- b. Investment income and net appreciation (depreciation) in fair value for the period from inception (July 1, 2019) through December 31, 2019;
- c. Contributions to, withdrawals from, purchases, sales and transfers between investment accounts for the period from inception (July 1, 2019) through December 31, 2019; and
- d. The report of individual participant accounts for the period from inception (July 1, 2019) through December 31, 2019.

Since Great-West has certified this investment information, Department of Labor regulations allow the investments and investment activity to be excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the independent auditors' report.

6. RELATED PARTY TRANSACTIONS

Certain plan investments are managed by Great-West. Great-West is the custodian of the plan and has custody of plan assets therefore, these transactions qualify as party-in-interest transactions. All of these such party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

The plan has an administrative service agreement with Great-West in which Great-West provides certain administrative services to the plan. Great-West receives revenue from the mutual fund service providers for services Great-West provides to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the plan. The plan pays Great-West direct for certain other service fees that are not covered by the revenue sharing provisions per the administrative service agreement. These direct fees paid were \$9,000 for the period from inception (July 1, 2019) through December 31, 2019.

7. SUBSEQUENT EVENT

In March 2020, the United States economy began suffering adverse effects from the Coronavirus global crisis. The impact this crisis may have on the plan is unknown at this time. The Coronavirus Aid Relief, and Economic Security ("CARES") Act was passed by Congress in March 2020 and allows certain temporary plan provisions to be put into place, including increasing maximum loan distribution amounts, the deferral of certain loan payments, allowing for Coronavirus-related distributions and waiving required minimum distributions. The plan may implement the CARES Act plan provisions at any time until December 31, 2020, with no formal amendment required to the plan documents until December 31, 2022. Management anticipates implementing certain CARES Act plan provisions as needed throughout the 2020 plan year.
