FINANCIAL RESOURCES FEDERAL CREDIT UNION 401(K) PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 DESCRIPTION OF PLAN

The following description of Financial Resources Federal Credit Union 401(k) Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 2001. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective January 1, 2020. The Plan excludes leased employees, nonresident aliens, employees covered by a collective bargaining agreement, and independent contractors regardless of any subsequent or retroactive reclassification. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of Financial Resources Federal Credit Union (the Credit Union) are eligible to participate in the deferral components of the Plan on first day of each calendar month following the date of employment. Participants are eligible for the safe harbor matching contribution immediately upon completing a year of service. Participants are eligible for the discretionary profit sharing contribution on the first day of the first and seventh month of the Plan year once they have completed a year of service.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage or flat dollar amount, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, on the first day of the month following the completion of a year of service, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Participants who are automatically enrolled will also have their contribution amount automatically increase by 1% each year until the participant reaches 6%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Credit Union makes safe harbor matching contributions to the Plan and may elect to make a discretionary profit sharing contribution to the Plan. For the years ended December 31, 2019 and 2018 the safe harbor matching contribution was 100% of the first 6% of a participant's eligible compensation deferred that a participant contributions to the Plan. There was no profit sharing contribution for the years ended December 31, 2019 and 2018.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Credit Union's contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the safe harbor matching contribution plus actual earnings thereon. Vesting in the discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on the schedule below:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses or are used to reduce future Credit Union contributions. Forfeited nonvested accounts as of December 31, 2019 and 2018 totaled \$3,837 and \$891, respectively. There were no forfeitures used to pay administrative expenses for the years ended December 31, 2019 and 2018. Forfeitures of \$7,394 were used to reduce Credit Union contributions for the year ended December 31, 2019. There were no forfeitures used to reduce Credit Union contributions for the year ended December 31, 2018.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Credit Union and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassification

Certain amounts in the prior period have been reclassified to conform to the current year's presentation. These reclassifications have no effect on previous reported net assets available for benefits.

Subsequent Events

Effective January 1, 2020, the Plan was amended to change the auto enrollment date from the first payroll following the completion of 12 months of service to the first day of each calendar month following the date of employment.

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Voya Retirement Insurance and Annuity Company (Voya), the insurance company of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of the fair value of investments, net appreciation (depreciation) in fair value of the investments, and interest income reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2019. Notes receivable from participants and related income on notes receivable from participants are not certified.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

FINANCIAL RESOURCES FEDERAL CREDIT UNION 401(K) PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There was a change in valuation methodology of the pooled separate accounts and the investment contract account from the December 31, 2018 financial statements. The pooled separate accounts were previously presented as valued using NAV as a practical expedient. Management re-assessed the valuation method based on new information available and determined the pooled separate accounts have a readily determinable fair value for both reporting periods. The investment contract account was previously determined to be fully benefit responsive and reported at contract value. Management re-assessed the valuation method based on new information available and determined the investment contract is not fully benefit responsive and should be classified as a level 3 fixed interest account valued at fair value.

Pooled Separate Accounts: Investments in the pooled separate accounts are valued using the net asset value (NAV) of units, as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily.

Fixed Interest Account: Based on the cumulative value of the underlying portfolios and wrapper contracts. The fair value of the wrapper contracts provided by the guaranteed investment contract is the present value of the difference between the current wrapper fee and the contracted wrapper fee. The fees and discount rate are also directly observable inputs. The prices for securities held in the underlying portfolios are primarily obtained from independent pricing services.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

FINANCIAL RESOURCES FEDERAL CREDIT UNION 401(K) PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Credit Union contributions.

NOTE 7 PLAN TAX STATUS

The Plan adopted a Prototype Nonstandardized Plan which received a favorable opinion letter dated March 31, 2014, which stated that the form of the prototype plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya, the insurance company of the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Variable Annuity Account D is a pooled separate account, as classified in the financial statements included herein. The pooled separate account did not file a Form 5500 for the direct filing entity, therefore, the underlying assets have been reported on Form 5500, Schedule H.
