NOTE 1 - DESCRIPTION OF THE PLAN:

The following description of the Rose Paving Company Employees' 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for more information.

General

The Plan is a defined contribution plan with a plan year beginning January 1 and ending December 31.

The Plan covers the following employees who have at least three months of service. All employees of the Company including employees of certain related businesses, as well as members of a collective bargaining unit, are eligible except for non-resident aliens, leased employees, and temporary employees classified as interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation. Contributions may not exceed the limitations prescribed by law. Rollovers from another employer's qualified retirement plan are accepted. The Company contributes an employer match contribution as a discretionary percentage of the salary deferrals made by each participant. The employer shall not make matching contributions with respect to elective deferrals in excess of 6% of a participant's compensation. For the year ended December 31, 2019, the Company made an employer match contribution of $50,000.

The Company may make a profit sharing contribution as a percentage of compensation, to each participant who completes more than 1,000 hours of service during the Plan year, and who is also employed on the last day of the Plan year. The allocation formula is based on permitted disparity and is discretionary each year. The Company did not make any employer profit sharing contributions in the year ended December 31, 2019.

Contributions to the Plan are invested in various mutual funds as directed by the Plan's participants. Participants must evaluate their own investment goals and objectives and choose the mutual funds best suited to achieve their goals and objectives.

Vesting

Participants are fully vested in their salary deferral accounts as of the first day in which they participate in the Plan. Vesting in the Company's contribution to their account is based on continuous years of service. Participants are 100% vested in their accounts plus actual earnings thereon after six years of credited service or upon reaching normal retirement age. Poor investment performance by the mutual funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

NOTE 1 - DESCRIPTION OF THE PLAN (CONT'D):

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's matching or profit sharing contribution, if any, and earnings or losses. Plan earnings are allocated on a daily basis. The benefit to which a participant is entitled to is the vested benefit that can be provided from the participant's account. Participants self-direct their contributions and their share of the Company's contribution among the investment options available under the Plan.

Payment of Benefits

Upon termination of employment with the Company, or retirement, attainment of age 59 ½ with five years of plan participation, disability, or death, the entire vested amount of the participant's account balance is payable to the participant or participant's beneficiaries. A participant may elect to receive one's vested account balance as a lump sum distribution, a rollover into another qualified plan, or a combination of more than one distribution type. Terminated participants whose vested balances exceed $5,000 may choose to defer receipt of their distributions.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate determined by the plan administrator. Principal and interest are paid ratably through regular payroll deductions.

Forfeitures

Forfeitures are retained in the Plan and are used to pay administrative expenses and reduce any future employer contributions. The forfeiture account balance was $28,173 and $17,839 at December 31, 2019 and December 31, 2018 respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. The Plan's investments are stated at fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, and 2018, no allowance for credit losses has been recorded. If a participant does not make loan payments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's recordkeeping expenses are paid by the Plan. The Company pays all other administrative expenses and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONT'D):

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan and as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are considered to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2019:				
Mutual Funds	5,236,119	5,236,119	-	-
Investments at Fair Value	$ 5,236,119	$ 5,236,119	$ -	$ -
December 31, 2018:				
Mutual Funds	3,796,675	3,796,675	$ -	$ -
Investments at Fair Value	$ 3,796,675	$ 3,796,675	$ -	$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation (depreciation) in fair value of investments.

It is the policy of the Plan to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2019 and 2018, there were no transfers into or out of Level 3.

NOTE 4 - INVESTMENTS:

The Statements of Net Assets Available for Benefits for the years ended December 31, 2019 and December 31, 2018 and the investment activities for the year ended December 31, 2019 included on the Statement of Changes in Net Assets Available for Benefits, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total assets of $5,236,119 and $3,796,675 at December 31, 2019 and December 31, 2018 respectively, and related income of $957,945 for the year ended December 31, 2019.

NOTE 5 - RELATED PARTY TRANSACTIONS:

The Plan invests in shares of mutual funds managed by Fidelity. Fidelity Management Trust Company serves as trustee for the Plan and makes investments or disbursements as directed by the Trustees, consistent with the terms of the trust agreement. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rule.

NOTE 6 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 8 - INCOME TAX STATUS:

The Internal Revenue Service has issued an opinion letter dated March 31, 2008 indicating that the Plan, as designed, is a qualified plan under Internal Revenue Code Section 401(a). Management believes that the Plan, as designed, is being operated in accordance with applicable regulations and, therefore, is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code.

NOTE 9 - SUBSEQUENT EVENTS:

On January 30, 2020 the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020 the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. Therefore, the values of the Plan's individual investments have and will fluctuate in response to changing market conditions and the amount of any losses that may be recognized in subsequent periods cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Subsequent events were evaluated through October 14, 2020 which is the date the financial statements were available to be issued.
