FABRIWELD CORPORATION
401(K) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2019 and June 30, 2019

1. Description of the plan

The following description of the Fabriweld Corporation 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 2012, the Fabriweld Profit Sharing Plan was renamed the Fabriweld Corporation 401(k) Profit Sharing Plan. At that same date the Plan was amended, restated and a volume submitter 401(k) profit sharing plan was adopted to allow participants to make deferred salary contributions to the Plan. The following companies are adopting employers of the Plan (the Companies): Fabriweld Corporation, Pinnacle Powder Coatings, Inc., and Allied Pedestal Boom System, LLC.

Effective July 1, 2019, the Fabriweld Profit Sharing Plan changed its fiscal year end to December 31 (previously June 30). Therefore, the statement of changes in net assets available for benefits reports changes for the six months ended December 31, 2019.

The Plan is a defined contribution plan covering all employees of the Companies who are at least 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for annual Company contributions in such amounts as the Companies shall determine, but not to exceed limitations imposed by the Internal Revenue Code as of the beginning of the Plan year.

Beginning January 1, 2012, participants may elect to make deferred salary contributions to the Plan in amounts up to the maximum percentage allowed by the Internal Revenue Code of their total pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Plan provides for vesting in the Company contributions at the rate of 20% after a year of service, increasing 20% per year thereafter.

Participant accounts

Each participant's account is credited with an allocation of (a) the Companies' contributions, (b) Plan earnings (losses), and (c) participant contributions. Allocations are based on participant earnings or account balances, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits

On termination of service or upon reaching normal retirement age, a participant may elect to receive either a lump-sum amount equal to the vested balance of his or her account, or partial withdrawals.

Forfeitures

Forfeitures are allocated to administrative expenses of the Plan and then to reduce employer contributions to the Plan. Forfeitures of terminated participants' nonvested accounts amounted to $7,313 for the six months ended December 31, 2019.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan and the annual return/report are presented under the accrual method of accounting.

Date of management's review

Subsequent events were evaluated through October 9, 2020, which is the date the financial statements were available to be issued.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Investments

Investments are reported in the statement of net assets available for plan benefits at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. *FASB ASC 820, Fair Value Measurements*, established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The fair values of all investments December 31, 2019 were measured using Level 1 inputs.

Changes in unrealized appreciation (depreciation) of investments are reflected currently in net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits. Realized gains and losses are determined based on the original cost of the assets and are also included in net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. The Plan distributed the $5,532 of excess contributions prior to March 15, 2020.

Administrative expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Companies.

Payment of benefits

Benefits are recorded when paid.

Financial instruments - concentration of credit risk

The Plan places its investments in accounts which may not be insured or in amounts which may exceed the federally insured deposit limits.

3. Information certified by Charles Schwab Trust Bank

The Plan sponsor entered into an agreement with Charles Schwab Trust Bank which established Charles Schwab Bank as the custodian of the participant-directed investments portion of the Plan. In connection with that agreement, the Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, for that portion of the plan. Accordingly, as permitted under this election, no audit procedures were performed on the participant-directed investments portion (see the Statement of Net Assets Available for Benefits and Note 7) of the financial statements and accompanying supplementary information (other than with respect to contributions and benefits paid to participants), except for comparing such information to the information certified by the custodian.

4. Net assets available for benefits

Net assets available for benefits at December 31, 2019 include $240,191 allocated to the accounts of persons who terminated employment as of or prior to those dates. The amount distributable to the former participants may be less than the above amount due to the Plan's vesting schedule.

5. Tax status

The Plan adopted a volume submitter profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the favorable opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal taxing authorities. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended June 30, 2016.

6. Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts and each participant or beneficiary will be paid the amount of their account balance in the Plan in a lump sum.

7. Risks and uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Transactions with parties-in-interest

Parties-in-interest transactions include the investment in the funds of the custodian, and related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

9. Nonparticipant-directed and participant-directed investments

Information about the significant components of the changes in net assets relating to the nonparticipant-directed and participant-directed investments as of December 31, 2019 is as follows:

	Nonparticipant Directed	Participant Directed
Changes in net assets:		
Contributions received	$ -	$ 128,615
