Paula's Choice Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Paula's Choice Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which is sponsored by Paula's Choice, LLC (the "Company" or "Plan Sponsor") is a defined contribution 401(k) retirement plan covering substantially all employees of the Company. The Plan was established on January 1, 1998, which is the date of inception, and has been subsequently amended and restated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of 18. Enrollment occurs on the first day of the month following the date the eligibility criteria are met, at which time eligible employees are automatically enrolled in the Plan to contribute 4% of their eligible compensation, unless they elect not to participate. Participants are eligible to receive a safe harbor matching contribution after six months of service.

Contributions

Participants may elect to make pre-tax and Roth (after-tax) contributions up to 80% of their annual eligible compensation, subject to certain Internal Revenue Code ("IRC") limitations, which for 2019 were \$19,000 for participants with an additional \$6,000 permitted for participants who attained age 50 before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may direct the investment of their account balances into various investment options offered by the Plan.

The Company makes safe harbor matching contributions in an amount equal to 100% of employee deferrals, up to a maximum of 4% of an employee's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions and any income or loss thereon. Prior to January 1, 2016, the Plan allowed for discretionary nonelective contributions which vested over a five year graded schedule.

Paula's Choice Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance or \$50,000. Notes must be repaid over a period not to exceed five years pursuant to a level, fixed repayment schedule, including loans used for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Participants are allowed only one outstanding note at a time; principal and interest are paid ratably through payroll deductions. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Loans outstanding as of December 31, 2019 bear an interest rate of 6.00% to 7.50%.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant may elect to receive either a lump-sum distribution, installment payments, or partial distributions limited to two distributions per Plan year. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. If a participant's vested benefit does not exceed \$5,000 upon termination, the Plan Administrator may direct the custodian to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$5,000, then the participant must consent to the distribution before it may be made.

Forfeitures

Forfeitures are the result of unvested discretionary nonelective contributions made to the Plan prior to January 1, 2017. Forfeitures may be used to reduce employer matching contributions or pay Plan expenses. During 2019, \$4,604 of forfeitures was used to reduce employer matching contributions. Unallocated forfeitures available for future use were \$5,787 and \$4,327 at December 31, 2019 and 2018, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-requested services are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Paula's Choice Retirement Savings Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan allows participants to direct contributions into various mutual funds and collective trust funds. The underlying investment securities of these funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain underlying investment securities and the level of uncertainty related to changes in the value of the funds, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Purchases and sales of the investments within the Plan are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Common Collective Trust

The Plan invests in the MetLife Group Annuity Contract 25554 (the "Fund") which is a common collective trust sponsored by Metropolitan Life Insurance Company. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant net asset value (NAV) of \$1 per unit. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit; although there is no guarantee that the Fund will be able to maintain this value. The objective of the Fund is to provide safety and preservation of principal and accumulated interest for participant-initiated transactions.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. The Plan considers all notes receivable from participants at the end of the calendar quarter, following a calendar quarter for which there is any outstanding payment due, as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid. During 2019, no loans were deemed distributed. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Paula's Choice Retirement Savings Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate.

<i>December 31,</i>	2019	2018
Investments, at fair value	\$ 7,205,761	\$ 5,099,883
Cash	38,607	37,234

<i>Year Ended December 31,</i>	2019
Net appreciation in fair value of investments	\$ 1,055,963
Interest and dividends	265,977
Other income	231

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Paula's Choice Retirement Savings Plan

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission.

Common collective trust fund: The common collective trust is valued at NAV. The NAV, as provided by the investment manager, is used as a practical expedient to estimate fair value and therefore is not assigned to a level in the hierarchy table. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchase and sales) may occur daily and there are no restrictions. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2019 and 2018.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth by level within the fair value hierarchy the Plan investments as of December 31, 2019 and 2018:

	Investment Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,190,514	\$ -	\$ -	\$ 7,190,514
Total assets in the fair value hierarchy	\$ 7,190,514	\$ -	\$ -	\$ 7,190,514
Investments measured at NAV as a practical expedient (a)				15,247
Total Investments				\$ 7,205,761

Paula's Choice Retirement Savings Plan

Notes to Financial Statements

	Investment Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,048,150	\$ -	\$ -	\$ 5,048,150
Total assets in the fair value hierarchy	\$ 5,048,150	\$ -	\$ -	\$ 5,048,150
Investments measured at NAV as a practical expedient (a)				51,733
Total Investments				\$ 5,099,883

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participant accounts will become fully vested.

6. Tax Status

In a letter dated March 31, 2014, the Internal Revenue Service ("IRS") has determined that the volume submitter profit sharing plan used by the Plan is qualified under the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party and Party-in-Interest Transactions

The Plan paid \$48,058 to service providers that are defined as parties-in-interest under ERISA for the year ended December 31, 2019. Notes receivable from participants also qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Paula's Choice Retirement Savings Plan

Notes to Financial Statements

8. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through October 7, 2020, the date the financials were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020.
