BENTEX GROUP, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Note 1 - Description of Plan

The following description of Bentex Group, Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan was established by Bentex Group, Inc. (the “Plan Sponsor”) under an adoption agreement dated September 1, 1997. Dreamwave, LLC, a company that is part of the controlled group, elected to participate in the Plan. Bentex Group, Inc. and Dreamwave, LLC, together, are hereafter referred to as the “Company”. The Plan is a defined contribution plan covering substantially all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Trustees of the Plan are responsible for the administration of the Plan. The Trustees determine the appropriateness of the Plan’s investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan, not to exceed the dollar limit set by the Internal Revenue Code annually. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The plan was amended, effective August 1, 2014, to add a provision allowing Roth contributions and nonelective employer contributions.

The Company may elect to make discretionary matching contributions. During the year ended December 31, 2019, the Company elected to match 25 percent of up to 3 percent of participant eligible compensation.

Participants direct the investments of their contributions as well as Company contributions into various investment options, offered by the Plan. Participants may change the allocations of their investments daily. Contributions are subject to certain limitations prescribed by the Internal Revenue Code.

Participant accounts

Each participant’s account is credited with the participant’s contribution and allocations of (1) the Company’s discretionary contribution, (2) Plan earnings, and (3) allocations of charged administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes 100 percent vested in Company contributions after six years of credited service.

BENTEX GROUP, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of 4.25 to 6.25 percent. The interest rate is the Prime Rate, as stated in the Wall Street Journal, plus 1 percent. Principal and interest are paid ratably through payroll deductions, on an after tax-basis, and must be repaid within 5 years or up to 30 years if taken for the purchase of a primary residence.

Hardship withdrawals and in-service distributions

While a participant is employed with the Company, a participant may make withdrawals in cash of amounts applicable to a participant and employer contributions and compensation or losses thereon, subject to certain restrictions. Hardship withdrawals are allowed for qualified expenses (certain medical expenses, purchase of a principal residence, tuition payment for post-secondary education, payments to prevent eviction from a primary residence, burial or funeral expenses, and for damages to the principal residence) as defined in the plan document. Participant contributions and matching contributions can be withdrawn after attainment of age 59 ½.

Payment of benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance. For termination of service due to other reasons, a participant may receive the value of their vested account balance as a lump-sum distribution or a rollover distribution.

Forfeited accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$16,344 and \$6,448, respectively. These forfeitures will be used to reduce the Company's future discretionary matching contributions and administrative expenses.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

BENTEX GROUP, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors, custodians and other third-party service providers. See Note 3 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for the benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If the participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been established as of December 31, 2019 and 2018.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Although not required by the Plan, the Company has elected to pay some of the administrative expenses of the Plan including legal, audit and other administrative expenses. The Plan pays for investment advisory fees. Expenses paid by the Company are excluded from these financial statements. Notwithstanding the foregoing, the Company may direct that administrative expenses that are allocable to the account of a specific participant shall be paid from that participant's account. All other investment fees applicable to each investment fund are netted against the related investment income before investment income is allocated to participants' accounts.

Subsequent events

The emergence of the COVID-19 virus triggered volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred declines in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

BENTEX GROUP, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Additionally, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020 to provide economic relief in the early wake of the COVID-19 pandemic. The CARES Act allows retirement plan participants to have greater access to their savings if they are impacted by the coronavirus, as defined in the CARES Act. The following is a summary of the main provisions adopted by the Plan:

- Qualified participants impacted by COVID-19 may take penalty-free distributions, not to exceed \$100,000 during the taxable year between January 1, 2020 and December 31, 2020. Additionally, COVID-19 related distributions are not subject to the 20% federal tax withholding but are subject to a 10% federal tax withholding requirement with the option to spread the applicable income tax resulting from the COVID-19 distribution over a three-year period. The CARES Act also allows a participant who obtains a distribution to repay the distribution to an eligible retirement plan within the three-year period following the distribution to defer taxation.
- Under the CARES Act, the Plan temporarily increased the maximum thresholds for retirement plan loans under IRC Section 72(p) to the lesser of: (1) \$100,000 (increased from \$50,000), or (2) 100% (increased from 50%) of the present value of the participant's vested account balance. This is only available for plan loans made during the period from March 27, 2020 to September 22, 2020. The repayment provision for these new loans are set for January 2021. The Plan also adopted a provision for qualified participants with outstanding plan loans (on or after March 27, 2020) by allowing for a suspension of the loan payments (due from March 27, 2020 through December 31, 2020) and to be repaid by January 2021. During the suspension period, interest will continue to accrue.

The Plan has evaluated subsequent events through, October 14, 2020 the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to values based on unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability

BENTEX GROUP, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,423,880	\$ -	\$ -	\$ 6,423,880
Total investments, at fair value	\$ 6,423,880	\$ -	\$ -	\$ 6,423,880

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,903,341	\$ -	\$ -	\$ 4,903,341
Total investments, at fair value	\$ 4,903,341	\$ -	\$ -	\$ 4,903,341

BENTEX GROUP, INC. 401(K) SAVINGS PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2019 AND 2018****Note 4 - Investment Contract with Insurance Company**

The Plan is invested in a fully benefit-responsive investment contract ("Voya Fixed Account") with Voya Retirement Insurance and Annuity Company (the "Issuer"). The amounts invested, as of December 31, 2019 and 2018, were \$384,083 and \$371,992, respectively. The Issuer maintains the contributions in its general account with no maturity date. The account is credited with earnings and charged for participant withdrawals and administrative expenses.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the Issuer's ability to meet its financial obligations. The Issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Generally, there are no events that limit the ability of the Plan to transact at contract value with the Issuer. There are no events or circumstances that would allow the Issuer to terminate the fully benefit-responsive contract with the Plan and settle at an amount different from contract value.

Note 5 – Excess Contributions Payable

Amounts payable to participants totaling \$7,109, at December 31, 2019, for contributions in excess of amounts allowed by the IRS, are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 13, 2020.

Note 6 - Related-Party and Party-In-Interest Transactions

All Plan investments are managed by Voya who is the trustee, custodian and a record-keeper of the Plan's assets. The Company also utilizes another third-party record-keeper, Associated Pension Consultants, Inc. ("Associated") to provide certain other administrative services. The purchases and sales of these investments and resulting balances qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Note 8 – Non-Exempt Transactions

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions and loan repayments were not remitted to the Plan within the time frame specified by the U.S. Department of Labor's Regulation 29 CFR 2510.3-102, therefore constituting non-exempt transactions between the Plan and the Company during the 2019 Plan year.

BENTEX GROUP, INC. 401(K) SAVINGS PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2019 AND 2018**

The Company had five payroll late remittances through December 31, 2019 that amounted to \$87,609. The Company has corrected these non-exempt transactions throughout 2019 under the Self-Correction Program (“SCP”). The lost earnings on the late remittances totaled \$65.

Note 9 - Tax Status

The Company adopted a prototype defined contribution plan and trust agreement with CCH Incorporated (through Associated). The Internal Revenue Service has determined and informed CCH Incorporated, by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan’s advisors believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the authorities. The Plan’s management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 - Certification by the Trustee

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company (the trustee of the Plan).

BENTEX GROUP, INC. 401(K) SAVINGS PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2019 AND 2018****Note 12 - Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of investments as of December 31, 2019 and 2018 per the financial statements to Form 5500:
