Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the LifePoint Health, Inc. Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A. (Wells Fargo), Charles Schwab Bank (Charles Schwab), and Vanguard Fiduciary Trust Company (Vanguard), the certifying entities, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Wells Fargo, Charles Schwab, and Vanguard hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from Wells Fargo and Charles Schwab as of December 31, 2019 and 2018, and for the year ended December 31, 2019, and from Vanguard as of December 31, 2019, that the information provided to the Plan administrator by Wells Fargo, Charles Schwab, and Vanguard is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule; Schedule H, Line 4i - schedule of assets (held at the end of year) as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Wells Fargo, Charles Schwab, and Vanguard, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

1. Description of the Plan

General

The following description of the LifePoint Health, Inc. Retirement Plan (the Plan) reflects the general conditions of participation as of December 31, 2019 and 2018. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of the subsidiaries of Legacy LifePoint Health, Inc. (the Company), who have completed 30 days of service, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 31, 2019, participants and assets, totaling approximately \$448,185,000, of the RCCH HealthCare Partners 401(k) Plan were merged into the Plan.

Contributions

Each participant may elect to contribute up to 85% of his or her eligible compensation to the Plan on a pre-tax (traditional) basis or on an after-tax (Roth) basis (both a salary deferral contributions). An automatic 2% pre-tax salary deferral contribution (4% for employees who provide services primarily for UP Health System - Marquette (Marquette employees)) is applied to all participants who do not make a contrary election, except for participants who are classified as pro re nata or per diem. Participants who attain age 50 before the close of the Plan year are eligible to make catch-up contributions. Participant contributions are further limited by certain provisions of the Internal Revenue (IRC).

The Plan provides for discretionary contributions from the Company in an amount determined by the Company's management, in its sole discretion, as a percentage of the participants' salary deferral contribution in the form of matching contributions or in an amount, if any, determined in the sole and absolute discretion of the Company's management in the form of profit-sharing contributions (both Company contributions).

The following exceptions apply:

- For Marquette employees, the Company made matching contributions of 100% up to 4% of their salary deferral contributions prior to July 1, 2018 and 100% up to 3% of their salary deferral contributions after July 1, 2018. Effective January 1, 2019, the annual matching contribution is limited to \$3,750;
- For employees who provide services primarily at Portage Health System (Portage employees), the Company made matching contributions of 100% up to 3% of their salary deferral contributions. Effective January 1, 2019, the annual matching contribution is limited to \$3,750;
- For employees who provide services primarily at Memorial Medical Center, Meyersdale Hospital, or Miners Hospital (Conemaugh employees), the Company made matching contributions of 25% up to 4% of their salary deferral contributions prior to March 1, 2018 and 25% up to 6% of their salary deferral contributions after March 1, 2018;
- For employees who provide services primarily at Watertown Regional Medical Center (Watertown employees) the Company made matching contributions of 100% up to 2% of their salary deferral contributions plus 50% of their salary deferral contributions between 2% and 10% prior to July 1, 2018, 50% up to 8% of their salary deferral contribution after July 1, 2018, and 50% up to 6% of their salary deferral contribution after January 1, 2019.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Contributions (cont.)

- For Conemaugh employees who completed a year of service in the prior year, the Company made profit-sharing contributions equal to a percentage of each such employee's compensation, based on the employee's age and years of service.

An additional contribution by the Company in an amount determined by the Company's management to ensure that the Plan satisfies certain nondiscrimination requirements of the IRC may be allocated solely to the accounts of participants who are considered non-highly compensated employees and have elected to make salary deferral contributions for the Plan year (non-elective Company contributions). Alternatively, certain highly compensated employees may be refunded a portion of their salary deferral contributions in order to comply with the same nondiscrimination requirements of the IRC.

Participant Accounts

Each participant's account is credited (charged) with his or her salary deferral contribution, the Company's contributions, Plan fees and investment earnings (losses). Allocations are based on a number of factors, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions and allocations are subject to certain limitations under the IRC. The Plan allows participants to diversify up to 100% of their contributions and allocations.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, the total vested value of a participant's account that exceeds \$5,000 is distributed to the participant or his or her beneficiary, as applicable, in a lump sum of cash unless the participant or the beneficiary elects certain other forms of distribution available under the Plan. If the vested value of a participant's account is less than \$1,000, the total vested balance is distributed as an automatic lump sum payment in cash. For participant accounts greater than \$1,000 but not more than \$5,000, the vested value of the participant's account may be rolled into an individual retirement account on behalf of the participant or distributed to the participant or his or her beneficiary, as applicable, in cash. Additionally, a participant may request certain in-service withdrawals, including hardship withdrawals, of all or a portion of his or her vested account balance at any time, subject to certain restrictions and limitations, as defined by the Plan document.

