PORTSMOUTH D&D 401k SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Portsmouth D&D 401k Savings Plan (the Plan) is provided for general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan has two components, a 401(k) component and a profit-sharing component. Both components are part of a defined contribution plan covering substantially all employees of Fluor-BWXT Portsmouth LLC (Company) who are age 21 or older. Effective January 1, 2016, the Plan was amended and restated to meet certain legal requirements relating to the Pension Protection Act of 2006 and other legislative and regulatory changes. Employees are eligible for the 401(k) component immediately after starting with the Company. Employees are eligible for the nonelective contribution component immediately after starting with the Company if they were not grandfathered into the pension plan. The Plan excludes employees that are eligible to participate in the USW Career Pension Plan for Appendix A Represented Employees, which was established on January 1, 2018, from the nonelective contribution component. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Benefits Committee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Benefits Committee.

Contributions - Each year, participants may contribute up to 60% of annual compensation, as defined in the Plan, not to exceed the limits imposed by the Internal Revenue Code (IRC). The Plan allows participants to contribute after-tax compensation in addition to pre-tax compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employer matching contributions are equal to a discretionary percentage of each participant's contribution, as determined by the Company's Benefits Committee. For the year ended December 31, 2019, employer matching contributions were 100% of participant contributions up to 3% of participant's total compensation, and beyond 3% contributions, the employer matching contributions were 50% of participant contributions up to 5% of participant's total compensation. Contributions are subject to certain limitations. There were no discretionary profit-sharing contributions made for the year ended December 31, 2019.

The Plan also contributes an additional 5.8% contribution based only on pay related to hours worked to all eligible employees, whether or not they elect to contribute. This nonelective contribution occurs in addition to any employer match received by a contributing employee.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures - Forfeited nonvested amounts can be used to reduce administrative expenses of the Plan or to reduce the Company's contributions. Forfeitures of approximately \$144,000 were used to reduce employer contributions during the year ended December 31, 2019. At December 31, 2019 and 2018, the balance in the forfeitures account was approximately \$2,000 and \$12,000, respectively.

Vesting - Participants are immediately vested in their voluntary contributions and actual earnings thereon and in employer 401(k) matching contributions. After two years of service, participants become 100% vested in the employer nonelective profit-sharing contributions.

PORTSMOUTH D&D 401k SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits - On termination of service, death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance, excluding employer profit-sharing contributions. The notes are collateralized by the balance in the participant's account and bear interest at the prime lending rate plus 1% on the note origination date. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Expenses - Since the inception of the Plan, the Company has elected to pay the administrative expenses of the Plan and the fees and retainers of the Plan's trustee, accountants, legal counsel, consultants, administrator and other specialists, except expenses relating directly to the investments of the Plan, which are paid directly by the Plan. Should the Company elect not to pay all or part of any expenses, the Plan would be required to pay these expenses. During 2018, the Plan was amended so that recordkeeping, advisory and investment fiduciary fees are charged directly to the participant's account. This amendment was effective July 2019.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by management in preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 6 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in the net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment options in any combination of mutual funds, which include investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants - These notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Recent Accounting Pronouncements - In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, which changes the fair value measurement disclosure requirements of Fair Value Measurement (Topic 820): Disclosure Framework - Change to Disclosure Requirements for Fair Value Measurement (ASU 2018-13). ASU 2018-13 is effective for annual periods beginning after December 15, 2019 and early adoption is permitted under the guidance. Plan management is currently in the process of evaluating the impact that the adoption of ASU 2018-13 will have on its financial statements.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 - TAX STATUS

The Plan has been designed under the provisions of an ADP Inc. profit sharing and 401(k) prototype plan. The Internal Revenue Service (IRS) has determined and informed ADP Inc., by a letter dated July 16, 2014, that the prototype plan utilized by the Plan is designed in accordance with applicable sections of the IRC. The Plan is operating in reliance on the prototype plan determination letter, and the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The effect of the findings from the IRS audit and the penalties incurred did not have a material effect on the financial statements. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 5 - CERTIFICATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and related notes and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan's assets.

NOTE 6 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at cost, which approximates fair value.

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. These transactions qualify as party-in-interest transactions.

NOTE 8 - SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 13, 2020, the date that the financial statements were available to be issued and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements except for the matter described in the following paragraphs.

The coronavirus pandemic could materially and adversely affect the Plan, its operations, and its performance. Government imposed quarantines have caused volatility in the performance of the investments. Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law which provides both plan sponsor and participant relief. If adopted by the Plan, key features of the CARES Act may have a significant effect on the operations of the Plan. As of the date of issuance, the Plan has adopted all provisions related to loan payment suspensions, COVID-19 related distributions, and required minimum distributions.

NOTE 8 - SUBSEQUENT EVENTS (Continued)

Management of the Plan is unable to accurately predict how the coronavirus will affect the results of Plan operations because the severity and duration of the pandemic are uncertain. However, while it is premature to accurately predict the ultimate impact of these developments, the Plan expects its results for the year ended December 31, 2020 to be materially impacted.
