INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Astreya Partners, Inc. 401(k) Profit Sharing Plan & Trust
San Jose, California

We were engaged to audit the accompanying financial statements of Astreya Partners, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any audit procedures with respect to the information referred to in Note 4 which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note 9 on March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The COVID 19 outbreak in the United States has caused economic disruption through mandated and voluntary closings of businesses and shelter in place orders. It is at least reasonably possible that this matter will negatively impact the Plan. However, the financial impact and duration cannot be reasonably estimated at this time. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2019, and of assets (held at end of year) as of or for the year ended December 31, 2019, ("supplemental schedules") are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2019 and 2018

1. DESCRIPTION OF THE PLAN

The following description of the Astreya Partners, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2003 to provide retirement benefits for employees of Astreya Partners, Inc. (the "Company"). The Plan is designed be a qualified plan under the Internal Revenue Code ("IRC"), to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws, and the IRC.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Plan's assets are held by the trustee of the Plan, Reliance Trust Company ("Reliance" or "Trustee"). Automatic Data Processing, Inc. ("ADP") provides recordkeeping and administrative services to the Plan. Certain administrative expenses of the Plan, including recordkeeping, were paid directly by the Company. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan.

Eligibility

All employees except employees covered by a collective bargaining agreement, non-resident aliens with no earned income, and employees not required to be taken into account for nondiscrimination testing purposes under the IRC section 4110(b)(6)(c) but only during the IRC section 410(b)(6)(c) transition period are eligible to participate in the Plan on the first day of the month after reaching the age of 19.

Contributions

Participants may elect to contribute through payroll deductions amounts up to 50% of their eligible compensation as defined by the Plan, on a pre-tax basis and/or on a Roth after-tax basis, up to a maximum amount allowed by the IRC. Participants age of 50 or older are allowed to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans as rollover contributions. Participants may direct the investment of their contributions and employer contributions, if any, into any of the various investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Company has the option to make a discretionary non-elective contribution to all eligible participants based upon a percentage of the participant's annual eligible compensation to total eligible compensation. The Company may make discretionary nonelective contributions, however, none was made in 2019. Employer matching contributions are not allowed under this Plan.

Participant accounts

Each participant's account is credited with the participant's contributions or rollovers and allocations of: (i) the Company's contributions (if any), (ii) Plan earnings and (iii) administrative expenses. Allocations are based on participant earnings or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Expenses

Some Fees and expenses of the Plan are paid by the Company. The Plan is not required to repay expenses paid by the Company on its behalf. Investment fees, which may vary according to the individual investment funds selected, and certain other administrative expenses are paid out of the assets of the Plan and are netted against net investment gain/(loss). The Plan is charged with recordkeeping fees and participant transaction fees for withdrawals and participant loans.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's discretionary non-elective contributions, if any, will vest at the rate of 33% each year after one year of a participant's credited service, becoming 100% vested after three years of credited service.

Upon attainment of normal retirement age, death, or total disability, the full value of a participant's account becomes fully vested and non-forfeitable.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at rates that range from 4.25% to 7.50%, which is commensurate with local prevailing rates. As of December 31, 2019, loans outstanding have scheduled maturities through December 2024. The repayment of principal plus interest is generally required by the Plan to be made through payroll deductions over five years unless the loan is used for the purchase of a primary residence, which may be paid over a thirty year period.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's account balance is equal to or less than $1,000, the balance is distributed immediately in a lump-sum cash payment. Balances between $1,000 and $5,000 must be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a distribution. If the account balance is over $5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, installment payments over a period not longer than life expectancy or postpone payment to a later date and remain in the Plan as described in the Plan document. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the plan documents.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts and disclosures reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein (Note 7).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Company contributions are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger and takes the tax deduction. The Plan records receivables based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions in 2019. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of benefits

Benefit payments are recorded when paid.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

In accordance with 29 CFR 2520.103-8 of ERISA, Reliance has certified information regarding the cost and fair value of all investment and notes receivable from participants assets held at December 31, 2019 and 2018, and all investment and notes receivable from participants transactions entered into during the year ended December 31, 2019, which was used in the preparation of the accompanying financial statements and supplemental schedules.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (continued)

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

5. FAIR VALUE MEASUREMENTS

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - inputs are unobservable inputs for the asset or liability and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2019 and 2018.

