NOTE 1 - Description of Plan

The following description of the L&R Distributors Inc. ("Company") 401K Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trust Funds

Trust funds have been established by the execution of trust agreements with trustee, John Hancock Life Insurance Company, and are maintained for the purpose of this Plan. The assets of the trust are held, invested and disposed of, by the trustee, in accordance with the terms of the trust agreement, for the benefit of the participants and their beneficiaries.

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined in the Plan, subject to certain statutory limitations ($19,000 in 2019). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 in 2019. Participants may also contribute amounts representing distribution from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. Contributions are subject to certain statutory limitations.

The Plan includes an auto- enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100 percent vested after six years of credited service, except upon the death or disability of the participant, when it becomes 100% vested.

NOTE 1 - Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts. The loans are secured by the balance in the participant's account and bear interest, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce operating expenses. In 2019, there were no withdrawals for operating expenses from forfeited non-vested accounts.

Plan Operating Expenses

Plan administrative expenses are paid by the Company. Loan processing and other participant requested services fees are deducted from the accounts of participants who have requested loans or services.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Employee contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

NOTE 2 - Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentrations of Credit Risk

Financial instruments, which potentially subject the Fund to concentrations of credit risk, are investments in mutual funds with John Hancock Life Insurance Company of New York, an investment firm whose investments are not insured under the FDIC. The management of the Plan and of the Plan's Sponsor has evaluated the financial strength of the investment firm and is satisfied as to their financial stability.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

NOTE 3 - Fair Value Measurement

Fair Value Measurements in accordance with current accounting standards, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

NOTE 3 - Fair Value Measurement (Continued)

Level 1
Valuation is based upon quoted prices for identical securities in active markets.

Level 2
Valuation is based upon inputs other than quoted prices for similar securities in active markets and quoted prices for identical or similar securities in markets that are not active.

Level 3
Valuation is based upon inputs that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Mutual funds are valued at quoted market prices in an exchange and active market and are classified as Level 1 investments. Verification of the value underlying mutual funds can be confirmed on published pricing services using the symbol for the mutual fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Assets at Fair as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 10,619,658	-	-	$ 10,619,658
Investments at fair value	$ 10,619,658	-	-	$ 10,619,658

	Assets at Fair as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 8,998,312	-	-	$ 8,998,312
Investments at fair value	$ 8,998,312	-	-	$ 8,998,312

NOTE 4 - Information Prepared and Certified By Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee John Hancock Life Insurance Company of New York.

	2019	2018
Investments, at fair value:	$10,619,658	$8,998,312
Net/appreciation in fair value of investments	$ 1,853,906	

NOTE 5 - Tax Status

The Plan was established in 1997 under the pre-approved non-standardized prototype document of its third-party administrator (TPA). This document was submitted to the Internal Revenue Service for a specific determination letter, the TPA, the Trustees and management of the Plan and the management of the Plan Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management continually evaluates expiring statutes of limitations, audits, proposed settlements, and changes in tax law, new authoritative rulings and its operating characteristics to comply with its status as a tax-exempt organization. Management has determined that it is more likely than not that any of the Plan's tax positions will be sustained upon examination and therefore has not recognized any liability for uncertain tax positions.

NOTE 6 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company of New York. John Hancock Life Insurance Company of New York is the trustee and record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $45,833 and $9,209 for the year ended December 31, 2019 and 2018 respectively.

NOTE 8 - **Subsequent Events**

Management has evaluated subsequent events through October 15, 2020, the date which the financial statements were available to be issued. Management is not aware of any subsequent events which would require recognition or disclosure in the accompanying consolidated financial statements.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact the Plan's investments income and other Plan transactions. Other financial impact could occur though such potential impact is unknown at this time.

NOTE 1 - Description of Plan

The following description of the L&R Distributors Inc. ("Company") 401K Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trust Funds

Trust funds have been established by the execution of trust agreements with trustee, John Hancock Life Insurance Company, and are maintained for the purpose of this Plan. The assets of the trust are held, invested and disposed of, by the trustee, in accordance with the terms of the trust agreement, for the benefit of the participants and their beneficiaries.

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined in the Plan, subject to certain statutory limitations ($19,000 in 2019). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 in 2019. Participants may also contribute amounts representing distribution from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. Contributions are subject to certain statutory limitations.

The Plan includes an auto- enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100 percent vested after six years of credited service, except upon the death or disability of the participant, when it becomes 100% vested.

NOTE 1 - Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts. The loans are secured by the balance in the participant's account and bear interest, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce operating expenses. In 2019, there were no withdrawals for operating expenses from forfeited non-vested accounts.

Plan Operating Expenses

Plan administrative expenses are paid by the Company. Loan processing and other participant requested services fees are deducted from the accounts of participants who have requested loans or services.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Employee contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

NOTE 2 - Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentrations of Credit Risk

Financial instruments, which potentially subject the Fund to concentrations of credit risk, are investments in mutual funds with John Hancock Life Insurance Company of New York, an investment firm whose investments are not insured under the FDIC. The management of the Plan and of the Plan's Sponsor has evaluated the financial strength of the investment firm and is satisfied as to their financial stability.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

NOTE 3 - Fair Value Measurement

Fair Value Measurements in accordance with current accounting standards, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

NOTE 3 - Fair Value Measurement (Continued)

Level 1
Valuation is based upon quoted prices for identical securities in active markets.

Level 2
Valuation is based upon inputs other than quoted prices for similar securities in active markets and quoted prices for identical or similar securities in markets that are not active.

Level 3
Valuation is based upon inputs that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Mutual funds are valued at quoted market prices in an exchange and active market and are classified as Level 1 investments. Verification of the value underlying mutual funds can be confirmed on published pricing services using the symbol for the mutual fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, at fair value:	$10,619,658	$8,998,312
Net/appreciation in fair value of investments	$ 1,853,906	

NOTE 5 - Tax Status

The Plan was established in 1997 under the pre-approved non-standardized prototype document of its third-party administrator (TPA). This document was submitted to the Internal Revenue Service for a specific determination letter, the TPA, the Trustees and management of the Plan and the management of the Plan Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management continually evaluates expiring statutes of limitations, audits, proposed settlements, and changes in tax law, new authoritative rulings and its operating characteristics to comply with its status as a tax-exempt organization. Management has determined that it is more likely than not that any of the Plan's tax positions will be sustained upon examination and therefore has not recognized any liability for uncertain tax positions.

NOTE 6 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company of New York. John Hancock Life Insurance Company of New York is the trustee and record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. NOTE 8 - **Subsequent Events**

Management has evaluated subsequent events through October 15, 2020, the date which the financial statements were available to be issued. Management is not aware of any subsequent events which would require recognition or disclosure in the accompanying consolidated financial statements.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact the Plan's investments income and other Plan transactions. Other financial impact could occur though such potential impact is unknown at this time.
