October 13, 2020

To the Plan Administrator and Benefit Committee of the
Genesee & Wyoming, Inc. 401(k) Savings Plan:

We have conducted a DOL limited-scope audit of the financial statements of Genesee & Wyoming, Inc. 401(k) Savings Plan (the Plan) for the year ended December 31, 2019 and have issued our report thereon dated October 13, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 1, 2020. Professional standards also require that we communicate to you the following information related to our audit:

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices
Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019. We noted no transaction entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates that we consider particularly significant to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit
We encountered no significant difficulties in dealing with management in performing and completing our audit.

SIGNIFICANT AUDIT FINDINGS (Continued)

Corrected and Uncorrected Misstatements
Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements.

Disagreements with Management
For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations
We have requested certain representations from management that are included in the management representation letter dated October 13, 2020.

Management Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters
This information is intended solely for the use of the Plan Administrator and Benefit Committee and management of Genesee & Wyoming, Inc. 401(k) Savings Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF PLAN

The following description of the Genesee & Wyoming Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a participant-directed defined contribution plan for certain employees of Genesee & Wyoming Inc. (the Company), on January 1, 1994. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company sponsors the Plan and the Benefit Committee administers the Plan. Fidelity Management Trust Company is trustee of the Plan's assets and provides recordkeeping services.

Eligibility

Under the provisions of the Plan, all employees of the Company on November 1, 1993, except for those employed under collective bargaining agreements, became Plan participants. All other employees, except for those employed under collective bargaining agreements that have not separately bargained to be allowed to participate, become eligible to participate in the Plan on the first day of the month following their date of hire. Employees become eligible to receive employer-matching contributions on the first day of the quarter following the completion of one year of service.

Contributions

The Plan allows for participant contributions up to 100% of their total compensation on a pretax basis (Compensation Deferral), not to exceed the maximum contribution limit established by the Internal Revenue Code (IRC). The Company contributes to the Plan for non-union employees an amount equal to 100% of the employee's Compensation Deferral, not to exceed 4% of the employee's pretax compensation. The Company contributes amounts to the Plan for collectively bargained employees in accordance with matching formulas specifically agreed to in those collective bargaining agreements.

The Company may contribute an additional amount to the Plan as determined by the Board of Directors, based on the earnings of the Company, although the Company has no obligation to do so. No discretionary contributions were made in 2019 or 2018. Participant and Company contributions and earnings attributable thereto are immediately fully vested and are not subject to forfeiture.

Participant Accounts

Participants direct the investment of their contributions and the Company's matching and discretionary contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of (a) the Company's discretionary contributions and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in all contributions and earnings thereon credited to their account.

1. DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their contributions, employer matching contributions and actual earnings thereon.

Benefits Paid to Participants
Upon retirement, death, disability or termination of service, a participant receives a lump-sum distribution equal to his or her vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a principal residence. The loans are secured by the participant's account and bear interest at the prime rate plus 2% on the date the loan is issued from the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. The net appreciation (depreciation) in fair value of investments consists of both realized and unrealized gains or losses on the Plan's investments bought, sold, and held during the year.

Fair Value Measurements - Definition and Hierarchy
Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements - Definition and Hierarchy (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company. Distribution and loan fees are charged directly to the participants for the transactions and are paid out of the proceeds of the distribution or loan.

Notes Receivable from Participants

Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Notes receivable from participants, shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
b. Investments at fair value, shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
c. Investment income (loss) as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.
d. Interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.
e. The Schedule of Assets (Held at End of Year) as of December 31, 2019 [Schedule I].

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Investments in registered investment companies	$174,553,396	$ -	$ -	$174,553,396
Money market funds	4,541,514	-	-	4,541,514
	$179,094,910	$ -	$ -	$179,094,910
Collective trust fund, at net asset value *(a)*				289,121
Total investments at fair value				$179,384,031

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2018:

	Level 1	Level 2	Level 3	Total
Investments in registered investment companies	$138,689,663	$ -	$ -	$138,689,663
Money market funds	5,224,099	-	-	5,224,099
	$143,913,762	$ -	$ -	$143,913,762
Collective trust fund, at net asset value *(a)*				233,967
Total investments at fair value				$144,147,729

(a) Certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodology used for assets measured at fair value. During 2018, the Plan offered a collective trust fund investment, for which the valuation method is described below. There were no other changes in the methodologies used at December 31, 2019 and 2018.

Investments in registered investment companies: valued at fair value based on quoted market prices.

Money market funds: valued at fair value based on quoted market prices.

4. FAIR VALUE MEASUREMENTS (Continued)

Collective trust fund: valued at the NAV of units of the bank collective trusts. The NAV, as provided by the trustee of the funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee of the funds reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner, which is not probable of occurring at December 31, 2019.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2019 and 2018. Participants are prohibited from directing investments into a competing fund without first investing in a non-competing fund for at least ninety days.

	December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$ 289,121	N/A	Daily	None

	December 31, 2018			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$ 233,967	N/A	Daily	None

5. TAX STATUS

The Plan obtained its latest determination letter on January 18, 2017 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

6. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such complete discontinuance of contributions or termination of the Plan, the value of the participants' accounts will be distributed to such participants or their beneficiaries from net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments consist of units in investment funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company manages these investments and, therefore, these transactions qualify as party-in-interest as defined by ERISA. Additionally, certain plan assets consist of notes receivable from participants, which qualify as party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31:

9. SUBSEQUENT EVENTS

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market prices of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

9. SUBSEQUENT EVENTS (Continued)

On March 27, 2020, the President of the United States of America signed into law the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which laws allow changes to the Plan to, among others, expand distribution options, increase the limit on the amount a qualified individual may borrow from an eligible retirement plan, and permit a plan sponsor to provide qualified individuals up to an additional year to repay their plan loans. Effective with an amendment dated August 6, 2020, the Plan was amended to, among other changes, expand the criteria for allowable disaster distributions, increase the limitation on loan amounts to $100,000, and allow for the deferral of loan payments for up to twelve months. The aforementioned optional features within the CARES Act were adopted subsequent to year-end and other provisions are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect any further operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Subsequent events have been evaluated through October 13, 2020, which is the date the financial statements were available to be issued.