Mutual funds: Mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end which are quoted in an active market are classified within level 1 of the valuation hierarchy. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at cost which approximates fair value.

Common collective trusts: Valued at its NAV, as a practical expedient, based on the market value of its underlying investments. While the majority of the underlying asset values are quoted prices, the net asset value of the common collective trusts are not publicly quoted.

5. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the major types of assets measured at fair value on a recurring basis during the year ended December 31, 2019:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 7,518,585	$ -	$ -	$ 7,518,585
Money market funds	186,726	-	-	186,726
	$ 7,705,311	$ -	$ -	7,705,311
Investments measured at net asset value (*)				968,510
				$ 8,673,821

The following table presents the major types of assets measured at fair value on a recurring basis during the year ended December 31, 2018:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 5,105,573	$ -	$ -	$ 5,105,573
Money market funds	132,511	-	-	132,511
	$ 5,238,084	$ -	$ -	5,238,084
Investments measured at net asset value (*)				492,956
				$ 5,731,040

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. FAIR VALUE MEASUREMENTS (continued)

The State Street Cash Series U.S. Government Fund (the "Fund") seeks to maximize current income, to the extent consistent with the preservation of capital and liquidity and the maintenance of a stable $1.00 per share net asset value ("NAV"), by investing in U.S. government securities and in repurchase agreements collateralized by U.S. government securities. The Fund is not a "money market fund" registered with the U.S. Securities and Exchange Commission ("SEC"), and is not subject to the various rules and limitations that apply to such funds. There can be no assurance that the Fund will maintain a stable NAV

Investments measured using the net asset value per share practical expedient

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2019:

Type	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trusts	$ 968,510	N/A	Daily	None

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2018:

Type	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trusts	$ 492,956	N/A	Daily	None

6. INCOME TAX STATUS

The Plan's underlying non-standardized prototype plan has received an opinion letter from the IRS dated July 8, 2014, stating that the written form of the prototype plan is qualified under Section 401 of the IRC, and is appropriate for use by employers for the benefit of their employees. In accordance with Revenue Procedure 2007-6, the Plan sponsor has determined that it is eligible to use and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has not filed for a separate determination letter; however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, therefore no provision for income taxes is included in the Plan's financial statements.

7. PARTIES-IN-INTEREST TRANSACTIONS

Certain funds in the Plan's investment fund options are managed by Reliance, the trustee, or one of its affiliates. These transactions qualify as exempt party-in-interest transactions specifically exempted from the prohibited transaction rules of ERISA.

ADP will receive and retain as additional compensation under the agreement any earnings (i.e. "float") on such compensation from pending transactions and such amounts are applied to offset fees. Calculation of float earnings is tied to money market rates of interest provided by the bank at which the account is held.

Also, the employer pays certain fees on behalf of the Plan. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 8,738,541	$ 5,837,715
Adjustment for excess contributions payable	66,936	-
Adjustment for participants' contributions receivable	-	(11,063)
Net assets available for benefits per the Form 5500	$ 8,805,477	$ 5,826,652

The following is a reconciliation of net increase in net assets available for benefits per the financial statements and net income reported on the 5500 for the year ended December 31, 2019:

Contributions per the financial statements	$ 2,900,826
Plus contributions receivable at December 31, 2018	11,063
Plus excess contributions payable at December 31, 2019	66,936
Net increase in net assets per the Form 5500	$ 2,978,825

9. SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused economic disruption through mandated and voluntary closings of businesses and shelter-in-place orders. While the economic disruption is currently expected to be temporary and markets typically recover, there is considerable uncertainty around the duration of the closings and shelter-in-place orders and the shorter term market volatility. In response, the U.S. Government enacted the Coronavirus Aid, Relief and Economic Security (CARES) Act, which includes significant provisions to provide relief and assistance to affected organizations. As there is considerable uncertainty around the duration of the closings and shelter-in-place orders and the ultimate impact of the CARES Act and other governmental initiatives, it is at least reasonably possible that this matter will negatively impact the Plan. However, the financial impact and duration cannot be reasonably estimated at this time

Effective July 1, 2020, The Plan was amended and restated. In conjunction with the restatement, the Company has contracted with Fidelity Management Trust Company (Fidelity) to serve as the Plan's trustee and an affiliate Fidelity to be the recordkeeper.

The Plan has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.
