URBAN AIRSHIP INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

1. Description of Plan

The following description of the Urban Airship Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings and profit sharing plan established January 1, 2011 by Urban Airship Inc. DBA Airship Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. Eligibility

Employees of the Company are eligible to participate in the Plan upon employment (except employees covered by a collective bargaining agreement, nonresident aliens, leased employees and temporary employees). There are no age or service requirements to participate in the Plan.

c. Participant Contributions

Participants may contribute up to 100% of their eligible compensation, limited by requirements of the IRC. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan, excluding rollovers of after-tax employee contributions.

d. Employer Contributions

The Company may make discretionary matching employer contributions and non-elective contributions in amounts determined by management each year. There were no discretionary matching or non-elective employer contributions made during 2019 and 2018.

e. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by Fidelity Management Trust Company. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

f. Vesting

Participants are fully vested at all times in the portion of their accounts attributable to their own contributions and the earnings thereon. Participants are immediately vested 100% in all discretionary matching employer contributions.

Participants vest in the portion of their accounts attributable to Company non-elective employer contributions at a rate of 25% for each year of service. A participant is fully vested after four years of credited service or in the event a participant becomes disabled or dies.

g. Payment of Benefits

Upon reaching retirement age, a participant may be paid a distribution of all or any portion of their vested account. Upon termination of service or death, a participant or beneficiary may be paid a lump-sum amount equal to the participant's vested account balance. For balances less than $1,000, the vested balance of the participant's account can be distributed to the participant at the discretion of the Plan Administrator in a lump sum. For balances over $1,000 but less than $5,000, the Plan Administrator can elect to distribute the balance to an Individual Retirement Account on behalf of the participant.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account balance as a result of an immediate and heavy financial need, subject to a minimum withdrawal of $500. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

i. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 or 50% of their vested account balance, subject to certain other restrictions. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence in which case the term may be extended to ten years. The interest rate on participant loans is the prevailing rate for similar types of loans, and is fixed at the inception of the loan. The interest rate on outstanding loans at December 31, 2019 ranged from 4.25% to 6.50% and mature through 2024.

j. Forfeitures

The forfeited accounts of non-vested terminated participants may be used to pay administrative expenses of the Plan or to reduce future employer contributions. For the years ended December 31, 2019 and 2018, no forfeitures were utilized to pay administrative expenses. Forfeitures available to reduce future employer contributions or to pay administrative expenses were approximately $3,200 and $2,100 at December 31, 2019 and 2018, respectively.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

d. Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

e. Payment of Benefits

Benefits are recorded when paid.

f. Expenses

Administrative costs, including trustee, recordkeeping, legal and accounting fees, are paid by the Company. Direct expenses totaling approximately $4,900 and $3,900 were paid by the Plan during 2019 and 2018, respectively, representing loan and other administrative fees incurred and allocated to specific participants. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

g. New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU modifies the disclosure requirements on fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. This ASU will be effective for fiscal years beginning after December 15, 2019 with early adoption permitted. The majority of the disclosure changes are to be applied on a prospective basis. The ASU was adopted during 2019. Its adoption did not have a significant impact on the financial statements

h. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through October 14, 2020, the date the financial statements were available for issuance.

3. Investments

Plan investment assets are held by Fidelity Management Trust Company. Participants can direct their accounts among various mutual funds and a money market fund.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund and mutual funds: Valued at fair value based on quoted market prices at year end.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 510,089	$ -	$ -	$ 510,089
Mutual funds	11,687,500	-	-	11,687,500
Total investments	$ 12,197,589	$ -	$ -	$ 12,197,589

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 412,806	$ -	$ -	$ 412,806
Mutual funds	7,530,701	-	-	7,530,701
Total investments	$ 7,943,507	$ -	$ -	$ 7,943,507

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedules was provided and certified by the trustee, Fidelity Management Trust Company, as of December 31, 2019 and 2018 and for the years then ended as complete and accurate.

- Investments, at fair value
- Notes receivable from participants
- Investment income (loss)
- Interest income on participant notes receivable
- Schedule of assets (held at end of year)

7. Party-in-interest Transactions

The Plan sponsor, Urban Airship Inc. DBA Airship Inc., is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

Fidelity Management Trust Company is the trustee as defined by the Plan. Additionally, certain investment fees are paid by the trustee and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. Tax Status

Effective May 20, 2016, the Plan was restated utilizing a Fidelity Volume Submitter Plan Document. Fidelity received an advisory letter from the Internal Revenue Service ("IRS") on March 31, 2014 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt as of and for the years ended December 31, 2019 and 2018.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

10. Non-Exempt Transactions

Certain participant contributions that occurred in 2018 and 2019 were identified that were not remitted to the Plan by the Company within the time period required by the Department of Labor. These late remittances constitute non-exempt transactions as defined by ERISA. Management is working with the trustee to remit the lost earnings to the Plan.
