NOTE A – PLAN DESCRIPTION

The following brief description of the Knowles Enterprises, LLC 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the plan's provisions.

1. Organization and Administration

The Plan was adopted by Knowles Enterprises, LLC (Employer) on January 1, 2016 and is a restatement of an existing retirement plan originally established January 1, 2013. The Plan is a single-employer, defined contribution plan covering all non-excluded employees of the company (excluded employees are union employees, leased employees, and non-resident alien employees) who have at least one year of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Employees may begin participating in the Plan on the earlier of January 1, April 1, July 1, or October 1 coinciding with or following the satisfaction of the eligibility requirements of one year of service. Each first day of a calendar quarter, a participant may elect to defer not more than 100% of Plan Year compensation subject to the annual dollar limit allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds and one money market fund as investment options for participants.

The Employer may make a discretionary contribution based on an employee group allocation. Each year, the Employer determines if such a payment is to be made and will determine the formula for the discretionary contribution. The Employer may also make a discretionary matching contribution equal to a uniform percentage or dollar amount of each eligible participants elective deferral each Plan Year. Each year, the Employer determines if such a payment is to be made and will determine the formula for the discretionary matching contribution. The Employer will make a safe harbor match contribution to the Plan. The amount will be 100% of salary deferrals up to 4% of Plan compensation. The Company did not make any discretionary contributions for the Plan Year 2019 or 2018. The safe harbor contributions were made.

NOTE A – PLAN DESCRIPTION – CONTINUED

3. Plan Benefits and Termination Policies

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

4. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the company's contributions and (b) plan earnings. Each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

6. Notes Receivable from Participants

Starting in the current fiscal year, participants may borrow from their fund accounts an amount not in excess of 50% of the borrower's combined vested accounts. The account balances attributable to designated Roth contributions shall be disregarded for purposes of determining the available loan amount and for purposes of securing a loan. The maximum number of loans that a borrower may have outstanding under this Plan at one time is two (2). The loan term may generally not be longer than five years. Loans made for the purchase of a primary residence may be for a longer time, but cannot exceed ten years. The loans are secured by the balance in the participant's account. Interest on the loans cannot exceed legal limits and are presently set at 6.25% or 6.5%. Principal and interest is paid ratably through payroll deductions. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance as defined above.

7. Forfeited Accounts

At December 31, 2019 and 2018 forfeited non-vested accounts totaled $0. If there are such accounts, they may be used to pay Plan expenses and then used to reduce future employer match contributions. In 2019 and 2018, $0 of the forfeiture account balance was allocated and transferred to qualifying participant accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement dates. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

4. Payment of Benefits

Benefits are recorded when paid.

5. Operating Expenses

Operating expenses of the plan are minimal. The plan sponsor paid the quarterly administrative fee for the plan, plus amending plan documents, until the plan transferred assets to a new plan administrator. Those fees totaled $3,355 and $3,444 for 2019 and 2018, respectively. The plan started paying such fees directly from plan assets with the new administrator. Other operating expenses including loads charged by mutual funds, if any, are allocated to participants.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2019, no allowance for credit losses has been recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

7. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued. During 2020 there was a worldwide pandemic from the Coronavirus. It is clear that there will be potential short and long term effects from local to global economies. It is unclear what the total of these effects will be for the Plan at the date of the auditor's report.

NOTE C – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

During 2019 and 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) were certified by the Custodian as was the appreciation (depreciation) in value which follows:

	2019	2018
Appreciation (depreciation)	$ 213,616	$ (100,381)

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

- Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan did not have any assets that are measured using level 2 or 3 methodologies as of December 31, 2019 or December 31, 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019 Level 1	2018 Level 1
Mutual Funds	$ 1,519,012	$ 1,114,077
Total	$ 1,519,012	$ 1,114,077

NOTE E – RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Equitable. Equitable is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

NOTE G – TAX STATUS

The Plan has adopted a prototype non-standardized defined contribution plan offered by the trustee. The Internal Revenue Service has determined and informed the trustee by letter dated May 25, 2012, that the prototype non-standardized 401(k) plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

NOTE G – TAX STATUS – CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

At December 31, 2019 and 2018, the Plan's investments were held by the Custodian. The investment information at December 31, 2019 and 2018 included in Note C is based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE J – EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan will distribute the 2019 and 2018 excess contributions to the applicable participants subsequent to year end.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 to Form 5500:

Net assets available for benefits per the financial statements	$ 1,464,485
Amounts payable for excess contributions	54,527
Net assets available for benefits per Form 5500	$ 1,519,012

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 – CONTINUED

Contributions per the financial statements	$ 263,993
Amount of excess contribution during the year 2019	33,680
Contributions per Form 5500	$ 297,673

Amounts contributed in excess of that allowed are recorded as a payable on the records of the Plan when identified, but are not recorded on the Form 5500 until the year the payment is made from the Plan.
