INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Weber Metals, Inc. Savings and Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Weber Metals, Inc. Savings and Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Great-West Life & Annuity Insurance Company (Great-West Life) and Great-West Trust Company, LLC (Great-West Trust), the custodians of the Plan and Capital Bank & Trust Company (Capital Bank), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians and the trustee held the Plan's investment assets and executed investment transactions. The plan administrator has obtained certifications from Great-West Life and Great-West Trust as of December 31, 2019, and for the period October 4, 2019 to December 31, 2019, and from Capital Bank as of December 31, 2018, and for the period January 1, 2019 to October 4, 2019, that the information provided to the plan administrator by the custodians and the trustee is complete and accurate.

Disclaimer of Opinion

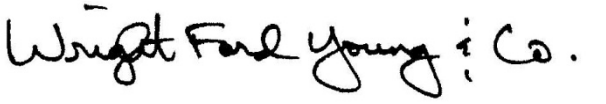

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2019, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians and the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

WEBER METALS, INC. SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

1. DESCRIPTION OF PLAN

The following description of the Weber Metals, Inc. Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-union employees of Weber Metals, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 21 years of age are eligible to participate in the Plan on the first of each month, following the completion of 60 days of service. Subsequent to meeting the eligibility requirements, employees are automatically enrolled in the Plan at a 3% deferral rate unless they elect a different rate or to opt out. Employees must have completed one year of service, defined as 1,000 hours, in order to be eligible for the Company's matching and discretionary profit sharing contributions.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute an amount up to 100% of eligible pre-tax or post-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make discretionary matching and/or profit sharing contributions as determined each year by the Company's management. For the year ended December 31, 2019, the Company matched 25% of the participant's deferral, up to the first 6% of eligible compensation deferred. For the year ended December 31, 2019, the Company did not make any discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary employer matching contributions and allocations of the Company's profit sharing contributions (as applicable), Plan earnings, plan expense reimbursement credits and transaction specific expenses (as applicable). Allocations are based on the participant's eligible compensation, participant contributions, investment elections, specific participant transactions and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN – (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity, or annual installments. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All account balances exceeding $1,000, but not exceeding $5,000, may be rolled into an Individual Retirement Account. All vested account balances not exceeding $1,000 may be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdraw all or part of their deferral contributions in the event of financial hardship.

Vesting

Participants are immediately vested in their salary deferral contributions, employer matching and profit sharing contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. Participants may only borrow from their fund accounts in the event of a financial hardship, as defined in the plan document. The loans are secured by the balance in the participant's account. The interest rate will generally be the prime interest rate charged by banks as published by the *Wall Street Journal* on the first day of each month plus 1 percent. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued. See Note 12.

Other Income

Other income includes reimbursements from a Plan custodian under a plan expense reimbursement arrangement. These reimbursements may either be used to pay Plan expenses or allocated to participants' accounts.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

3. FAIR VALUE MEASUREMENTS – (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Common/collective trust: The common/collective trust is composed primarily of fully benefit-responsive investment contracts contained in a collective trust and is valued at the NAV of the units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Certain events would limit the ability of the Plan and the trust to transact at fair value. The Plan Administrator does not believe that any such events are probable of occurring.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Description	Total	Level 1	Level 2	Level 3
December 31, 2019				
Registered investment companies	$ 22,782,526	$ 22,782,526	$ -	$ -
Total assets in fair value hierarchy	22,782,526	$ 22,782,526	$ -	$ -
Investment measured at net asset value [(a)]	8,372,153			
Total investments at fair value	$ 31,154,679			

3. FAIR VALUE MEASUREMENTS – (Continued)

Description	Total	Level 1	Level 2	Level 3
December 31, 2018				
Registered investment companies	$ 17,286,838	$ 17,286,838	$ -	$ -
Total assets in fair value hierarchy	17,286,838	$ 17,286,838	$ -	$ -
Investment measured at net asset value [(a)]	9,896,409			
Total investments at fair value	$ 27,183,247			

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

In regards to the classification of investment options offered by the plan, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended December 31, 2019. The nature, risks and investment objectives of the investments above, including those for which fair value is estimated using the NAV as a practical expedient, can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. As of December 31, 2019, there were no unfunded commitments associated with any of these investments.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2019, the Plan held an investment contract, the Key Guaranteed Portfolio Fund, with Great-West Life. This investment contract met the fully benefit-responsive criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully-benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Net deposits invested in the Key Guaranteed Portfolio Fund become part of Great-West Life's general account. Contract value is guaranteed by the full faith and credit of Great-West Life. The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the contract issuer, but it may not be less than 0%. The crediting interest rate is reset quarterly. The contract cannot be terminated before the scheduled maturity date.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY – (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the plan participants are probable of occurring.

In addition, certain events allow the contract issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA.

6. TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has since been amended and restated. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS AND TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life and Great-West Trust, the custodians of the Plan and Capital Bank, the trustee of the Plan, have certified to the completeness and accuracy of :

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.
- Net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year).

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. During 2019, certain Plan investments were managed by Capital Bank, the trustee and Great-West Life and Great-West Trust, the custodians. During 2019, the Plan paid $50,961 in plan fees and administrative expenses. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expense of the Plan, including audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

The Plan has an expense reimbursement arrangement with its custodians and trustee whereby a certain percentage of revenues are remitted back to the Plan to be held in an expense reimbursement account. This account can then be used to pay eligible plan expenses and, if applicable, allocated to participants who are invested in certain funds. During the year ended December 31, 2019, the Plan's expense reimbursement account received $62,875 from the custodians and trustee, used $48,704 to pay a portion of the Plan's expenses and allocated $7,501 to eligible participants. At December 31, 2019 and 2018 there was $6,670 and $0, respectively, in available credits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2018:

	2018
Net assets available for benefits per the financial statements	$ 27,569,739
Add corrective distributions payable per the financial statements	45,766
Less participant contributions receivable per the financial statements	(74,463)
Less employer contributions receivable per the financial statements	(12,670)
Net assets available for benefits per the Form 5500	$ 27,528,372

The following is a reconciliation of the net increase per the financial statements to the net income per the Form 5500 for the year ended December 31, 2019:

Net increase per the financial statements	$ 4,280,282
Less prior year corrective distributions payable per the financial statements	(45,766)
Add prior year participant contributions receivable per the financial statements	74,463
Add prior year employer contributions receivable per the financial statements	12,670
Net income per the Form 5500	$ 4,321,649

11. PROHIBITED TRANSACTIONS

During the Plan years ended December 31, 2018 and 2016, the Plan Sponsor inadvertently failed to deposit $184,550 and $348,845, respectively, of participant deferrals and payments on notes receivable from participants within the required timeframe as stated by Employee Retirement Income Security Act of 1974 (ERISA). These deferrals and payments on notes receivable from participants were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The Plan Sponsor calculated and remitted lost earnings on the 2016 and 2018 remittances in September 2019 and January 2020, respectively. The Plan Sponsor does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.

12. SUBSEQUENT EVENTS

In March 2020, the World Health Organization classified the recent coronavirus (COVID-19) outbreak as a pandemic. As a result of the spread of COVID-19, economic uncertainties have arisen which are likely to negatively impact the Plan's investments. Other financial or operational impacts could occur although it is uncertain at this time.

The Plan has implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which amongst other features, allow certain eligible individuals to receive coronavirus-related relief by deferring loan repayments, suspend required minimum distributions, and delay the commencement date for required minimum distributions. These features within these acts were adopted subsequent to December 31, 2019.
