BCH 403(b) Plan & Trust Agreement
Notes to Financial Statements
December 31, 2019 and 2018

1. Description of the Plan

The following description of the BCH 403(b) Plan & Trust Agreement (the Plan) provides only general information. Users of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was effective January 1, 2009, is a contributory defined contribution plan and covers all employees of Belmont Community Hospital (the Hospital). The Hospital is managed as a part of Wheeling Hospital. Employees are immediately eligible to participate, and participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In 2018 the Plan's management decided to liquidate the plan, and accordingly the Plan's assets are measured at the amounts expected to be liquidated.

The Hospital ceased operations on April 5, 2019.

Contributions

Prior to April 5, 2019, employees elected to defer any portion of their wages as is permitted under current IRS guidelines. For every 1% which the employee deferred up to a maximum of 4%, the Hospital matched 25% of the deferral amount. Therefore, the maximum employer contribution was 1%. Employees could stop their elective deferral at any time, but could only change their contribution or begin contributing on the first day of each calendar quarter. Rollover and transfer contributions are permitted.

Participant Accounts

Under the Plan provisions, individual accounts are maintained for each participant. These individual accounts are credited with each participant's elective deferral, the employer's matching contribution and applicable earnings. Allocations of investment earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily and earnings or losses are posted to the accounts on a daily basis. As of December 31, 2019 and 2018, \$1,449 and \$1,417 was unallocated to plan participants, respectively.

Vesting

Participants have an immediate and fully vested interest in both elective and matching contributions and the related investment earnings.

Hardship Withdrawals

Hardship withdrawals are not permitted by the Plan.

Notes to Financial Statements
December 31, 2019 and 2018

1. Description of the Plan (Continued)

Participant Loans

Participant loans were permitted by the Plan. The loans were secured by the balance in the participant's account. The outstanding amount of participant loans as of April 5, 2019 were transferred to the Wheeling Hospital 403(b) Plan. Accordingly, the participant loans outstanding as of December 31, 2019 and 2018, were \$0 and \$14,245, respectively.

Payment of Benefits

All benefits will be distributed in liquidation. Benefits may be taken as a lump sum distribution or rolled over into another qualified Plan. In 2019, no distributions from the Plan were rolled into the Wheeling Hospital 403(b) Plan.

Plan expenses

A participant is charged a nominal fee when they receive a loan or regular distribution from the Plan. However, all other plan expenses, including trustee, investment management, audit, legal, insurance and other administrative costs are paid by the Hospital.

Investment fees

The Plan's participants invest in various mutual funds which charge between 4 and 68 basis points. The total fees paid by plan participants approximated \$13,571 and \$17,014 for the years ended December 31, 2019 and 2018, respectively.

2. Summary of Significant Accounting Policies

Liquidation Basis of Accounting

In anticipation of the Hospital's closure in 2019, the Plan's management resolved to terminate the Plan in 2018. Accordingly, the liquidation basis of accounting has been used in presenting the financial statements in accordance with FASB ASC 205-30. As of December 31, 2019, all assets of the Plan have not yet been fully liquidated. Full liquidation is expected within approximately a year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are recorded at fair value. For plan assets presented at fair value under GAAP, there is no expected change in asset values due to changing to the liquidation basis.

Participant accounts are valued daily and earnings or losses are posted to accounts on a daily basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

Notes to Financial Statements
December 31, 2019 and 2018

3. Investments

Investment Composition

During the years ended December 31, 2019 and 2018, the Plan's investments consisted of:

	Level (Note 4)	2019	2018
Cash and equivalents	1	\$ 177,498	\$ 170,949
Mutual funds	1	2,948,779	3,219,348
		<u>\$ 3,126,277</u>	<u>\$ 3,390,297</u>

4. Fair Value

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets in active markets • Quoted prices for identical or similar assets in inactive markets • Inputs other than quoted prices that are observable for the asset • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
<i>All of the Plan's investments were Level 1 as of December 31, 2019 and 2018, measured on a recurring basis.</i>	

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

METHODOLOGIES

The following is a description of the methodologies used by this Plan. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are actively traded.

Money markets: Valued at \$1 per share.

Notes to Financial Statements
December 31, 2019 and 2018

4. Fair Value (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

5. Plan Termination

Plan management has decided to terminate the Plan. All distributions will be made to the exclusive benefit of participants or their beneficiaries.

6. Tax Status of the Plan

The Internal Revenue Service has no program for 403(b) plan sponsors to apply for a determination of tax exempt status. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. Information Certified by the Plan's Trustee

The trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- **Cash, cash equivalents, mutual funds and participant loans**, as shown in the Statements of Net Assets Available in Liquidation as of December 31, 2019 and 2018.

8. Investment Risk

Investments of the Plan are not insured by the FDIC; are not deposits or other obligations of, or guaranteed by any bank or affiliates; and are subject to investment risks, including possible loss of the principal amount invested.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available in Liquidation.
