The Company may make profit sharing contributions to eligible employees under the terms of the Plan. The amount may vary from year to year. There were no employer contributions for the year ended December 31, 2019.

Participants direct the investments of their contributions into various investment options offered by the Plan. Profit sharing contributions are maintained in investments selected by the Plan Administrator.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts – Each participant's account is credited with the participant's contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and any qualified non-elective contributions made by the Company plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous credited service. A participant is 100 percent vested after completing three years of credited service, in accordance with the cliff vesting schedule outlined in the Plan documents.

1. Description of Plan *(continued)*

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans bear interest at a commercially reasonable fixed rate, as determined by the Plan Administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payments of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time as defined. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also provides for in-service distributions subject to conditions and limitations provided for in the plan document.

Forfeited accounts – At December 31, 2019 and 2018, there were no forfeited non-vested accounts. There were no forfeitures used to reduce employer contributions or plan expenses for the year ended December 31, 2019.

2. Significant Accounting Policies

Basis of accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting.

Uses of estimates – The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian or investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

2. Significant Accounting Policies (*continued*)

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. No allowances for credit losses has been recorded as of December 31, 2019 or 2018.

Excess contributions payable – Amount payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 and 2018 excess contributions to the applicable participants prior to March 15, 2020 and 2019, respectively.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurements and Disclosures, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements *(continued)*

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Cash and cash equivalents: Valued at cost at end of year, which approximates fair value.

Common and preferred stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds and exchange traded funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their net asset value and to transact at that price. The mutual funds and exchange traded funds ("ETF") held by the Plan are registered with the U.S. Securities and Exchange Commission ("SEC") and are deemed to be actively traded.

Fixed Annuity Contract: The Plan has an investment in a guaranteed fixed annuity contract with Nationwide Life Insurance Company ("NW"). NW maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. The net asset value ("NAV"), of the contract, included in the financial statements at fair market value as reported to the Plan by Nationwide, is $185,256 and $172,975 as of December 31, 2019 and 2018, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, the fixed contract is not fully benefit responsive due to a restriction on participant exchanges. If more than 20% of the contract liquidates in a plan year the participant is subject to a market value adjustment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements *(continued)*

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

3. Fair Value Measurements *(continued)*

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments for which fair value is measured based on the NAV per share as of December 31, 2019 and 2018 respectively.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Nationwide Fixed Annuity Contract	$ 185,256	N/A	Daily	15 Days

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Nationwide Fixed Annuity Contract	$ 172,975	N/A	Daily	15 Days

The objective of this guaranteed investment contract is to preserve the principal balance and guarantee an interest return on the investment.

4. Nonparticipant-Directed Investments

As of December 31, 2019 and 2018, the investments at fair value included both participant and nonparticipant directed investments. The nonparticipant-directed investments consist of contributions made by the Company as part of the profit sharing agreement of the Plan.

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2019	2018
Net Assets:		
Cash and cash equivalents	$ 23,018	$ 3,772
Common stocks	277,502	287,840
Preferred stocks	25,200	22,815
Mutual funds / ETFs	1,107,810	1,058,767
	$ 1,433,530	$ 1,373,194

4. Nonparticipant-Directed Investments *(continued)*

	2019
Changes in Net Assets:	
Dividends	$ 20,336
Net appreciation	269,353
Benefits paid to participants	(230,173)
Fees	(6,623)

Loan repayments received from participants	13,643
	$ 60,336

The changes in net assets noted above are included in the components of the statement of changes in net assets available for benefits.

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Nationwide Life Insurance Company ("Nationwide") and American Portfolios Financial Services, Inc. ("AP"), the custodians for the assets of the Plan. Associated Pension Consultants ("APC") is the record-keeper for the Plan. These transactions qualify as party in interest transactions. Fees paid to Nationwide and AP from the Plan in 2019 were $565 and $4,222, respectively. During 2019, recordkeeping fees paid to APC amounted to $2,525.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subjected to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and related trust is tax-exempt.

7. Tax Status *(continued)*

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to us as complete and accurate by Nationwide, the custodian of the participant directed assets.

	2019	2018
Investments at fair value	$ 1,184,666	$ 932,684

In addition, for the year ended December 31, 2019, $171,880 in net appreciation in fair value of investments has been prepared and certified to us as complete and accurate by the custodian.

10. Reconciliation of Financial Statements to Form 5500

11. Subsequent Events

The Plan evaluated subsequent events through October 5, 2020, the date these financial statements were available to be issued. Except for the items discussed below, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

11. Subsequent Events *(continued)*

On January 1, 2020, the Plan was amended to include a matching contribution to eligible employees of 100% of each participant's elective deferral not to exceed 4% of compensation.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in declines in the value of investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