Notes Receivable from Participants

Each participant may borrow from his or her account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or one-half of the respective participant's vested account balance. Loan terms range from one year to five years or up to ten years if the loan is used for the purchase of a primary residence. The loans are secured by the vested balance in the respective participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan's administrator. Principal and interest are paid by the participant ratably through payroll deductions.

Notes to Financial Statements

1. Description of the Plan (cont.)

Vesting

Participants are immediately and fully vested in their salary deferral contributions, non-elective Company contributions, rollover contributions and investment earnings (losses) arising from these contributions. Participants are fully vested in matching contributions and profit-sharing contributions after two years of service, although the following exception applies: Marquette employees and Portage employees are fully vested in their matching contributions at all times.

Participants' interests in their accounts become fully vested and nonforfeitable without regard to their credited years of service if they retire on or after age 65, incur a total and permanent disability or die while employed by the Company.

Forfeitures

Forfeited non-vested accounts totaled \$430,136 and \$53,912 as of December 31, 2019 and 2018, respectively. Forfeitures resulting from the non-vested portions of Company contributions for a terminated participant's account can be used to reduce future Company contributions or administrative fees of the Plan. Forfeitures of \$640,000 were used to offset Company contributions for the year ended December 31, 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with United States generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amount of net assets available for benefits, changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales are recorded on a trade-date-basis. Dividends are recorded on the ex-dividend date. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses, including legal and participant accounting expenses and all expenses directly relating to the investments, are generally charged to and paid by the Plan. Certain other expenses may be paid by the Company at the discretion of the Company.

3. Certified information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has obtained certifications from Wells Fargo Bank, N.A. (Wells Fargo) and Charles Schwab Bank (Charles Schwab) as of December 31, 2019 and 2018, and for the year ended December 31, 2019, and from Vanguard Fiduciary Trust Company (Vanguard) as of December 31, 2019, that the information provided to the Plan administrator by Wells Fargo, Charles Schwab, and Vanguard is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2019 and 2018, and for the year ended December 31, 2019, is covered by the certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Investments at Fair Value

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

4. Investments at Fair Value (cont.)

Mutual Funds: Valued at the NAV of shares held by the Plan at year-end in an active market.

Money Market Fund: Valued at quoted prices in markets that are not active by a combination of inputs, including but not limited to dealer quotes who are market makers in the underlying funds and other directly and indirectly observable inputs.

Self-directed Brokerage Accounts: Valued at the last reported sales prices of the underlying investments on the last business day of the Plan year reported by the active markets in which the individual underlying investments are traded, excluding investments in money market funds which are described above.

Collective Trusts: Valued at the NAV as the practical expedient, inclusive of net investment gains or losses, based on information provided by the trustee and using the audited financial statements of the collective trusts at year-end. The investment objectives of the funds included in this class of investments are to approximate as closely as practicable, before expenses, the performance of certain widely observed indices over the long-term, while providing participants the ability to purchase and redeem units at will.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

<i>December 31, 2019</i>	Level 1	Level 2	Level 3	Total

4. Investments at Fair Value (cont.)

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2019 and 2018.

<i>December 31, 2019</i>	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	\$ 1,160,320,291	None	Daily	Daily

<i>December 31, 2018</i>	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	\$ 896,185,052	None	Daily	Daily

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Income Taxes

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS), dated June 17, 2015, stating that the Plan is qualified under Section 401(a) of the IRC and that the related trust is exempt from taxation. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

On February 13, 2019, the Plan administrator was notified by the DOL that the Plan had been randomly selected for examination. Written and official documentation related to the outcome of the examination was received by the Plan administrator on September 9, 2020. The examination has concluded without changes.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress except as noted above.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

7. Party-In-Interest Transactions

The Plan holds investments in the form of notes receivable from participants and pays administrative expenses to the Plan's trustee and recordkeeper. All of these transactions qualify as party-in-interest transactions that are permissible under specific exemptions included in ERISA and the IRC.

The Plan paid \$2,282,707 in administrative expenses to the Plan's trustee and recordkeeper during the year ended December 31, 2019. Additionally, the Company provided the Plan with certain management and administrative services for which no fees were charged.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants will become 100% vested.

9. Subsequent Events

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, October 12, 2020, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2019, but prior to the issuance of these financial statements, that would have a material impact on these financial statements.

The 2019 novel coronavirus (or COVID-19) has affected, and may continue to affect, economic activity globally, nationally and locally. Following the COVID-19 outbreak, the values of investment securities have been subject to significant volatility. Economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments and the amounts reported in the 2019 statement of net assets cannot be predicted at this time.

