NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Williams Lumber, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution plan covering substantially all employees of Williams Lumber, Inc. (the "Company") who have three months of service and are at least twenty and one-half (20.5) years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended at various dates to conform with prototype plans utilized by the plan administrators. These were amendments of the preexisting qualified plan which was originally effective October 1, 1976. The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Participants may make contributions to the Plan through payroll deductions up to 100% of compensation, as defined, up to the limit prescribed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions as determined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company shall, at its discretion, contribute and allocate to each participant who is employed on the last day of the Plan year and has at least 1,000 hours of service during the Plan year, a percentage of the participant's elective deferral contributed to the Plan. For the Plan year ended December 31, 2019, the Company elected to contribute 50% of each participant's deferral up to a maximum of 4% of eligible compensation.

The Company also has the option to make an additional discretionary contribution up to certain IRS limitations. For the year ended December 31, 2019, there were no additional discretionary contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, optional participant rollovers, if any, and Plan gains (losses), less allocated administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the accumulated balance of each participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participant accrued benefits derived from Company discretionary contributions are 0% vested when a participant has less than three (3) years of credited service, and 100% vested after three years of credited service.

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, not to exceed 50% of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The Plan administrator has set this rate at 1% above the prime rate. The rate of interest remains constant throughout the term of the loan. Principal and interest are paid ratably through weekly payroll deductions.

Payments of Benefits

Withdrawals from the Plan are generally permitted in the event of termination of employment, normal retirement date (age 65), severe financial hardship as defined by the Plan, qualified military duty, disability, death, or for any reason after attaining age 59 ½. Distributions for reasons other than termination or death are eligible for a lump sum distribution or other elected payment amount. Participants who terminate employment shall be eligible for distribution as soon as administratively feasible following the participant's termination date. These distributions will be paid as a lump sum. Termination distributions of account balances greater than $5,000 may be deferred to a later date.

Forfeited Accounts

Forfeitures from participants' non-vested accounts may be used by the Company to reduce future Company contributions or pay administrative expenses under the Plan. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $2,930 and $8,647, respectively. Forfeited funds totaling $2,930 were utilized in 2020 to reduce the Company match for the year ended December 31, 2019.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See Note 3 for discussion of fair value measurements.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Investment management expenses are deducted from investment returns and classified under net appreciation in fair value of investments. Administration and investment advisor fees paid by the Plan are classified as administrative expenses. All other administrative expenses of the Plan are paid by the Company and excluded from these financial statements.

Subsequent Events

Management has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

- Level 1 – inputs are based upon unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

- Level 2 – inputs are based upon quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable the asset and; inputs derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset.

- Level 3 – inputs are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market Funds: Valued at the net asset value of shares held by the Plan at year end.

Mutual Funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following represents the Plan's assets measured at fair value and the level within the fair value hierarchy in which the fair value measurements fell, at December 31:

	December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 465,101	$ -	$ -	$ 465,101
Mutual funds	11,057,571	-	-	11,057,571
Total investments at fair value	$ 11,522,672	$ -	$ -	$ 11,522,672

	December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 455,725	$ -	$ -	$ 455,725
Mutual funds	8,718,606	-	-	8,718,606
Total investments at fair value	$ 9,174,331	$ -	$ -	$ 9,174,331

NOTE 4 — INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee has furnished certain financial information to the plan administrator and certified as to its completeness and accuracy. This certification is as of December 31, 2019 and 2018, and for the year ended December 31, 2019 and includes investment information related to fair value of investments, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants and net appreciation in fair value of investments that is included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

NOTE 5 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management and Research Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for investment management services are assessed by Fidelity as a percentage of assets invested and included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. For the year ended December 31, 2019, the Plan made a direct payment to Fidelity in the amount of $3,675 for administration costs not covered by revenue sharing.

Notes receivable from participants qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

NOTE 6 — TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the volume submitter profit sharing plan adopted by the Plan, as then designed, is in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The plan administrator believes that no uncertain tax positions have been identified, and the Plan is no longer subject to income tax examinations for years prior to December 31, 2016.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

NOTE 8 — SUBSEQUENT EVENT

Subsequent to December 31, 2019, the stock market has fluctuated due to growing concerns of the COVID-19 pandemic. However, as the values of individual investments fluctuate with market conditions, the amount of losses, if any, that may eventually be realized cannot be determined. These conditions could materially impact participant account balances.
