THE BUCKEYE RANCH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Buckeye Ranch 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1988 as a noncontributory defined contribution plan for all employees of The Buckeye Ranch, Inc. (the Organization). Effective October 1, 2006, the Plan was amended to a contributory defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

An employee becomes eligible as a participant in the Plan after six months of employment if the employee is at least twenty and a half years old. However, the eligible employee shall not become an active participant in the Plan until the first day of the Plan year quarter following the date the employee has met the eligibility requirements.

Contributions

Each year, participants may contribute up to the maximum percentage of their defined eligible compensation allowable, not to exceed the limits imposed by the Internal Revenue Code (IRC). The Plan features automatic enrollment with 2% automatic deferral when participants do not make a deferral election. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into investment options offered by the Plan. The Plan offers various funds as investment options for participants. The Plan provides for discretionary matching contributions, which will be determined each year. An additional discretionary contribution may be made by the Organization each year in addition to the discretionary matching contribution. A participant must have one year of service and be actively employed on the last day of the Plan year in order to share in the discretionary contributions. During 2019 and 2018, the Organization matched 100% of participant contributions up to 2% of compensation. The Organization also made discretionary contribution equal to 1.0% and 0.5% of eligible compensation for the years ending December 31, 2019 and 2018, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contributions and (b) Plan earnings. Allocation of the Organization's discretionary contribution is based on participants' annual salary. Allocation of Plan earnings is based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Vesting

Participants are immediately vested in their contributions, rollover contributions plus actual earnings thereon. Vesting in the Organization's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon retirement, death or disability, participants become 100% vested in their account.

Investment Options

A participant may direct all contributions in any of the investment options as allowed by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are limited to one loan outstanding and the loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or his/her beneficiary may receive a lump sum distribution or purchase an annuity with the proceeds of the participant's vested account balance.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$0 and \$10,885, respectively. These accounts will be used to pay Plan administrative expenses or to reduce future Organization contributions. During the years ended December 31, 2019 and 2019, Organization contributions were reduced by \$79,705 and \$140,202 from forfeited non-vested accounts, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Cash and Cash Equivalents

Cash and cash equivalents include certain investments in highly liquid debt instruments with original maturities of three months or less.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policy utilizing information provided by the investment advisors, trustees and insurance company. See Note 4 for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Certain fees related to specific participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 14, 2020, which is the date the financial statements were available to be issued.

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Plan, COVID-19 may impact various parts of its 2020 investments and financial results, including employee participation and retention of eligible employees. Management believes the Plan is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has received a certification from Charles Schwab Bank, the Trustee of the Plan's assets, as to the completeness and accuracy of the investments and related investment income. Such information includes the composition and current value of the investments reported in the statements of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| | If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued daily at net asset value (NAV) as reported by the institution of record. These investments are not publicly traded but are traded through the National Securities Clearing Corporation (NSCC).

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,284,371	\$ -	\$ -	\$ 8,284,371
Collective investment trusts	-	6,410,030	-	6,410,030
Stable Value Fund, At net asset value				1,027,599
Total Investments at Fair Value	\$ 8,284,371	\$ 6,410,030	\$ -	\$ 15,722,000

The following tables set forth by level the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 12,449,020	\$ -	\$ -	\$ 12,449,020
Stable Value Fund, At net asset value				1,198,662
Total Investments at Fair Value	\$ 12,449,020	\$ -	\$ -	\$ 13,647,682

The fair value of the stable value fund is measured using the NAV per share practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in the table above are intended to reconcile the fair value hierarchy table to the amounts presented in the accompanying Statements of Net Assets Available for Benefits.

NOTE 5 - PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of a money market fund managed by Charles Schwab Bank. Charles Schwab Bank is the Trustee of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions.

Notes receivables from Plan participants and the related interest income are considered party-in-interest transactions.

THE BUCKEYE RANCH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 6 - TAX STATUS

The Organization adopted a Prototype Non-standardized Profit Sharing Plan with CODA, which received its latest favorable opinion letter from the Internal Revenue Service on August 1, 2015. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code.

Internal Revenue Service guidelines allow adopting employers of a non-standardized prototype plan to rely on a favorable opinion for qualification requirements without requesting a separate determination letter if the following three requirements are met: 1) the employer's plan is identical to an approved prototype plan, 2) the employer has chosen only the options permitted under the terms of the approved plan, and 3) the employer has followed the terms of the plan.

Management believes the Plan has met the three guidelines stated above and intends to continue following the provisions of the prototype plan. Thus, the Organization has not requested a separate determination letter for the Plan. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