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted on March 27, 2020. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

10. Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in distributions. The Plan distributed the 2019 and 2018 excess contributions to the applicable participants on March 10, 2020 and March 13, 2019, respectively.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the LifePoint Health, Inc. Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A. (Wells Fargo), Charles Schwab Bank (Charles Schwab), and Vanguard Fiduciary Trust Company (Vanguard), the certifying entities, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Wells Fargo, Charles Schwab, and Vanguard hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from Wells Fargo and Charles Schwab as of December 31, 2019 and 2018, and for the year ended December 31, 2019, and from Vanguard as of December 31, 2019, that the information provided to the Plan administrator by Wells Fargo, Charles Schwab, and Vanguard is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule; Schedule H, Line 4i - schedule of assets (held at the end of year) as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Wells Fargo, Charles Schwab, and Vanguard, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

1. Description of the Plan

General

The following description of the LifePoint Health, Inc. Retirement Plan (the Plan) reflects the general conditions of participation as of December 31, 2019 and 2018. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of the subsidiaries of Legacy LifePoint Health, Inc. (the Company), who have completed 30 days of service, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 31, 2019, participants and assets, totaling approximately \$448,185,000, of the RCCH HealthCare Partners 401(k) Plan were merged into the Plan.

Contributions

Each participant may elect to contribute up to 85% of his or her eligible compensation to the Plan on a pre-tax (traditional) basis or on an after-tax (Roth) basis (both a salary deferral contributions). An automatic 2% pre-tax salary deferral contribution (4% for employees who provide services primarily for UP Health System - Marquette (Marquette employees)) is applied to all participants who do not make a contrary election, except for participants who are classified as pro re nata or per diem. Participants who attain age 50 before the close of the Plan year are eligible to make catch-up contributions. Participant contributions are further limited by certain provisions of the Internal Revenue (IRC).

The Plan provides for discretionary contributions from the Company in an amount determined by the Company's management, in its sole discretion, as a percentage of the participants' salary deferral contribution in the form of matching contributions or in an amount, if any, determined in the sole and absolute discretion of the Company's management in the form of profit-sharing contributions (both Company contributions).

The following exceptions apply:

- For Marquette employees, the Company made matching contributions of 100% up to 4% of their salary deferral contributions prior to July 1, 2018 and 100% up to 3% of their salary deferral contributions after July 1, 2018. Effective January 1, 2019, the annual matching contribution is limited to \$3,750;
- For employees who provide services primarily at Portage Health System (Portage employees), the Company made matching contributions of 100% up to 3% of their salary deferral contributions. Effective January 1, 2019, the annual matching contribution is limited to \$3,750;
- For employees who provide services primarily at Memorial Medical Center, Meyersdale Hospital, or Miners Hospital (Conemaugh employees), the Company made matching contributions of 25% up to 4% of their salary deferral contributions prior to March 1, 2018 and 25% up to 6% of their salary deferral contributions after March 1, 2018;
- For employees who provide services primarily at Watertown Regional Medical Center (Watertown employees) the Company made matching contributions of 100% up to 2% of their salary deferral contributions plus 50% of their salary deferral contributions between 2% and 10% prior to July 1, 2018, 50% up to 8% of their salary deferral contribution after July 1, 2018, and 50% up to 6% of their salary deferral contribution after January 1, 2019.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Contributions (cont.)

- For Conemaugh employees who completed a year of service in the prior year, the Company made profit-sharing contributions equal to a percentage of each such employee's compensation, based on the employee's age and years of service.

An additional contribution by the Company in an amount determined by the Company's management to ensure that the Plan satisfies certain nondiscrimination requirements of the IRC may be allocated solely to the accounts of participants who are considered non-highly compensated employees and have elected to make salary deferral contributions for the Plan year (non-elective Company contributions). Alternatively, certain highly compensated employees may be refunded a portion of their salary deferral contributions in order to comply with the same nondiscrimination requirements of the IRC.

Participant Accounts

Each participant's account is credited (charged) with his or her salary deferral contribution, the Company's contributions, Plan fees and investment earnings (losses). Allocations are based on a number of factors, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions and allocations are subject to certain limitations under the IRC. The Plan allows participants to diversify up to 100% of their contributions and allocations.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, the total vested value of a participant's account that exceeds \$5,000 is distributed to the participant or his or her beneficiary, as applicable, in a lump sum of cash unless the participant or the beneficiary elects certain other forms of distribution available under the Plan. If the vested value of a participant's account is less than \$1,000, the total vested balance is distributed as an automatic lump sum payment in cash. For participant accounts greater than \$1,000 but not more than \$5,000, the vested value of the participant's account may be rolled into an individual retirement account on behalf of the participant or distributed to the participant or his or her beneficiary, as applicable, in cash. Additionally, a participant may request certain in-service withdrawals, including hardship withdrawals, of all or a portion of his or her vested account balance at any time, subject to certain restrictions and limitations, as defined by the Plan document.

Notes Receivable from Participants

Each participant may borrow from his or her account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or one-half of the respective participant's vested account balance. Loan terms range from one year to five years or up to ten years if the loan is used for the purchase of a primary residence. The loans are secured by the vested balance in the respective participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan's administrator. Principal and interest are paid by the participant ratably through payroll deductions.

Notes to Financial Statements

1. Description of the Plan (cont.)

Vesting

Participants are immediately and fully vested in their salary deferral contributions, non-elective Company contributions, rollover contributions and investment earnings (losses) arising from these contributions. Participants are fully vested in matching contributions and profit-sharing contributions after two years of service, although the following exception applies: Marquette employees and Portage employees are fully vested in their matching contributions at all times.

Participants' interests in their accounts become fully vested and nonforfeitable without regard to their credited years of service if they retire on or after age 65, incur a total and permanent disability or die while employed by the Company.

Forfeitures

Forfeited non-vested accounts totaled \$430,136 and \$53,912 as of December 31, 2019 and 2018, respectively. Forfeitures resulting from the non-vested portions of Company contributions for a terminated participant's account can be used to reduce future Company contributions or administrative fees of the Plan. Forfeitures of \$640,000 were used to offset Company contributions for the year ended December 31, 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with United States generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amount of net assets available for benefits, changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales are recorded on a trade-date-basis. Dividends are recorded on the ex-dividend date. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses, including legal and participant accounting expenses and all expenses directly relating to the investments, are generally charged to and paid by the Plan. Certain other expenses may be paid by the Company at the discretion of the Company.

3. Certified information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has obtained certifications from Wells Fargo Bank, N.A. (Wells Fargo) and Charles Schwab Bank (Charles Schwab) as of December 31, 2019 and 2018, and for the year ended December 31, 2019, and from Vanguard Fiduciary Trust Company (Vanguard) as of December 31, 2019, that the information provided to the Plan administrator by Wells Fargo, Charles Schwab, and Vanguard is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2019 and 2018, and for the year ended December 31, 2019, is covered by the certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Investments at Fair Value

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

4. Investments at Fair Value (cont.)

Mutual Funds: Valued at the NAV of shares held by the Plan at year-end in an active market.

Money Market Fund: Valued at quoted prices in markets that are not active by a combination of inputs, including but not limited to dealer quotes who are market makers in the underlying funds and other directly and indirectly observable inputs.

Self-directed Brokerage Accounts: Valued at the last reported sales prices of the underlying investments on the last business day of the Plan year reported by the active markets in which the individual underlying investments are traded, excluding investments in money market funds which are described above.

Collective Trusts: Valued at the NAV as the practical expedient, inclusive of net investment gains or losses, based on information provided by the trustee and using the audited financial statements of the collective trusts at year-end. The investment objectives of the funds included in this class of investments are to approximate as closely as practicable, before expenses, the performance of certain widely observed indices over the long-term, while providing participants the ability to purchase and redeem units at will.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

<i>December 31, 2019</i>	Level 1	Level 2	Level 3	Total

4. Investments at Fair Value (cont.)

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2019 and 2018.

<i>December 31, 2019</i>	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	\$ 1,160,320,291	None	Daily	Daily

<i>December 31, 2018</i>	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	\$ 896,185,052	None	Daily	Daily

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Income Taxes

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS), dated June 17, 2015, stating that the Plan is qualified under Section 401(a) of the IRC and that the related trust is exempt from taxation. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

On February 13, 2019, the Plan administrator was notified by the DOL that the Plan had been randomly selected for examination. Written and official documentation related to the outcome of the examination was received by the Plan administrator on September 9, 2020. The examination has concluded without changes.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress except as noted above.

LifePoint Health, Inc. Retirement Plan

Notes to Financial Statements

7. Party-In-Interest Transactions

The Plan holds investments in the form of notes receivable from participants and pays administrative expenses to the Plan's trustee and recordkeeper. All of these transactions qualify as party-in-interest transactions that are permissible under specific exemptions included in ERISA and the IRC.

The Plan paid \$2,282,707 in administrative expenses to the Plan's trustee and recordkeeper during the year ended December 31, 2019. Additionally, the Company provided the Plan with certain management and administrative services for which no fees were charged.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants will become 100% vested.

9. Subsequent Events

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, October 12, 2020, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2019, but prior to the issuance of these financial statements, that would have a material impact on these financial statements.

The 2019 novel coronavirus (or COVID-19) has affected, and may continue to affect, economic activity globally, nationally and locally. Following the COVID-19 outbreak, the values of investment securities have been subject to significant volatility. Economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments and the amounts reported in the 2019 statement of net assets cannot be predicted at this time.

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted on March 27, 2020. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

10. Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in distributions. The Plan distributed the 2019 and 2018 excess contributions to the applicable participants on March 10, 2020 and March 13, 2019, respectively.
